Issue 20

Special Update from the U.S. Postal Service

January 12, 2015

CONTENTS

[Processing Delay of December 2014 Electronic Fund Transfer Payments](#)

USPS Suppliers,

You are receiving this newsletter from the Postal Service as you have registered your interest to do business with the Postal Service or your e-mail is on file as a point of contact for a current or past contract. Please share this newsletter with your colleagues within your company as it contains important supplier related information about the Postal Service.

As part of our communications plan to keep our suppliers fully informed of all major initiatives affecting them, please see the recently released information from the U.S. Postal Service.

This issue is simultaneously being sent to USPS Supply Management employees for their information.

Thank you!

Processing Delay of December 2014 Electronic Fund Transfer Payments

Will be included in the 1099s for calendar year 2015

There was a delay in processing end of December Electronic Fund Transfer (EFT) payments. As a result, EFT payments scheduled for December 31, 2014 were paid on January 2, 2015. Based on IRS bulletins, IRS Form 1099, as well as the industry standard for reporting payments to independent contractors as non-employee compensation, a Form 1099 is required to reflect all payments made during that specific year. In this

case, the payments made by the Postal Service on January 2, 2015, are required to be included in the 1099s for the calendar year 2015.

We apologize for any inconvenience caused by the delay in the December payments.
