Certificate of Bulk Mailing — International service is available only at the time of mailing and is used to specify only the number of identical-weight pieces mailed; it does *not* provide evidence that a piece was mailed to a particular address. This certificate is available for international mailings using postcards, unregistered First-Class Mail International® Letters and Flats, unregistered First-Class Package International Service® items, Free Matter for the Blind, and Airmail M-bags.

A certificate of bulk mailing is not available in combination with Registered Mail™ items or insured parcels.

1. Complete all forms in ink.
2. Pay postage as appropriate — affix meter, PC Postage®, or (uncanceled) postage stamps in payment of total fee due in the postage box, or if paying fee by permit imprint, enter information in the postage area at the top right of the form.

3. Present the completed PS Form 3606 to a Post Office™ facility at the time of mailing — if the mailing contains 50 or more items or weighs 50 or more pounds, the mailer must present the mailing and completed form to a Bulk Mail Entry Unit.

The Postal Service™ certifies, scans, and postmarks (round-dates) each PS Form 3606 at the time of mailing and then returns it to the mailer as the mailer's receipt. Certificate of Bulk Mailing — International service does not provide a record of delivery, and the Postal Service does not retain any copies of PS Form 3606. The mailer cannot use PS Form 3606 as a certificate of mailing of individual mailpieces or itemized lists.
