

# CHECK FOR LITHIUM BATTERIES

## INTERNATIONAL and APO/FPO/DPO MAILERS

If your international parcel contains lithium batteries, use this guide to ensure the batteries are permitted in the mail.

Lithium batteries must be installed in the small consumer electronic equipment they operate.

### ACCEPTABLE

- For international mail, the lithium batteries **MUST** be installed in the equipment.
- Not to exceed 4 cells or 2 batteries per package.
- Lithium batteries alone, or lithium batteries packed with (but not installed in) equipment, are not acceptable for international mailing.
- Strong outer package required.
- Contents of parcel must be properly packaged to prevent shifting and/or damage to contents during transport.
- Defective or damaged batteries are never acceptable.

### NOT-ACCEPTABLE

Batteries exceeding allowable size/power limits

Uninstalled batteries
