Sourcing Overview

The Coupa Sourcing Response Portal is a free tool for suppliers to access and manage USPS sourcing events. This guide will help walk through how to use, manage, and respond to an event. Please note that the information in this guide starts *after* access to the system has been established and user has a username and has created a password. Please note that there is an additional QRG explaining how to access the Sourcing Response Portal.

Logging in to the Sourcing Response Portal

From an invitation email, or directly using the URL: https://ebuyplus.coupa.com/sessions/supplier_login log in to the Sourcing Response Portal

Use the information from the initial email (username) and the password you created to access the sourcing system

1. **Username:** The username in the invitation email.
2. **Password:** The password you created for in the previous step.
3. **Sign In:** Click the Sign In button to access the Sourcing Response Portal.

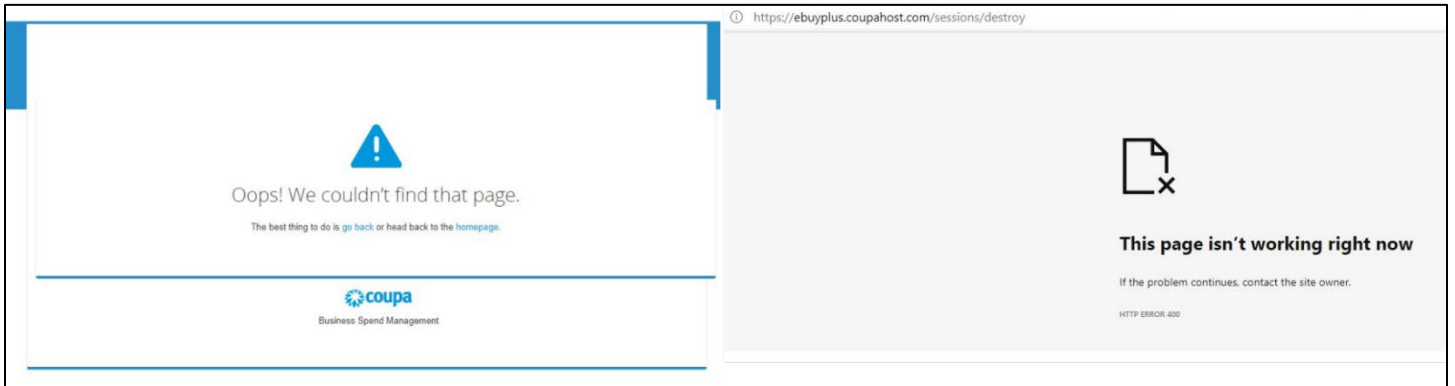

NOTE: You can access events in two ways:

Quick Reference Guide

Sourcing Events for Supplier

1. Directly from invitation emails where you will be taken directly into the Event Info page for that event.
2. By logging in through the URL: https://ebuyplus.coupa.com/sessions/supplier_login where you will be taken to the Supplier Response Portal home page.

If you are able to successfully log on but receive errors similar to the below:

Sometimes browsers can retain login information that can cause issues logging into the portal.

Please attempt to log in using a new incognito window (if using Chrome) – just right click on the View Event button and the option will appear.

Or open it in a private (for IE) or different browser than being used for CSP, that should correct this issue.

Sourcing Event Info

Event Info

When you access an event, certain information will be visible to you before you agree to participate in the event.

The screenshot displays the 'RFX Sample Event 2 - Event #103 Active' page. It features an 'Event Ends' timer showing 13:04. The 'Event Info' section includes a message from USPS and a participation intent question with a checked box. Below this is the 'Accept Terms and Conditions' section with radio buttons for 'Yes' and 'No', and a 'Send to Event Owner' button. The 'Event Information & Bidding Rules' section states that responses are viewable by the buyer. The 'Buyer Attachments' section includes a PDF attachment. The 'Timeline' section shows an event start on Dec 1 at 12:17 PM and an event end on Dec 14 at 05:00 PM. An 'Enter Response' button is located at the bottom right.

Review these key areas:

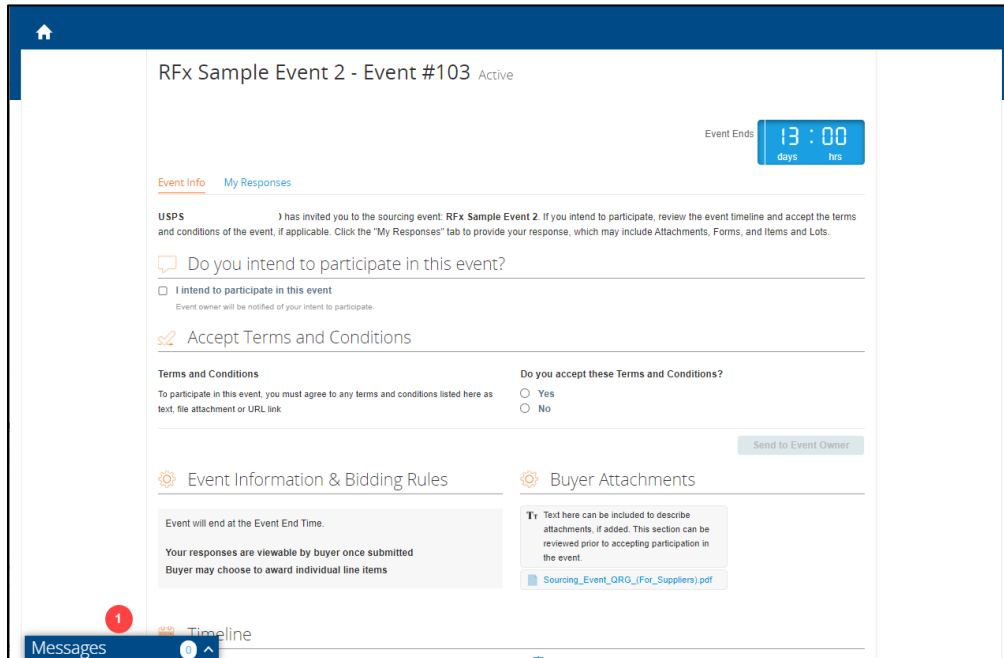

1. **Event Countdown timer:** This will provide a countdown for time left in the event.
2. **Do you intend to participate in this event?** If you choose to participate, ticking this box will notify USPS of your intention.
3. **Terms and Conditions:** Event Terms and Conditions must be accepted before you are able to participate in the event.
4. **Send to Event Owner:** Once you click the radio button to Accept T&C, or Decline with comments, the Send to Event Owner button will activate. You must click this button before you can proceed into the event.
5. **Event Information & Bidding Rules:** Information for the event
6. **Buyer Attachments:** Information on the event (for example, a QRG), can be included to provide additional information on the event or how to navigate the platform.
7. **Timeline:** Indicates the timeline for the event.
8. **Enter Response:** When T&Cs are accepted and sent to event owner, the Enter Response button will activate.

Message Center

Once you access an event, the Message Center will appear in the lower left-hand corner on each tab.

1. **Message Center:** The Message Center is a chat feature you can use within each event to communicate with the Event Owner.

Expand the Message Center to type a message.

1. **Message Center Text Box:** Compose your message or question here.
2. **Send Message:** Click to submit the message.

Responses to the chat will update the Message Center.

Quick Reference Guide

1. **Message Center Count:** A count of messages sent and received.
2. **Chat History:** Messages sent and received will be tracked.

Note: You will receive notifications of updates in the Message Center via email. Messages you send will be sent only to the Event Owner, however the Event Owner can choose if they respond only to you or multiple/all suppliers.

Quick Reference Guide

Submitting a Response to Attachments

If your event has attachments, they will be included here.

The screenshot shows a user interface for managing attachments. It is divided into two main columns: 'Provided by CO/Buyer TEST' and 'Your response'. The 'Provided by' column contains a header 'Attachment name will be here', a section titled 'Instructions' with a red circle '1' next to it, and a section titled 'Attachment' with a file named 'Event_Attachment.docx' and a red circle '2' next to it. The 'Your response' column contains a header 'Response to Attachment name will be here' and a section titled 'Attachment' with a red circle '3' next to it, containing a blue 'Add File' link.

Attachments can be included to inform or gather additional information from you. Informational attachments can be downloaded and reviewed. If the attachment is to be completed, you will download, complete, then upload under Your response in the Attachments section.

1. **Instructions:** Any instructions regarding the attachment will be listed
2. **Attachment:** Download the attachment from here.
3. **Your response Attachment:** Upload attachment responses (if needed) here. Note that if a response is required, a red asterisk (*) will appear in the section.

To upload attachments:

Click the blue File hyperlink under Attachment

Click browse

Locate the file to upload and click to populate the File Name field in the popup

Click Open

Continue to perform these steps to add additional documents and always confirm attachments are correct before submitting response.

Quick Reference Guide

Submitting a Response to Forms

The forms section may include additional questions for you to complete

The screenshot shows a web form interface. At the top, there's a header 'Forms' with a document icon. Below it, a sub-header '1. Form for event 98 - 1'. The main content area starts with the instruction 'Please answer the questions below.' The first question is 'Supplier check box question' with a checked checkbox, marked with a red circle '1'. The second question is '* Supplier Drop Down example' with a dropdown menu showing 'Option 2', marked with a red circle '2'. Below this is a note: 'This is a required field as indicated by the red asterisk'. The third question is '* Supplier Conditional field' with a text input field containing 'text', highlighted in green, marked with a red circle '3'. Below this is a note: 'will only appear if certain answers are given'. At the bottom right, there is a blue 'Save' button, marked with a red circle '3'.

Forms can contain many different response options (Check box, drop downs, attachments, text field) and some can be conditional. Note that if a response is required, a red asterisk (*) will appear next to the field.

1. **Form Fields:** A collection of additional information being collected.
2. **Conditional Form fields:** Conditional fields will not appear unless a preceding question is answered in a way that requires more information. A conditional field will highlight in green when it is triggered.
3. **Save:** Save updates to your form when completed.

Submitting a Response to Items and Lots

All Items, lots, and services will be listed here.

Items and Lots					
Name	Expected Qty		3 My Price		Price x Expected Qty >
Lot: Lot of items grouped together	1 Lots	x	=		0.0000 USD
Items grouped into a lot	100.0000 per Lot (EACH/PIECE)	x	*	<input type="text"/>	0.00 USD
Second item grouped into a lot	1.0000 per Lot (EACH/PIECE)	x	*	<input type="text"/>	0.00 USD
Items Not In Lots (2 items)					0.0000 USD
Items and lots are here	100.0000 (EACH/PIECE)	x	*	<input type="text"/>	0.00 USD
Services are also listed here	1.0000 (EACH/PIECE)	x	*	<input type="text"/>	0.00 USD
					4 Total 0.00 USD

1. **Lots:** Items and services that must be bid on together as a lot are grouped together under the Lot name and identified by the header grouping.
2. **Items and Services Not in Lots:** Items and services that can be bid on individually.
3. **My Price:** Your bid for item or service.
 - Please ensure item (quantity-based lines) bids are for each unit. The system will calculate the total for you.
 - For service (amount-based lines) bids are for the entire value of the service (not hourly values).
 - For items you do not want to bid on, please put a zero in the bid or you will not be able to submit your response:

* Item price is required.					
Second item grouped into a lot	1.0000 per Lot (EACH/PIECE)	x	*	<input type="text"/>	0.00 USD

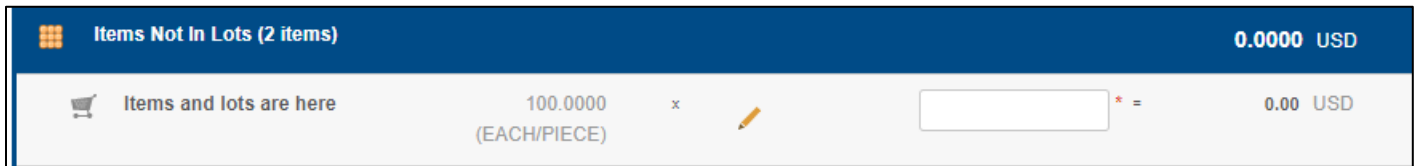

4. **Total:** The total amount of your response is calculated at the bottom of the screen.

Items and Lots Required Fields

Your event can have different required fields to be populated for each item, lot and service. To view which fields are required on screen, hover over any line and you will see a pencil icon

The screenshot shows a table header "Items Not In Lots (2 items)" with a total of "0.0000 USD". Below the header, a line item is displayed: "Items and lots are here" with a quantity of "100.0000 (EACH/PIECE)" and a price of "0.00 USD". A pencil icon is visible next to the quantity field, indicating that the item can be edited.

Clicking on the item will expand it and show all available fields.

The screenshot shows the expanded form for the item "Items and lots are here". The form is divided into several sections:

- Item Requested:** "Items and lots are here"
- Ship To:** (Empty field)
- Item Details:**
 - Manufacturer Name:** (Empty field)
 - Manufacturer Part Number:** (Empty field)
 - Item Description:** (Empty field)
- Expected Quantity:** "100.0000 EACH/PIECE" with a multiplier "x"
- My Price *:** (Empty field with a red asterisk indicating a required field)
- Line Total:** "= 0.00 USD"

Below these fields, there are several input boxes:

- Your Item Name:** "Enter your item or service name"
- Lead Time:** "Lead Time" (Empty field) with a "Days" label
- ID/Part Number:** "Enter an ID or part number"
- Description:** "Enter your item or service description" (Large text area)

At the bottom, there is an "Add Image" button with the text "Add image in GIF, JPEG, or PNG formats" below it. There is also a link "Click to view" under "Attachments" and a "Form" label. At the bottom right, there are "Cancel" and "Save Item" buttons.

Information that you can add will be in a text box.

Note that if a response is required, a red asterisk (*) will appear next to the field. You can refine responses multiple times prior to submission.

Export Items and Forms to Excel

If you prefer to manage your responses to forms and items offline, you can download an excel template.

A template will open, and you can input all required and any additional information into the Excel file

The image shows an Excel spreadsheet template. At the top left is the Coupa logo. Below it, there are instructions: 'The White Cells below are your entry fields. You can upload this file to save the information you entered in the editable cells to your response. NOTE: This Excel file is locked to ensure it uploads correctly, and you must still click "submit" after uploading to submit!'. The spreadsheet has columns for 'Field Name', 'Required', 'Your Responses', 'Quantity', 'UOM', 'Information / Hints', 'Field Type', and 'Need by date'. It contains several sections for 'Lot', 'Second item grouped into a lot', 'Items Not in Lots', and 'Services are also listed here'. Each section has a 'Your Unit Price' field and a 'Currency' field. A red circle with the number '2' is placed over the 'Your Responses' column header, and another red circle with the number '1' is placed over the 'Your Unit Price' field in the 'Services are also listed here' section. The bottom of the spreadsheet shows a tab labeled 'Item Pricing' and another tab labeled 'Forms'.

The template will have read only sections in blue and editable white sections for you to provide your response. Ensure that you have clicked Enable Editing in you Excel file. Altering any part of the template structure will result in upload failures.

1. **Tags:** You can enter information for both items and tabs in the Excel file.
2. **Your Responses:** This is where you'll enter your response information. If a response is required, a Y with an asterisk (*) will appear in the Required column next to the field. Please note that if you have already entered responses in the system, they will be included here.

Note: before attempting to utilize the upload, it's recommended to complete one item update on screen to ensure you know what data is required for the field.

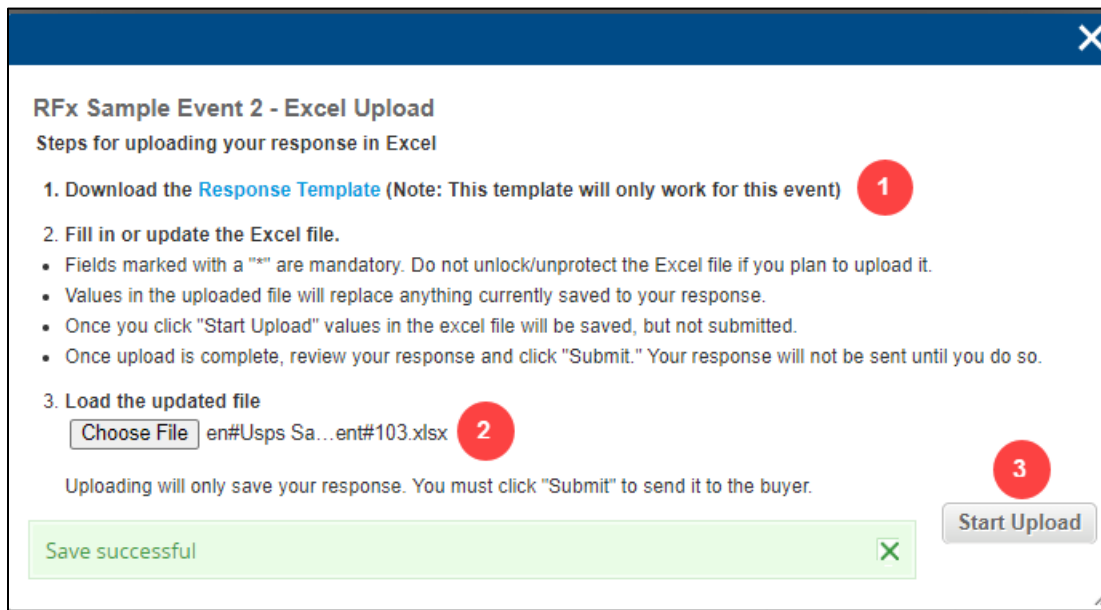

Quick Reference Guide

Uploading the Item and Form Template

Once the Excel template has been completed, you can upload to the event.

Once you click the Import from Excel button you will be routed to an upload popup screen.

1. **Download Response Template:** This will download the same template as the Export to Excel button in case you are attempting to upload without using the formatted template.
2. **Choose File:** Click the button to upload your completed template.
 - o Click Choose File
 - o Locate the file to upload and click to populate the File Name field in the popup
 - o Click Open
3. **Start Upload:** Click load the template to your event response page.

Note: You can upload multiple times if needed.

Note: If you experience issues uploading ensure that you have downloaded the template for the event (they will be unique), that all required information is included, and that values of the fields are correct.

FAQ's

1. Why doesn't this QRG go through how to access the new platform or reset my password?

For ease of use. We wanted to have smaller, focused guides for specific issues. This guide has details on how to use the platform after you've successfully logged in, the other QRG will help with any access issues. The Accessing Sourcing Events (for Suppliers) QRG is embedded below for reference.

2. I have filled in all my responses but the Submit Response to Buyer button is grayed out.

Please check directly above that button to see if there is a tick box next to I have reviewed the changes to this event. If there, this indicates that the event has been edited. If not ticked, tick that box and the button will activate. Please refer to the Revised Event section for more detail.

3. I have been invited to a new event but responses I made to a previous event are already populated.

This is a normal function of a Follow-on event. These events are linked to the original event and thus inherit original responses. Your responses can be retained or modified as needed.

4. Why am I not able to submit my response?

Please check for the following common issues:

1. Confirm that all required fields are filled out – they will have a red asterisk (*) next to each required field.
2. Ensure you scroll to the top of your event to see if there is a red banner with a notification of something required that is not included.
3. If the red banner appears but is non-specific stating there was a validation error, please expand the items in the UI or export to Excel. There is a missing required field in the items.

5. I keep getting a Validation Error that says I can only enter integers for a field.

For some fields, like Lead Time, you can only enter number values. You may need to ensure that no alphanumeric or spaces are in your response. It may be helpful to download to Excel and review the required fields to ensure that your responses contain only numbers

6. Why is my Upload from Excel failing?

Double check that all required fields are filled in. Please note that some fields require only integer values. You can always test one item in the UI.

7. What happens if I begin responding in the UI and then decide to complete in the Excel download?

The download will contain all the information you've already input. If you leave those sections blank and only update additional information, whatever you put in the UI will be retained. I

8. Why can't I see my events in the Sourcing tab in CSP?

That tab in CSP is for *public* sourcing events. USPS does not participate in public events. The Coupa Supplier Portal is used to manage Orders and Invoicing. The Sourcing Response Portal is used only for events and is more tightly protected than CSP.

9. Why do I get a Permission Error when trying to log out?

That means you clicked on your name instead of hovering over it to get the drop down. This means you don't have access to some features in the system and is normal behavior. This does not affect your response in any way.
