

United States Postal Service®

INDUSTRY ALERT

April 1, 2020

COVID-19 CONTINUITY OF OPERATIONS UPDATE Detached Mail Unit (DMU) Health Screening Requests for Bulk Mail Techs/Clerks

The safety and well-being of our employees and customers are our highest priorities. The Postal Service respects the additional measures taken to protect the employees of your organization. While we understand your concerns, we cannot permit our clerks to comply with any request to submit to screenings, including medical questionnaires or temperature checks prior to admittance into your facility.

There are alternate means by which the Postal Service is willing to accommodate mail acceptance during this pandemic:

- 1) You may opt to bring the mail to your local Business Mail Entry Unit.
- 2) You may work with the local Manager, Business Mail Entry (MBME) to identify an alternate process and/or location for mail acceptance.

BMEU COVID-19 Contingency plan and supporting documents can be found here:
