## USPSNEWS@WORK

### School's out, safety's in: Share summertime safety tips

Summer means warmer weather, sunnier days and lots of outdoor activities. This means parents have a lot of topics to discuss with their children before sending them out to play.

Spend some time to teach your children what you've learned about summer safety. More information is available at <http://www.keepkidshealthy.com/welcome/summer.html>.

And when you do let them out to play, remind them not to play in or near the street, and to never approach a postal vehicle that is attempting to make a delivery (or any vehicle).

Postal drivers know that summertime means being even more on guard for children playing outdoors. Be aware of all pedestrians in general. Approximately three out of every 10 persons killed in traffic accidents each year are pedestrians.

### Beyond green: USPS packaging meets higher environmental standards

More than a half billion Priority Mail and Express Mail envelopes and boxes provided by the Postal Service to its customers each year now meet higher environmental standards.

USPS is the first and only shipping or mailing company to earn "Cradle-to-Cradle" Certification based on the quality of raw materials used to produce Priority Mail and Express Mail envelopes and boxes. They're 100 percent recyclable. And, more than 15,000 metric tons of carbon emissions will be prevented annually.

USPS mailing and shipping supplies already exceeded government requirements. This certification means the Postal Service is going beyond existing standards in efforts to be environmentally friendly.

Postmaster General Jack Potter at the National Press Club announcing that new USPS packaging meets higher environmental standards.

### Art students update Pennsylvania Post Office mural

Mural designer and art student Ryan Lammie approached Postmaster Jerry Kennedy with the concept for the new mural — depicting the history of Pittsburgh from steel town to suburb. "I told him, 'I can't see how you'll be able to get that on the wall,'" Kennedy quipped. "But the students worked all Memorial Day weekend and there it is. It's beautiful."

Art teacher Ramon Riley's Gibsonia, PA, art class painted this mural in the Post Office parking lot over Memorial Day weekend.

Pennsylvania State Representative Mike Turzai thanked the artisans for their public spirit. "I can't think of a better combination than our students and our soldiers coming together to honor our community and our country," Turzai said. "And, there is no better place to do this than at our Post Office, whose employees serve us all so brilliantly every day."

Pennsylvania State Representative Mike Turzai thanked the artisans for their public spirit. "I can't think of a better combination than our students and our soldiers coming together to honor our community and our country," Turzai said. "And, there is no better place to do this than at our Post Office, whose employees serve us all so brilliantly every day."

### \$1 billion served: Automated Postal Centers top revenue milestone

The Automated Postal Center (APC) offers USPS customers the quick, easy and convenient service they demand.

And demand they have. In just three years and 190 million transactions, APCs have surpassed the \$1 billion revenue mark!

It doesn't hurt that the Postal Service's self-service kiosk is setting the industry standard for ease of use. In April the APC won the People's Choice Award at the 2007 KioskCom Self Service Expo held in Las Vegas, NV, against self service kiosks from every type of business.

APCs — convenience and innovation in one location.

Automated Postal Centers like the one shown here have generated more than \$1 billion in revenue.

## Gerald R. Ford stamp unveiled: Aug. 31 is issue date for stamp honoring late president

President Ford's four children joined Postmaster General Jack Potter in unveiling the stamp image honoring their father and the nation's 38th president during the annual Gerald R. Ford Foundation dinner.

The 41-cent commemorative stamp will be issued nationwide Aug. 31, following special stamp dedication ceremonies in Rancho Mirage, CA, and at the Gerald R. Ford Presidential Museum in Grand Rapids, MI.

The stamp art is a portrait of Ford painted by award-winning artist Michael Deas, who has produced several stamp images for the Postal Service. His work also has appeared on the cover of *Time* magazine.

Unveiling the Ford stamp are, from left, PMG Jack Potter, Vice President Dick Cheney, Susan Ford Bales, Steven Ford, Jack Ford and Michael Ford.

## Passport pending: State Department grants temporary travel flexibility

Retail associates and passport acceptance clerks now have news from the State Department and Homeland Security to share with some travelers concerned that their passports won't make it to them in time for summer vacations. U.S. citizens traveling to Canada, Mexico, the Caribbean and Bermuda who have applied for passports — but not yet received them — can temporarily enter and depart from the United States by air with a government-issued photo identification and Department of State official proof of application for a passport through Sept. 30, 2007.

The federal government is making this accommodation for air travel due to longer than expected processing times for passport applications in the face of record-breaking demand. Travelers who have not applied for a passport should not expect to be accommodated.

How do customers get proof that they applied? U.S. citizens with pending passport applications can obtain proof of application at [http://travel.state.gov/passport/get/status/status\\_2567.html](http://travel.state.gov/passport/get/status/status_2567.html).

# Policies, Procedures, and Forms Updates

## Manuals

### DMM Clarification: Updated Standards for Periodicals Mailing Services

Effective July 15, 2007, we are revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) with the new mailing standards and prices that resulted from the R2006-1 Omnibus rate change. We published these standards in the June 7, 2007, Postal Bulletin, and we are making several additional revisions for clarity as we add the new standards to the DMM. The clarifications include the following:

- Flat-size pieces prepared under 707.26.0 may be sacked under 705.10.0.
- Firm bundles pay a separate per piece rate (\$0.169).
- The container level is determined by the least-finely presorted bundle that container may contain according to the standards in the DMM. For example, a “5-digit metro pallet” is permitted to contain 3-digit and/or 5-digit bundles, and would always pay the 3-digit/SCF pallet rate.
- Firm bundles cannot be placed in scheme sacks.
- Outside-County pieces in low-volume bundles used to pay the “basic” rates, which are not available in the new Outside-County rate structure. We have assigned the mixed ADC rates to these pieces. The bundle charge is still determined by the actual presort level of the bundle.
- Destination entry rates may apply to addressed pieces, pounds, and containers.
- The container charge and bundle charge columns are optional on the qualification report because this information is required on the separate container and bundle reports. A new “firm bundle” column is also optional. We also clarified that mailers (not necessarily the publisher) must present the new bundle and container reports.

**9.2**      **Periodicals**

\*           \*           \*           \*           \*

**9.2.4**    **Bundles With Fewer Than Six Pieces**

*[Revise the last sentence to clarify that Outside-County pieces in low-volume bundles must be claimed at the mixed ADC rate as follows:]*

\*\*\*Pieces in low-volume bundles must claim the applicable mixed ADC rate (Outside-County) or basic rate (In-County).

\*           \*           \*           \*           \*

**10.0**     **Preparing Merged Containerization of Bundles of Flats Using City State Product**

**10.1**     **Periodicals**

**10.1.1**   **Basic Standards**

\*           \*           \*           \*           \*

*[Revise item c as follows:]*

- c. Pieces in the machinable rate mailing must meet the flats criteria in 301.3.0; pieces that meet the flats criteria in 707.26.0 also may be sacked under this option. Pieces in the Presorted rate mailing and the carrier route mailing must be nonletter-size.

\*           \*           \*           \*           \*

**10.1.3**   **Bundles With Fewer Than Six Pieces**

*[Revise the second sentence to clarify that Outside-County pieces in low-volume bundles must be claimed at the mixed ADC rate. Make this same change to 705.11.2.3,*

705.12.1.3, 705.13.1.3, 707.22.4, 707.23.6, and 707.25.1.9.]

\*\*\*Pieces in these low-volume bundles must be claimed at the applicable mixed ADC rate (Outside-County) or basic rate (In-County).\*\*\*

\* \* \* \* \*

**10.1.4 Sack Preparation and Labeling**

[Revise the sixth sentence as follows:]

\*\*\*If, due to the physical size of the mailpieces, the machinable or nonmachinable flats rate pieces are considered flat-size under 707.26.0, and the carrier route sorted pieces and presorted rate pieces are considered irregular parcels under 401.1.6, "FLTS" must be shown as the processing category on the sack label.\*\*\*

\* \* \* \* \*

**12.0 Preparing Merged Palletization of Bundles of Flats Using a 5% Threshold**

**12.1 Periodicals**

\* \* \* \* \*

**12.1.4 5% Threshold**

\* \* \* \* \*

[Revise item e to clarify that pieces in low-volume bundles must be claimed at the mixed ADC rate as follows. Make this same change to 705.13.1.4e.]

- e. For the purpose of determining the 5% threshold, addressed pieces in low-volume carrier route bundles count as carrier route sorted pieces, and addressed pieces in low-volume 5-digit bundles count as 5-digit sorted pieces, even though the mixed ADC rate (Outside-County) or basic rate (In-County) is paid for such pieces.

\* \* \* \* \*

**707 Periodicals**

\* \* \* \* \*

**2.0 Rate Application and Computation**

**2.1 Rate Application**

\* \* \* \* \*

**2.1.2 Applying Outside-County Piece Rates**

[Revise the first and third sentences in new 2.1.2 for clarity as follows:]

The per piece charge applies to each copy and each firm bundle in the mailing. Outside-County piece rates are based on the shape of the mailpiece (letter, flat, or parcel); the characteristics of the mailpiece (machinable or nonma-

chinable, see 18.4ac and 18.4ad); the application of a barcode; and the bundle presort level. Firm bundles and carrier route pieces pay separate piece rates that do not vary based on these criteria.\*\*\*

\* \* \* \* \*

**2.1.9 Applying Outside-County Container Rates**

[Revise the second sentence for clarity as follows:]

\*\*\*The container level is determined by the least-finely presorted bundle that container could contain according to standards (for example, a "5-digit metro pallet" may contain 3-digit and/or 5-digit bundles and would always pay the 3-digit/SCF pallet rate).\*\*\*

\* \* \* \* \*

**22.0 Preparing Nonbarcoded Periodicals**

\* \* \* \* \*

**22.3 Firm Bundles**

[Add a new last sentence to 22.3 to emphasize that firm bundles must not be placed in 5-digit scheme sacks as follows:]

\*\*\*Firm bundles must not be placed in 5-digit scheme sacks.

\* \* \* \* \*

**29.0 Destination Entry Rate Eligibility**

[Update the destination entry rate eligibility standards in 29.0 to reflect the new rate structure as follows:]

\* \* \* \* \*

**29.3 Destination Area Distribution Center**

\* \* \* \* \*

**29.3.2 Rate Eligibility**

Determine rate eligibility as follows:

- a. Pound Rates. Outside-County pieces are eligible for DADC pound rates when placed on an ADC or more finely presorted container, deposited at an ADC (or USPS-designated facility), and addressed for delivery to one of the 3-digit ZIP Codes served by the facility where deposited.
- b. Container Rates. Mailers may claim a DADC container rate for ADC and more finely presorted containers that are entered at and destined within the service area of the ADC at which the container is deposited.

[Delete renumbered 29.3.3, Rates.]

**29.4 Destination Sectional Center Facility**

\* \* \* \* \*

**29.4.2 Rate Eligibility**

Determine rate eligibility as follows:

- a. Pound Rates. Outside-County pieces are eligible for DSCF pound rates when placed on an SCF or more finely presorted container, deposited at an SCF (or USPS-designated facility), and addressed for delivery to one of the 3-digit ZIP Codes served by the facility where deposited. Nonletter-size pieces are also eligible when the mailer deposits 5-digit bundles at the destination delivery unit (DDU) (the facility where the carrier cases mail for delivery to the addresses on the pieces) and the 5-digit bundles are in or on the following types of containers:
  - 1. A merged 5-digit scheme or merged 5-digit sack.
  - 2. A merged 5-digit scheme, merged 5-digit, or 5-digit scheme pallet.
- b. Container Rates. Mailers may claim a DSCF container rate for SCF and more finely presorted containers that are entered at and destined within the service area of the SCF at which the container is deposited.

*[Delete renumbered 29.4.3, Rates.]*

**29.5 Destination Delivery Unit**

\* \* \* \* \*

**29.5.2 Rate Eligibility**

In-County and Outside-County pieces are eligible for DDU pound rates when deposited at the facility where the carrier serving the delivery address on the mail is located. In-County pieces are also eligible for a per piece discount off the addressed piece rate. Outside-County mailers may claim a DDU container rate for 5-digit scheme and more finely presorted containers that are entered at and destined within the service area of the DDU at which the container is deposited.

*[Delete renumbered 29.5.3, Rates.]*

\* \* \* \* \*

**708 Technical Specifications**

**1.0 Standardized Documentation for First-Class Mail, Periodicals, Standard Mail, and Flat-Size Bound Printed Matter**

\* \* \* \* \*

**1.2 Format and Content**

\* \* \* \* \*

*[Add a new fourth sentence to item c4 as follows:]*

- 4. \*\*\*Pieces prepared as firm bundles (Periodicals) may be listed in a separate firm bundle column or

in the appropriate column based on container level.\*\*\*

\* \* \* \* \*

*[Revise new item c9 to make the container charge and bundle charge columns optional as follows:]*

- 9. For Periodicals mailings that contain both In-County and Outside-County pieces, the body of the listing may include a separate "Container Charge" and "Bundle Charge" column. Indicate which trays, sacks and bundles are subject to the container or bundle charges and a total or, optionally, a running total.

\* \* \* \* \*

*[Add a new second sentence to item d4 as follows:]*

- 4. \*\*\*Pieces prepared as firm bundles (Periodicals) may be listed in a separate firm bundle column or in the appropriate column based on container level.\*\*\*

\* \* \* \* \*

*[Revise new item d7 to make the container charge and bundle charge columns optional as follows:]*

- 7. For Periodicals mailings that contain both In-County and Outside-County pieces, the body of the listing may include a separate "Container Charge" and "Bundle Charge" column. Indicate which pallets and bundles are subject to the container or bundle charges and a total or, optionally, a running total.

\* \* \* \* \*

**1.3 Rate Level Column Headings**

*[Add a new rate level column heading to the end of the table in items a, b, and c as follows:]*

\* \* \* \* \*

- a. Automation First-Class Mail, Periodicals, and Standard Mail:

Rate	Abbreviation
* * * * *	
Firm [Outside-County Periodicals]	FB

- b. Presorted First-Class Mail, nonautomation presorted Periodicals, and machinable and nonmachinable Standard Mail:

Rate	Abbreviation
* * * * *	
Firm [Outside-County Periodicals]	FB

- c. Periodicals Outside-County firm bundles, Carrier Route Periodicals, and Enhanced Carrier Route Standard Mail:

Rate	Abbreviation
* * * * *	
Firm [Outside-County Periodicals]	FB
* * * * *	

### 1.8 Bundle and Container Reports for Outside-County Periodicals Mail

[Revise new 1.8 to clarify that a mailer must present documentation as follows:]

A mailer must present documentation to support the actual number of bundles and containers of each edition of an issue as explained in 1.8.1 and 1.8.2 below.

\* \* \* \* \*

We will incorporate these revisions into the printed version of the DMM and into the July 15, 2007, update of the online DMM available via Postal Explorer® at <http://pe.usps.com>.

— Mailing Standards,  
Pricing and Classification, 6-21-07

## DMM Revision: Customs Forms for Priority Mail To or From ZIP Codes Beginning “969” and ZIP Code 96799

Effective June 8, 2007, we are revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to require customs declarations on all Priority Mail pieces weighing 16 ounces or more sent to or from ZIP Codes beginning with the prefix 969 (including Guam) and to or from ZIP Code 96799 (American Samoa). Customers must affix either PS Form 2976, *Customs Declaration CN22 – Sender’s Declaration*, or PS Form 2976-A, *Customs Declaration and Dispatch Note – CP72*, to these mailpieces. These forms are available in Post Offices.

We are requiring customs declarations on these pieces to facilitate the identification of the contents when customs inspections may be conducted. In addition, customs forms will enable us to meet airline requirements to carry Priority Mail above a certain weight threshold.

### *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)*

#### 600 Basic Standards for All Mailing Services

\* \* \* \* \*

#### 608 Postal Information and Resources

\* \* \* \* \*

### 2.0 Domestic Mail

\* \* \* \* \*

[Add new 2.4 as follows:]

#### 2.4 Customs Forms Required

Regardless of contents, all Priority Mail weighing 16 ounces or more sent from the United States to a ZIP Code beginning with the prefix 969 and to ZIP Code 96799, and all Priority Mail sent from a ZIP Code beginning with the prefix 969 and from ZIP Code 96799 to the United States, must bear either Form 2976 or Form 2976-A. This mail must be presented to an employee at a post office, to a letter carrier when using Click-N-Ship with Carrier Pickup, or to a Postal Service employee designated by the postmaster.

\* \* \* \* \*

We will incorporate this revision into the next printed version of the DMM and into the monthly update of the online DMM available via Postal Explorer, at <http://pe.usps.com>.

Pricing and Classification, 6-21-07

## DMM Revision: Determining Letter-Size Mailability

Effective June 21, 2007, we are revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to clarify the impact of address orientation on letter-size mailpieces. DMM 601.1.1 states that a processing category is dependent on the physical dimensions and characteristics of the mailpiece, without

regard to placement of the address. However, once a piece has been determined to be letter-size, placement of the address then determines whether the piece is mailable and may determine whether the piece is a nonmachinable letter.

Placement of the address on a letter-size piece would not necessitate a change in the processing category from a

letter to a flat. At the mailer's option, letter-size pieces at least 5 inches by 6 inches by 0.009 inch thick may qualify as automation-compatible flats, if they meet all applicable standards.

We provide examples of different address placement in our revised standards to clarify the impact of address placement on mailability and on a piece's aspect ratio, which could render a letter-size piece nonmachinable.

We will include these changes in the July revision of *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)*, but the revised standards are effective immediately.

**Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM)**

\* \* \* \* \*

**600 Basic Standards for All Mailing Services**

**601 Mailability**

**1.0 General Standards**

**1.1 Determining Mail Processing Categories**

*[Revise 1.1 by adding an example as follows:]*

There are five mail processing categories for mailpieces: letter, flat, machinable parcel, irregular parcel, and outside parcel. USPS assigns each mailpiece to one of these categories based on the physical dimensions and characteristics of the mailpiece using the longest dimension as the length, regardless of the placement or orientation of the delivery address on the piece. For example, a mailpiece that is 5 inches by 8 inches and at least 0.007 inch thick is within the range of letter-size dimensional standards in 101 and 201. See the physical standards for processing categories in 101 for retail (single-piece rate) mail, 201 for discount letters, 301 for discount flats, and 401 for discount parcels.

\* \* \* \* \*

**1.4 Length and Height**

*[Revise the introductory text and item a to clarify that the length and height of a letter is within the context of determining mailability or machinability as follows:]*

Determine the processing category (see 1.1) based on the physical dimensions and characteristics of the mailpiece, without regard to address placement. Then, determine length and height as follows:

- a. Letter-size pieces. For the purpose of determining mailability or machinability (see 1.5), the length is the dimension parallel to the delivery address as read; the height is the dimension perpendicular to the length.

\* \* \* \* \*

*[Revise the title of 1.5 as follows:]*

**1.5 Nonmailable and Nonmachinable Placement of Address**

*[Revise the introductory text and add new items a through c to provide examples as follows:]*

The placement of the address on a letter-size mailpiece may render a piece nonmailable or nonmachinable. If the length (the dimension parallel to the address) of a letter-size mailpiece is not at least 5 inches, it is nonmailable. If the height (the dimension perpendicular to the length) of a letter-size mailpiece is not at least 3-1/2 inches, it is nonmailable. If the aspect ratio (length divided by height) is not within 1.3 to 2.5 (inclusive), the piece is a nonmachinable letter. For example:

- a. For a letter-size piece that is 4 inches by 6 inches, if the address is parallel to the 4-inch dimension, it is 4 inches long, which is less than the minimum length of 5 inches required in 1.2. Therefore, this piece is nonmailable.
- b. Following the process in 1.1, a piece that is 5 inches by 8 inches (and at least 0.007 inch thick, but no more than 0.25 inch thick) is a letter. If the address is parallel to the 8-inch dimension, the piece is 8 inches long and 5 inches high. The aspect ratio of this piece is 1.6, so it is a mailable letter within machinable dimensions for length and height.
- c. For a letter-size piece that is 5 inches by 8 inches, if the address is parallel to the 5-inch (shorter) dimension, the piece is 5 inches long and 8 inches high. The aspect ratio of this piece is 0.625, which is not within 1.3 to 2.5, so it is mailable as a nonmachinable letter.

\* \* \* \* \*

We will incorporate this revision into the next printed version of the DMM and into the monthly update of the online DMM available via Postal Explorer<sup>®</sup>, at <http://pe.usps.com>.

## Handbooks

### Organization Name Change in Handbook F-8

Effective June 21, 2007, Handbook F-8, *General Classification of Accounts*, is revised to change all instances of the organization name “National Accounting” to “Accounting Policy.”

We will incorporate these revisions into the next printed edition of Handbook F-8 and into the next online update available on the Postal Service™ PolicyNet Web site.

- Go to <http://blue.usps.gov>.
- Under “Essential Links” in the left-hand column, click on *References*.
- Click on *HBKs*.

(The direct URL for the Postal Service™ PolicyNet Web site is <http://blue.usps.gov/cpim>.)

— *Accounting Policy,  
Finance, 6-21-07*

## Publications

### Publication 205 Revision: Electronic Verification System (eVS)

Effective June 21, 2007, we are revising Publication 205, *Electronic Verification System Business and Technical Guide*, sections 1-1, 1-4.3, 1-4.4, and 1-5 and Appendices A, C, and G to clarify policies concerning the following topics:

- Destination and origin sampling.
- Use of flat-rate and unzoned Priority Mail® letter-size and flat-size mail under eVS.
- Classification requirements for mail content.
- Postage computation and the postal routing barcode.
- Optional use of an “eVS Test” marking for mailers testing eVS.
- Use of bold underlined type to indicate file format and coding revisions for the R2006-1 Omnibus Rate Case that took effect May 14, 2007.
- Clarification of collect on delivery (COD) coding in the Detail Record 1 field “COD Amount Due Sender.”
- Clarification of coding and display of fee amount for Parcel Select® and Priority Mail parcels using Delivery Confirmation™.
- Proper address to which a mailer sends forms requesting computer access.
- Use of Service Type Code “56” in the Package Identification Code for parcels not claiming any extra service, including Delivery Confirmation.
- Postal routing barcodes with Priority Mail using the UCC/EAN 128 Code and POSTNET™ symbologies.

We will incorporate these revisions into the online version of Publication 205, which will contain classification requirements and changes for eVS implemented on May 14, 2007, with those of the R2006-1 Omnibus Rate

Case. Other revisions to Publication 205 clarify business and technical requirements and represent responses to mailer and software developer inquiries and recommendations.

#### Descriptions of Revisions

##### *Destination and Origin Sampling*

Most sampling done by Postal Service™ employees to support eVS occurs at destination bulk mail centers and destination delivery units. Depending on the mail class, rate category, or a particular mailer situation, eVS also uses origin sampling when appropriate.

Destination sampling provides the greatest opportunity to promote operational flexibility for mailers and to optimize Postal Service resources by concentrating sampling activities at key entry points or exit points within the Postal Service network. Destination sampling also follows the business models of plant-verified drop shipment (PVDS) that allow the mailer to control the length of order fulfillment periods, manage production and transportation scheduling, and make payment for mail closer to the actual time of entry.

Origin sampling is required, however, for nondestination entry rate mail such as First-Class Mail® and Priority Mail items, as well as other classes of mail prepared that do not claim destination entry rates, such as presorted Standard Mail® and presorted Bound Printed Matter. Origin sampling occurs either at the mailer’s plant or the business mail entry unit (BMEU) where such mail must be accepted. Mailers testing eVS also can benefit from sampling conducted at their production facilities as a way for the Postal Service to obtain the largest number of samples in the shortest period of time. Moreover, some eVS mailers have specifically requested origin sampling to monitor quality control and

receive information more quickly during their production runs or immediately after production runs.

#### *Priority Mail in USPS-Provided Envelopes*

Letter-size mail and flat-size mail may not be manifested under eVS, except for Priority Mail pieces prepared in USPS®-provided flat-rate envelopes or other USPS-provided mailing envelopes used for mailing items at the 1-pound unzoned rate.

The processing category code “9” (Priority Mail parcel) is used in Detail Record 1 position 055 for these pieces prepared under eVS. Currently, Priority Mail is not available for eVS mailers. However, as announced in *Postal Bulletin* 22208 (6-7-07), field testing for Priority Mail is tentatively scheduled to begin July 1, 2007.

#### *Classification Eligibility*

All mail prepared and manifested under eVS must meet the content eligibility requirements for the class of mail claimed in the manifest. Bound Printed Matter, Media Mail®, and Library Mail rates in particular may not be claimed if the content of the mailpiece does not meet the eligibility requirements specific to those subclasses. Mailers who are not certain about these content requirements should work closely with their BMEU to obtain advice on the eligibility requirements.

#### *Postal Routing Barcode and Discounts and Surcharges*

The postal routing barcode — the barcode representing the destination 5-digit ZIP Code™ — is a determinant of the \$0.03 parcel barcoded discount for Parcel Post machinable parcels and certain Bound Printed Matter, Media Mail, and Library Mail machinable parcels, depending on the rate category and destination facility. The absence of a postal routing barcode is a possible determinant of a 5-cent surcharge for certain First-Class Mail parcels and Standard Mail parcels, depending on rate category and, in the case of Standard Mail, processing category of machinability:

- For First-Class Mail, the surcharge applies to pre-sorted 3-digit and ADC parcels that do not bear a POSTNET or UCC/EAN Code 128 barcode, or weigh less than 2 ounces, or are irregularly shaped such as tubes and rolls. The surcharge does not apply to non-barcoded 5-digit and mixed ADC parcels or to single-piece rate First-Class Mail parcels.
- For Standard Mail, the surcharge applies to nonbar-coded parcels except for 5-digit rate parcels. Not Flat-Machinable (NFM) parcels weighing 6 ounces or more and all machinable parcels that are not NFMs must bear a UCC/EAN Code 128 barcode. Irregular parcels and NFMs weighing less than 6 ounces may bear either a POSTNET or UCC/EAN Code 128 barcode.

Discounts and surcharges are not included in the postage amount calculated and reported in Detail Record 1 positions 038–044. The discount or surcharge code is reported in Detail Record 1 positions 161–162, and the discount or surcharge amount is reported in Detail Record 1 positions 163–169.

#### *Permit Imprint Indicia Test Indicator*

The marking “eVS Test” may be required in the permit imprint indicia for mailers participating in a mailing test to use eVS while paying postage through a non-eVS manifesting system or other means of payment. The marking “eVS” indicates postage payment through the Electronic Verification System, with the elimination of paper documentation including postage statements, manifests, and PS Form 8125, *Plant-Verified Drop Shipment (PVDS) Verification and Clearance*.

When a mailer begins testing eVS, the mailer normally uses the permit imprint indicia shown in Publication 205, section 1-5.2, which includes the marking “eVS” in the permit imprint along with “eVS” as part of the human-readable text above the required UCC/EAN 128 Code barcode representing the Package Identification Code (PIC) printed on the parcel mailing label. If the testing period is relatively short, this use creates minimal problems; however, if the testing period is long, this use can confuse Postal Service employees who handle and accept these parcels.

#### *Format Change Indicators*

Appendix A, “eVS Electronic File Layout,” uses bold underlined type to indicate changes since file format version 1.3 was replaced with file format version 1.4. Beginning with the May 14, 2007, implementation of the R2006-1 Omnibus Rate Case, eVS modified some of the fields in the file format and changed all coding used to identify parcel rate combination. The coding changes included adding the postal routing barcode in Detail Record 1 position 199 as the sixth rate “ingredient” required to define rate combinations as presented in Table G-10 in Appendix G, “Service Type Codes and Rate Ingredient Tables.” The file format modifications and the coding changes were announced in *Postal Bulletin* 22201 (3-1-07), with additional revisions in *Postal Bulletin* 22205 (4-26-07).

#### *Collect on Delivery (COD) and Delivery Confirmation Coding*

Appendix A is revised to clarify the use of Detail Record 1 positions 071–075 for reporting the COD amount used to calculate the COD fee. The amount reported in that field can either be the amount to be collected or desired insurance coverage, whichever is higher. The amount is used to calculate the required fee for COD service.

Appendix A is also revised to clarify the use of Detail Record 1 positions 082–086, 089–093, or 096–100 for

reporting the fee amount for Delivery Confirmation for Parcel Select and Priority Mail parcels. Parcel Select and Priority Mail parcels prepared under eVS meet the Delivery Confirmation criteria for electronic transmission and therefore are not assessed the Delivery Confirmation fee. However, the computer logic used for eVS requires that the mailer report the use of Delivery Confirmation for these parcels by using Extra Service Code "01" in Detail Record 1 positions 080–081, 087–088, or 094–095, followed by "00000" in the corresponding fee amount field in Detail Record 1 positions 082–086, 089–093, or 096–100, respectively.

#### Service Type Code "56"

For eVS parcels of any subclass not claiming an extra service, such as Delivery Confirmation, "56" is the 2-digit Service Type Code that forms part of the 22-digit Package Identification Code (PIC) making up the parcel barcode.

The parcel barcode on machinable parcels can receive enroute a "passive scan" as the parcels are processed on parcel sorting equipment. Nonmachinable parcels that cannot be processed on parcel sorting equipment do not receive such scans. The term "passive scan" refers to automated barcode scanning by equipment, in contrast to an "active scan," which refers to the manual barcode scanning by employees using hand-held devices.

#### Postal Routing Barcodes for Priority Mail

Although Priority Mail parcels are not required to bear a postal routing barcode (the 5-digit destination ZIP Code of the delivery address), many mailers use this barcode for sorting parcels in their production facilities. A revision to Publication 205 published on page 74 in *Postal Bulletin* 22205 (4-26-07) presented new coding for eVS mailers planning to use Priority Mail service. That revision failed to revise Table G-7, "Postal Routing Barcode Codes," in Appendix G to show that the POSTNET barcode was a possible barcode format that could be used with Priority Mail pieces.

### Resources and Information

Mailers interested in eVS can obtain further information about the program from the following sources:

- Publication 205, *Electronic Verification System Technical Guide*. This publication contains business and technical information about eVS, with coding and file format updates for the May 14, 2007, implementation of new rates. The revised Publication 205, renamed *Electronic Verification System Business and Technical Guide*, will soon be available to the public on the Postal Service Internet:
  - Go to [www.usps.com](http://www.usps.com).
  - Click on *All Products & Services*, then *Publications*, then *Postal Periodicals and Publications*,

then *Publications*, and then on the links for Publication 205.

- It also will soon be available to Postal Service employees on the Postal Service PolicyNet Web site:
  - Go to <http://blue.usps.gov>.
  - Under "Essential Links" in the left-hand column, click on *References*.
  - Click on "PUBs," and then click on the link for Publication 205.

(The direct URL for the Postal Service PolicyNet Web site is <http://blue.usps.gov/cpim>.)

- *Postal Bulletin* articles available at [www.usps.com/cpim/ftp/bulletin/pb.htm](http://www.usps.com/cpim/ftp/bulletin/pb.htm):
- *Postal Bulletin* Issue 22196, December 21, 2006 (comprehensive mailing standards as published in the DMM).
- *Postal Bulletin* Issue 22201, March 1, 2007 (complete information about coding and file format changes for the R2006-1 rate case).
- *Postal Bulletin* Issue 22204, April 12, 2007 (comprehensive information on eVS, mail classes supported by eVS after the R2006-1 rate case, and changes resulting from the R2006-1 rate case).
- *Postal Bulletin* Issue 22205, April 26, 2007 (extensive revisions to Publication 205, including sections on how to apply to become an eVS mailer and how to calculate postage).
- *Postal Bulletin* Issue 22206, May 10, 2007 (revisions to the address information for the *PostalOne!* Help Desk handling eVS applications and providing a start point for mailers interested in the eVS program).
- *Postal Bulletin* Issue 22208, June 7, 2007 (description of available parcel product subclasses supported by eVS, field testing of future parcel products, and a list of approved eVS mailers).
- *PostalOne!* Help Desk. The Help Desk can provide general business and technical information about the program, provide required forms, and assist mailers in completing the eVS application. Mailers can contact the Help Desk either by e-mail at [postalone@usps.gov](mailto:postalone@usps.gov) or by telephone at 800-522-9085.

**Publication 205, Electronic Verification System Business and Technical Guide**

**1 The Basics**

**1-1 Overview**

\* \* \* \* \*

[Revise 1-1a to read as follows:]

- a. *Sampling.* eVS primarily uses destination sampling to capture sampling data used to monitor postage and preparation accuracy. When destination sampling occurs, the Postal Service collects the data after the mailer deposits the mailing at a destination entry facility. Depending on the mail class or particular mailer situation, eVS also uses origin sampling when appropriate to capture data at the mailer's facility or at a business mail entry facility.

\* \* \* \* \*

**1-4 Required and Optional Use of eVS**

\* \* \* \* \*

**1-4.3 Mailing Standards**

The principal mailing standards for eVS are in DMM 705. The following standards also apply to eVS:

[Revise 1-4.3a and add new 1-4.3e to read as follows:]

- a. Only parcels as defined in the DMM may be mailed using eVS. Letter-size and flat-size mailpieces may not be manifested using eVS, except for Priority Mail pieces mailed in USPS-provided mailing envelopes and claimed at the unzoned 1-pound rate.

\* \* \* \* \*

- e. All mail must meet the classification and content requirements in the DMM.

**1-4.4 Postage Computation**

\* \* \* \* \*

[Revise 1-4.4a to read as follows:]

- a. *Postage Amount.* In eVS, the determinants of the postage amount shown in Detail Record 1 record positions 038-044 in the manifest file (see Appendix A) are class of mail, rate indicator, destination rate indicator, zone, processing category, and postal routing barcode (in the case of Parcel Select destination bulk mail center rate mail prepared without a postal routing barcode), weight of parcel, and size of parcel (in the case of balloon rate for Priority Mail, Parcel Post, and Parcel Select, and in the case of oversized rate for Parcel Post and Parcel Select). Each of these determinants — other than size of parcel except for Pri-

ority Mail dimensional-weight pricing — is recorded in a separate field in Detail Record 1.

The postal routing barcode is a possible determinant of a parcel barcoded discount as described in 1-4.4b or a possible surcharge for the absence of the postal routing barcode as described in 1-4.4c.

\* \* \* \* \*

[Redesignate current 1-4.4b as 1-4.4c and current 1-4.4c as 1-4.4b.]

\* \* \* \* \*

**1-5 eVS Permit Imprint Indicia**

\* \* \* \* \*

[Add new 1-5.4 to read as follows:]

**1-5.4 Test Indicator**

The marking “eVS Test” may be required in the permit imprint indicia for mailers participating in a mailing test to use eVS while paying postage through a non-eVS manifest system or other means of payment.

\* \* \* \* \*

**Appendix A: eVS Electronic File Layout**

**Content and Explanation**

\* \* \* \* \*

[Add a new paragraph after first paragraph to read as follows:]

On May 14, 2007, eVS changed parts of the file layout and nearly all coding to reflect the rate and classification changes stemming from the R2006-1 Omnibus Rate Case. This appendix shows those changes in bold underlined text.

\* \* \* \* \*

**Detail Record 1 — Electronic File Record Format Version 1.4**

\* \* \* \* \*

[In Detail Record 1, revise record positions 071-075, 082-086, 089-093, and 096-100 to read as follows:]

Require Code	Record Position	Field Name	Format (Size)	Description	Example	Content Rules and Limitations
EVS, BI	071-075	<b>COD Amount for Fee Calculation</b>	N(5)	<b>Dollar amount to be collected or insurance coverage desired, whichever is higher. That amount is entered in this field and is used to determine the COD fee entered in record positions 082-086, 089-093, or 096-100.</b>	<b>\$206.00</b> Entered as: 20600	Change: <b>Field Name and Description</b> Default value zeros. Required if parcel COD.
* * * * *						
ALL	082-086	Fee for 1st Extra Service	N(5)	Fee for 1st Extra Service Code	<b>Example 1:</b> \$0.251 Entered as: 00025 <b>Example 2:</b> \$0.256 Entered as: 00026	Change: Default value zeroes. Mandatory when 1 Extra Service used. <b>If Extra Service code is not spaces, then fee must be numeric and greater than five zeroes.</b> <b>If Extra Service code is 01 and Class of Mail code in positions 003-004 is PM or PS, then fee must be 00000.</b>
* * * * *						
ALL	089-093	Fee for 2nd Extra Service	N(5)	Fee for 2nd Extra Service Code	See example for positions 082-086	Change: Default value zeroes. Mandatory when 2 Extra Services used. <b>See content rules and limitations in positions 082-086.</b>
* * * * *						
ALL	096-100	Fee for 3rd Extra Service	N(5)	Fee for 3rd Extra Service Code	See example for positions 082-086	Change: Default value zeroes. Mandatory when 3 Extra Services used. <b>See content rules and limitations in positions 082-086.</b>
* * * * *						

**Appendix C: PS Form 1357-C**

**Completion and Submission**

\* \* \* \* \*

[Revise the mailing address to read as follows:]

POSTALONE! HELP DESK  
US POSTAL SERVICE  
6060 PRIMACY PKWY STE 201  
MEMPHIS TN 38188-0001

\* \* \* \* \*

**Appendix G: Service Type Codes and Rate Ingredient Combinations**

\* \* \* \* \*

Table G-1: Service Type Codes

\* \* \* \* \*

[Revise the introductory text by adding a new paragraph after the second paragraph to read as follows:]

Service Type Code 56 is used in the Package Identification Code and the corresponding parcel barcode when no extra service, including Delivery Confirmation, is claimed. The format of the barcode and the human-readable text above the barcode are described in Chapter 3. Parcel barcodes with Service Type Code 56 receive “passive scans” only if processed on parcel sorting equipment. These scans are termed “passive scans” because no employee scans the parcel barcode with a hand-held device.

\* \* \* \* \*

[Revise Table G-1g to read as follows:]

**Table G-1g: Passive Enroute Scan (No Extra Service)**

Class of Mail Code	Service Type Code	Mail Class and Subclass	Other or Extra Service	Human Readable Text Above UCC/ EAN 128 Barcode
PM	56	Priority Mail	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
FC	56	First-Class Mail	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
BB	56	Package Services Bound Printed Matter	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
BL	56	Package Services Library Mail	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
BS	56	Package Services Media Mail	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
BP	56	Package Services Parcel Post	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
PS	56	Package Services Parcel Select	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)

Class of Mail Code	Service Type Code	Mail Class and Subclass	Other or Extra Service	Human Readable Text Above UCC/ EAN 128 Barcode
SA	56	Standard Mail Regular	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
S2	56	Standard Mail Nonprofit	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
S3	56	Standard Mail Enhanced Carrier Route	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
S4	56	Standard Mail Nonprofit Enhanced Carrier Route	None	eVS ZIP – eVS (Parallel horizontal ID bars not used above or below barcode)
		*	*	*

**Table G-7: Postal Routing Barcode Codes**

(Detail Record 1 Position: 199)

[In Table G-7, in the row for Postal Routing Barcode Code “2,” add “PM” to the column “Possible Mail Classes or Subclasses,” to read as follows:]

Postal Routing Barcode Code	Postal Routing Barcode Name	Possible Mail Classes or Subclasses
2	POSTNET	FC, PM; SA, S2, S3, S4
*	*	*

– Business Mailer Support, Customer Service, 6-21-07

## Correction to Publication 223: Directives and Forms Catalog

Incorrect information about Poster 81, *Reused Boxes*, and Poster 85, *Safety Depends on Me – Heat Illness Signs and Symptoms*, was published in the December 7, 2006, online revision of Publication 223. Correct information is

provided in the table below and will appear in Publication 223, *Directives and Forms Catalog* (June 1999). Publication 223 is available electronically at <http://www.usps.com/cpim/ftp/pubs/pub223.pdf>.

PSIN	Edition Date	Title	Stock Number	Manual Relation	Org.	USPS Source	Public Source
POS 81	4/01	Reused Boxes	7690-05-000-4434	POM	NOM	MDCIWB	MDCWEB
POS 85	5/04	Safety Depends on Me—Heat Illness Signs and Symptoms	7690-07-000-0667	ELM 8	ERM	MDCIWB	N/A

– Information Policies and Procedures, Public Affairs and Communications, 6-21-07

## Publication 431 Revision: Changes to Post Office Box Service and Caller Service Fee Groups

Effective June 21, 2007, Publication 431, *Post Office Box Service and Caller Service Fee Groups*, is revised with the changes noted below.

These changes to Publication 431 are the direct result of the fee group verification process implemented after the R2006-1 rate case (effective May 14, 2007). Post Offices™ that submitted verification inquiries also received a letter notifying them of the results.

### Publication 431, *Post Office Box Service and Caller Service Fee Groups*

\* \* \* \* \*

[Add the following entries:]

ZIP Code	Fee Group
05408	1
99354	4

[Revise the fee groups for the following ZIP Codes to read as follows:]

ZIP Code	Fee Group	ZIP Code	Fee Group	ZIP Code	Fee Group	ZIP Code	Fee Group	ZIP Code	Fee Group	ZIP Code	Fee Group
02634	1	48809	3	60661	3	73097	6	75751	3	83001	7

# Displaying the U.S. Flag and the POW-MIA Flag

## U.S. Flag at Half-Staff

### How to Display

Displaying the U.S. flag at *half-staff* means lowering the flag to half the distance between the top and bottom of the staff.

### Specific Dates

Display the U.S. flag at half-staff on the following days each year:

- May 15: Peace Officers Memorial Day (see note 1 below).
- Last Monday in May: Memorial Day Observed (see note 2 below).
- December 7: National Pearl Harbor Remembrance Day.

*Note 1:* When May 15, which is the date for Peace Officers Memorial Day, falls on the third Saturday in May, which is the date for Armed Forces Day, display the U.S. flag in the full-staff position, *not* at half-staff.

*Note 2:* On the last Monday in May, when Memorial Day is observed, display the flag at half-staff from sunrise, or the hour at which you raise it, until 12 noon, and then hoist it to the peak of the staff, until the time of closing or no later than sunset.

## POW-MIA Flag

### How to Display

In relation to the U.S. flag, display the POW-MIA flag (and any other flag) as follows:

- If displayed on the same flagstaff, place it below the U.S. flag.
- If displayed on a separate flagstaff, place it at the same level or lower. If displayed at the same level, place it on the U.S. flag's left.

When flying the U.S. flag at half-staff, fly the POW-MIA flag (and any other flags) at half-staff also.

### Specific Dates

Display the POW-MIA flag on the following days each year:

- Armed Forces Day: Third Saturday in May.
- Memorial Day: Last Monday in May.
- Flag Day: June 14.
- Independence Day: July 4.
- National POW-MIA Recognition Day: Third Friday in September.
- Veterans Day: November 11.

If any of these days fall on a nonbusiness day, display the POW-MIA flag on the last business day before the designated day.

*For more detailed information about flying the U.S. flag and the POW-MIA flag, see the following parts in the Administrative Support Manual (ASM):*

- ASM 472, U.S. Flag Display.
- ASM 476, POW-MIA Flag Display.

Postal policies and procedures are an essential part of every business process. They tell customers how to do business with us, and they give employees information they need to do their jobs. Policies and procedures impact the bottom line of the Postal Service in four ways:

*Productivity* -- When a task is done correctly, it prevents rework and saves workhours.  
*Revenue* -- When we charge customers the correct amount, we make money.  
*Legal Liability* -- When we comply with federal and state laws and regulations, we avoid fines and penalties.  
*Customer Service* -- When we give correct and consistent answers, our customers are happier.

**Defining Policies and Procedures**

*Policies are:*

- Statements of the Postal Service position on an issue.
- Interpretations of how the Postal Service complies with federal, state, and local laws.
- Specific guidelines or standards which must be followed.
- Designed to influence decisions and actions.

*Procedures are:*

- The official way business is done in the Postal Service.
- A set of established methods of how a task is performed.

*This collection is updated when new information becomes available.*

## Delivery and Retail

### Stamps by Mail — Brochure Ordering Information

This article publishes the Stamps by Mail® print run cut-off schedule for the remaining '07 fiscal year. Each date has a designation whether it is for the year round (YR) brochure or the holiday (HOL) brochure.

- July 6, 2007 (YR).
- September 3, 2007 (HOL).

FY '08:

- October 1, 2007 (HOL).

To order brochures, submit PS Form 3227-O, *Stamps At Your Door Supply Order* (January 2007), to Cyril-Scott Company:

CYRIL SCOTT COMPANY  
PO BOX 627  
LANCASTER OH 43130-0627  
Telephone: 800-466-0455  
Fax: 740-689-0210

You can find this form at <http://blue.usps.gov>; click on *Forms*, then select the form by number. A copy of this form appears on page [21](#) in this *Postal Bulletin*.

The cost per unit of 500 is \$11.50. This cost includes overprinting the address of the fulfillment office placing the order. You may pay for orders with local IMPAC credit cards, checks, or money orders. However, Cyril-Scott Company cannot process the order until it receives payment. Local eBuy procedures may also apply (refer to local procurement procedures).

Postal Service™ Headquarters will fund brochure quantities for the 50 centralized processing sites for the September 3, 2007 (HOL) print run. National quantity is 4 million. For local office quantity, refer to column J of the previously distributed spreadsheet.

Centralized sites may order **additional** quantities from the Cyril-Scott Company from local funds by following the ordering instructions contained within this article. If you order additional quantities from local funds, inform Cyril-Scott Company that this is a centralized site supplemental order.

All other local Post Offices™ should follow the ordering instructions contained within this article and utilize local funds.

Cyril-Scott Company will deliver orders within 35 calendar days after printing. Printing begins 1 week after the deadline date, and actual receipt of the order will depend on the ultimate destination and the corresponding delivery service standard. You should save copies of all orders placed at your local Post Office until the order has been received. Please ensure procedures are in effect locally for proper verification of receipt.

## New Frequency and Threshold for Retail Floor Stock Count at SIA Offices

Effective July 1, 2007, the *Postmaster/Field Guide* is revised with a new policy for the frequency and threshold for retail floor stock count at Segmented Inventory Accountability (SIA) Post Offices™ and postal retail units. At SIA offices with Point-of-Service (POS) ONE equipment, the Retail Floor Stock count must be conducted by the postmaster, manager or supervisor and a witness no less than once during each fiscal year quarter.

### Postmaster/Field Guide

\* \* \* \* \*

### Procedures

\* \* \* \* \*

### Employee Overages and Shortages—Count Results

\* \* \* \* \*

[Revise the Accountability Count Chart (page 102) to read as follows:]

### Accountability Count Chart

Difference is = or < .1% of sales	\$0.00	Once a FY Quarter	AIC 239	AIC 639
Difference > .1% of sales	\$0.00	Once a FY Quarter, must also count Unit Reserve	AIC 239	AIC 639
<b>SSPC/Vending Credits</b>				
Bargaining Employee	\$0.00	4-Months*	AIC 175	AIC 612
Non-Bargaining Employee	\$0.00	4-Months*	AIC 175	AIC 612
PMR	\$0.00	4-Months*	AIC 175	AIC 612

\*. Counts must be conducted randomly within the minimum established frequency.

\* \* \* \* \*

[Insert new procedure (alphabetically):]

### SIA Retail Floor Stock Count Frequency and Threshold

The postmaster/manager or supervisor has the responsibility for the required count of the retail floor stock and the

maintenance of established inventory levels. There is no tolerance applied for retail floor stock counts.

**Note:** The retail floor stock count must be performed using the POS ONE “Count Inventory and Cash” workflow, which ensures that the count values and final results are posted in the system.

**Count Frequency**

A retail floor stock count must be conducted no less than once during each fiscal year (FY) quarter. FY quarterly periods are as follows:

This Fiscal Year Quarter...	Includes the following months...
I	October–December
II	January–March
III	April–June
IV	July–September

The goal in operating a Retail Floor Stock is to maintain a threshold of within .1 percent variance (over or short) of total sales since last count. Total sales are computed by calculating the total amount reported on the unit's PS Form 1412, *Daily Financial Report*, in AIC 852, minus AIC 086, 094 and AIC 096, since the last count.

Threshold	Type of Action	Accounting Process
If the result of the Retail Floor Stock count is equal to or less than .1% (1/10%) inventory variance of total sales since last count...	Then no other count is required.	Enter the count into the POS ONE count inventory workflow.
If the result of the Retail Floor Stock count exceeds the inventory variance of .1% of total sales since last count...	Then count both the Unit Reserve Stamp Stock and the Unit Cash reserve in conjunction with the Retail Floor Stock.	Enter the count into the POS ONE count inventory workflow.

The postmaster, unit manager, or supervisor is responsible for compliance with the minimum requirements defined in this section. The district Finance manager (DFM), the district Retail manager, and other concerned operational department managers may establish additional requirements to satisfy the district business needs.

**Count Procedures**

The retail floor stock inventory is counted separately by two employees. One of the participants must be the postmaster/manager or supervisor responsible for the unit. Do not conduct floor stock counts during business hours. To conduct a retail floor stock count, do the following:

- Use PS Form 3294-P, *Cash and Stamp Stock Count and Summary*, or the POS ONE system generated count sheet.
- Verify the retail floor stock closing balance from the Clerk's Balances report as of the last Unit Form 1412.
- Perform the physical count of the retail floor stock.
- Enter the retail floor stock count into the POS ONE "Count Inventory and Cash" workflow. (POS will automatically post the count results into the corresponding AICs).
- Print the Cash/Stamp Count Summary report, and attach it to PS Form 3294-P.

- Record the amounts in the corresponding section on page 4 of PS Form 3294-P.

Signatures of employees that performed the count are required on the bottom of page 4 on PS Form 3294-P.

**Note:** Do not include packaging or retail products in this count.

**Documenting Count Results**

To document retail floor stock count results, do the following:

- Use PS Form 3294-P and attach the POS count sheet to document counts of the retail floor stock.
- Post the results of the retail floor stock counts to PS Form 3368-P, *Accountability Examination Record*.
- For discrepancies of \$100 or more, complete and submit PS Form 571, *Discrepancy of \$100 or More in Financial Responsibility*, to the appropriate Office of Inspector General field office.
- Forward a copy of PS Form 571 to the DFM.
- File documents locally as supporting documentation for retail floor stock count.

\* \* \* \* \*

We will incorporate the revision into the next online edition of the *Postmaster Field Guide* on the Postal Service Intranet.

- Go to <http://blue.usps.gov/finance>.
- Under "Other Links" click on *Accounting Center Support (ACS)*.
- Under "What's New with Accounting Services" click on the *Updated Postmaster/Field Guide* link.

(The direct Web site address is <http://acs/pubs/pmfg.php>.)

Finance, 6-21-07

## Human Resources

### School's Out: It's Time to Talk About Summer Safety

For children, summer means freedom, adventure, and fun — it's the time of year that children wait for with eager anticipation. Summer brings the promise of swimming, bike riding, playing outdoors, camping, fishing, vacationing, and other fun-filled activities. Since many children will be free to roam outdoors, expect to see children playing — at any time, in any location.

#### What can you do to ensure children's safety this summer?

If you have children of your own:

- Remind them of the dangers that exist outdoors as well as indoors.
- Instruct them never to play on or near the street, and to never approach a postal vehicle (or any vehicle) that is attempting to make a delivery.
- Advise them of other hazards associated with outdoor summer activities, such as insect bites; sunburn; slip, trip, and fall hazards; dangerous weather; swimming hazards; unfamiliar dogs; etc.
- Teach them everything you have learned about safety!

At all times and especially when on the job:

- Remain on guard constantly for children playing on or near neighborhood streets, parks, fields, and homes — anywhere, at any time.
- Expect the unexpected when children are near!

- Remember that a child can dart into the path of your vehicle at any moment.
- Be aware that a child on a bike can ride into the path of your vehicle.
- Avoid backing up on your delivery route unless it is absolutely necessary, and only after making sure that every side of your vehicle, including the rear, is completely clear of all objects — especially children and pedestrians.

#### Keep an eye on all pedestrians — adults as well as children!

Always remain alert for pedestrians, and be aware of these facts:

- Although pedestrians are involved in less than 3 out of 100 accidents, approximately 3 out of 10 persons **killed** in traffic accidents each year are pedestrians.
- Pedestrians don't always use crosswalks when crossing streets, so be alert at all times when driving your own vehicle — and Postal Service vehicles.

Finally, remember that it is imperative for all of us to employ safe driving practices, especially when outdoor activity is at peak levels.

— Safety Performance Management,  
Employee Resource Management, 6-21-07

## Information Technology

### Mailer Rating Pilot

In an effort to improve the drop shipment process, the Facility Access and Shipment Tracking (FAST) system is piloting mailer rating functionality that will offer, to the most efficient drop shipment customers, a greater opportunity to schedule appointments. On June 22, 2007, FAST will begin conducting the Mailer Rating Pilot.

Mailers who provide advance notification with detailed information and who arrive at facilities at the scheduled appointment date and time with accurate contents will have more access to appointments than mailers who do not.

The Postal Service™ pilot participants include:

- Cedar Rapids sectional center facility (SCF), Cedar Rapids, Iowa.
- Des Moines bulk mail center (BMC), Des Moines, Iowa.
- Industry processing and distribution center (PD&C), Industry, California.

- Queens SCF, Flushing, New York.
- New York P&DC, New York, New York.

All FAST schedulers making appointments at these facilities have been invited to telecons where additional information will be provided.

All customers should review the information in their profiles in PostalOne!® to ensure that their contact information is correct. E-mail invitations for the Mailer Rating telecons will be sent to the e-mail contacts provided in these profiles.

Mailer Rating applies to all Standard Mail® and Package Services drop shipment appointments. Pure Periodicals appointments are not rated.

Questions or concerns about the Mailer Rating Pilot should be directed to [fast@usps.com](mailto:fast@usps.com).

# Pull-Out Information

## Fraud

### Invalid Express Mail Corporate Account Numbers

These numbers are to be posted and used by retail/acceptance clerks. This listing supersedes all previous notices, which must be recycled. Retail/acceptance clerks must not accept Express Mail® shipments bearing any of

the invalid numbers (listed below) in the “customer number” or “agreement number” section of the label or form.

**Note:** The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

## DID YOU KNOW?

The Stamp Fulfillment Services office in Kansas City is 5/8 of a mile inside a limestone cave called The Subtropolis.

### Missing, Lost, or Stolen U.S. Money Order Forms

#### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. All interim notices should be destroyed when the numbers listed appear in the *Postal Bulletin*. The

actual serial numbers consist of the first 10 digits on the money orders. Check for altered dollar amounts by holding money orders to the light.

## DID YOU KNOW?

George Washington  
awarded cloth  
Purple Hearts.  
Today's medals  
and stamps  
bear his image.

## Missing, Lost, or Stolen Canadian Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

## Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Toll-Free Number Available to Verify Canadian Money Orders

The Canada Post Corporation is now providing a toll-free number that cashing agents can call to verify the validity of Canadian Postal Money Orders. The number is 800-563-0444.

This toll-free number is printed on the back of the Canadian Postal Money Orders.

Postal Inspection Service, 6-21-07*

# Other Information

## Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

### Changes

APO/FPO	Action	Effective Date	See Restrictions
APO AE 09749	Activate	Immediately	A-A1-B-B1-F-I-N-R-R1-V-Z-Z1
APO AA 34010	Close	Immediately	
APO AA 34019	Close	Immediately	
APO AA 34071	Close	Immediately	
APO AP 96424	Close	Immediately	
APO AP 96425	Close	Immediately	

We have eliminated “Not Active” entries from the table below to save space and paper.

## RESTRICTIONS

## LEGEND

PS Form 2976, *Customs – CN 22 (Old C 1) and Sender's Declaration* (green label)

PS Form 2976–A, *Customs Declaration and Dispatch Note*

AAFES	= Army and Air Force Exchange Service
APO	= Army/Air Force Post Office
Box R	= Retired military personnel
FPO	= Fleet Post Office
DMM	= <i>Domestic Mail Manual</i>
MOM	= Military Ordinary Mail
MPO	= Military Post Office
PAL	= Parcel Airlift
PSC	= Postal Service Center
SAM	= Space Available Mail
USDA	= United States Department of Agriculture

Note: Mail order catalogs are prohibited as SAM or PAL mail.

**A.** Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

**A1.** Mail addressed to "Any Servicemember," or similar wording such as "Any Soldier," "Sailor," "Airman," or "Marine"; "Military Mail"; etc., is prohibited. Mail must be addressed to an individual or job title such as "Commander," "Commanding Officer," etc.

**B.** PS Form 2976–A is required for all mail weighing 16 ounces or more, with exceptions noted below. In addition, mailers must properly complete required customs documentation when mailing any potentially dutiable mail addressed to an APO or FPO regardless of weight. The following are exceptions to the requirement for customs documentation on nondutiable mail that weighs 16 ounces or more:

- Known mailers are exempt from providing customs documentation on non-dutiable letters, and printed matter weighing 16 ounces or more. (A known mailer is anyone who legally applies a permit imprint to a mailpiece. Mail with meter postage is not considered to be from a known mailer.)
- All federal, state, and local government agencies are exempt from providing customs documentation on mail addressed to an APO or FPO, except for those APOs/FPOs to which restriction B2 applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

**B1.** PS Form 2976 or 2976–A is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents. **Exceptions:** All other exceptions listed in restriction B above are applicable to this restriction.

**B2.** All federal, state, and local government agencies must complete customs documentation when sending mail addressed to or from this APO or FPO weighing 16 ounces or more.

**C.** Cigarettes and other tobacco products are prohibited.

**C1.** Obscene articles, prints, paintings, cards, films, videotapes, etc., and horror comics and matrices are prohibited.

**D.** Coffee is prohibited.

**E1.** Medicines or vaccines not conforming to French laws are prohibited.

**E2.** Any matter depicting nude or seminude persons, pornographic or sexual items, or nonauthorized political materials is prohibited. Although religious materials contrary to the Islamic faith are prohibited in bulk quantities, items for the personal use of the addressee are permissible.

**E3.** Radio transceivers, cordless telephones, global positioning systems, scanners, base stations, and handheld transmitters are prohibited.

**F.** Firearms of any type are prohibited in all classes of mail. See definitions of firearms in DMM 601.11.1.2c. This restriction does not apply to firearms mailed to or by official U.S. government agencies. The restriction for mail to this APO/FPO ZIP Code does not apply to firearms mailed from this APO/FPO ZIP Code, provided ATF and USPS regulations are met. Antique firearms are a separate category defined in DMM 601.11.2 and ATF regulations; they do not require an ATF form.

**F1.** Privately owned weapons addressed to an individual are prohibited in any class of mail.

**F2.** Importation of firearms is restricted to one shotgun and one single shot .22 caliber rifle per individual.

**G.** Only First-Class Mail letters, Periodicals, and Standard Mail items are authorized.

**H.** Meats, including preserved meats, whether hermetically sealed or not, are prohibited.

**H1.** Pork or pork by-products are prohibited.

**I.** Mail of all classes must fit in a mail sack. Mail may not exceed the following dimensions:

Length	42" . . . . . 72" length and girth combined
42" . . . . . 44" . . . . . 44" girth	. . . . . 24" girth
over 44" to 46" . . . . . 46" girth	over 44" to 46" . . . . . 20" girth
over 46" to 48" . . . . . 48" girth	over 46" to 48" . . . . . 16" girth
Maximum length	48"

This restriction does not apply to registered mail and official government mail marked MOM.

**I1.** This restriction does not apply to registered mail.

**I2.** This restriction does not apply to official government mail marked MOM.

**J.** Parcels may not exceed 108 inches in length and girth combined.

**K.** Mail that includes in the address the words, "Dependent Mail Section," may consist only of letter mail, newspapers, magazines, and books. No parcel of any class containing any other matter may be mailed to the Dependent Mail section. This restriction does not apply if the address does not include the words "Dependent Mail Section."

**L.** All official mail is prohibited.

**M.** Fruits, animals, and living plants are prohibited.

**N.** Registered mail is prohibited.

**O.** Delivery status information for Extra Services is not available on USPS.com.

**P.** APO is used for the receipt and dispatch of official mail only.

**Q.** Mail may not exceed 66 pounds, and size is limited to 42 inches maximum length and 72 inches maximum length and girth combined.

**R.** All alcoholic beverages, including those mailable under DMM 601.8.0, are prohibited.

**R1.** Materials used in the production of alcoholic beverages (i.e., distilling material, hops, malts, yeast, etc.) are prohibited.

**T.** Mailings of case lots of food and supplemental household shipments must be approved by the sender's parent agency prior to mailing.

**U.** Parcels must weigh less than 16 ounces when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped."

**U1.** Mail is limited to First-Class Mail weighing 13 ounces or less when addressed to Box R. This restriction does not apply to mail endorsed "Free Matter for the Blind or Handicapped." Videotapes are prohibited when addressed to Box R, regardless of weight.

**U2.** Mail is limited to First-Class Mail letters only when addressed to Box R.

**U3.** Mail is limited to First-Class Mail correspondence (including voice and video cassettes), newspapers, magazines, photographs, not exceeding 16 ounces, when addressed to Box R.

**V.** Express Mail Military Service (EMMS) not available from any origin.

**V1.** Delivery Confirmation service is not available.

**W.** Meat products, such as dried beef, salami, and sausage, may be mailed, provided they remain in their original, hermetically sealed packages and bear USDA certification. Other meats, bones, skin, hair, feathers, horns or hoofs of hoofed animals, wool samples, tobacco leaves, including chewing and pipe tobacco, snuff, cigars, and cigarettes, or obscene material, including obscene drawings, photographs, films, and carvings, are prohibited. Exception: 200 grams of tobacco per parcel are permitted duty free.

**X.** Personal mail is limited to First-Class Mail items (to include audio cassettes and voice tapes) weighing 13 ounces or less. This limitation does not apply to official mail.

**Y.** Mail is limited to First-Class and Priority Mail items only. All Periodicals, Standard Mail items, and Package Services items (including SAM and PAL) are not authorized. This restriction also applies to official mail.

**Z.** No outside pieces (OSPs).

**Z1.** The following restriction is applicable only to International Service Centers (ISC)/Exchange Offices. An Anti-Pilferage Seal (Item No O817E or O818A) is required on all pouches and sacks.

## Field Information Kit: New Periodicals Prices Effective Sunday, July 15, 2007

The new mailing standards and prices for all Periodicals mail will be implemented Sunday, July 15, 2007. A complete summary of the Periodicals changes, as well as corresponding *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM<sup>®</sup>) changes, were published in the article titled “DMM Revision: New Standards for Periodicals Mailing Services” in *Postal Bulletin* 22208 (6-7-07, pages 13–29). New Periodicals rates and fees appear starting on page 53 of this issue of the *Postal Bulletin*, as well as on page 10 of Notice 123, *Ratefold*, which is available at [www.usps.com/ratecase](http://www.usps.com/ratecase). A list of Periodicals “frequently asked questions” is included with this Field Information Kit and is also available at [www.usps.com/ratecase](http://www.usps.com/ratecase).

The new prices encourage efficient mail preparation, offer more choices for the mailer, and help ensure that all types of Periodicals mail cover their costs. Periodicals mailers have new incentives to use efficient bundles and containers, and copalletization becomes a permanent offering to encourage more publishers to combine mailings. We have also added new prices for the nonadvertising portion of a mailing to give mailers of high-editorial-content publications access to lower destination entry rates.

On May 14, 2007, the Postal Service<sup>™</sup> implemented new prices and mailing standards to support the majority of the pricing changes recommended by the Postal Regulatory Commission (PRC) in Docket No. R2006-1 and accepted by the Governors of the United States Postal Service<sup>®</sup>. The Postal Service Board of Governors delayed the implementation of new Periodicals prices and mailing standards until July 15, 2007, to give Postal Service employees and mailers more time to prepare for the complex pricing structure recommended by the Commission.

The PRC recommended rates based on pieces and pounds as well as on bundles and containers for Outside-County pieces. Piece rates vary based on mailpiece characteristics such as machinability, barcoding, and presort level. Bundle rates are based on bundle and container level, and container rates are based on container level and point of entry. The new rate structure explicitly recognizes the cost differences between various bundles, containers, and entry points. Ideally, mailers will respond to these price signals, bring down costs, and improve the efficiency of all Periodicals mail. The rate structure for In-County Periodicals does not change. In-County Periodicals prices continue to be based on pieces, pounds, and destination delivery unit entry.

Most of the basic mail preparation standards did not change as a result of the new rate structure. Mailers will still follow the mail preparation requirements in DMM 705, 707, and 708, as appropriate, which specify when to prepare mail in (presort destination) bundles and when to place it in/on trays (letters and flats trays), sacks, and pallets. Mailers

must continue to follow the preparation and entry requirements in the DMM. Mailers cannot choose to use certain containers (or not to use containers) to circumvent paying the new rates.

International Publishers' Periodicals rates were eliminated on May 14, 2007. Mailing options for International Publishers' Periodicals now include the following: International Priority Airmail<sup>™</sup> (IPA<sup>®</sup>), M-bags, and International Surface Air Lift<sup>®</sup> (ISAL<sup>®</sup>) using a valid permit imprint account and PS Form 3700, *Postage Statement — International Mail*. Remember: such mailings must contain a minimum of 200 pieces or 50 pounds. “Single-piece” mailing options include First-Class Mail International<sup>™</sup> service and Priority Mail International<sup>™</sup> service. When Periodicals mailers affix postage using a postage meter (or PC Postage<sup>™</sup>) for publications mailed at First-Class Mail International or Priority Mail International rates, they do not need to submit PS Form 3700.

### New PS Form 3541 and PS Form 3541-M

PS Form 3541, *Postage Statement — Periodicals: One Issue or One Edition*, and PS Form 3541-M, *Postage Statement — Periodicals: All Issues in a Calendar Month*, have been revised to implement the new Outside-County Periodicals prices based on pieces, pounds, bundles, and containers, as well as the new nonadvertising pound destination entry options. All postage statements are available at [www.usps.com/ratecase](http://www.usps.com/ratecase) in Adobe PDF (print-only) format.

Beginning July 15, 2007, all Periodicals mailers must use the July 2007 editions of PS Form 3541 and PS Form 3541-M, as appropriate. (For PS Form 3541, an approved facsimile is acceptable.) All previous versions are obsolete as of July 15, 2007, and must not be used, not even for mailings of “back issues.” Also, all mailings of Outside-County back issues at Periodicals rates, regardless of the number of copies mailed, are subject to all pound, piece, bundle, and container rate charges. Whenever possible, postmasters and managers of Business Mail Entry should encourage their customers and staff to use the Web site ([www.usps.com/ratecase](http://www.usps.com/ratecase)) to obtain postage statements. Managers of Business Mail Entry, working with district and area implementation coordinators, must ensure that all Post Offices<sup>™</sup> and detached mail units within their district's service areas have access to all new postage statements to satisfy the needs of local publishers, as well as printers and letter-shops that prepare and enter Periodicals mailings (including any pending Periodicals publications). District offices must supply postage statements to Post Offices without Internet access. Ordering procedures for printed copies of the July 2007 editions of PS Form 3541 and PS Form 3541-M will appear in a future issue of the *Postal Bulletin*. Mailers with questions regarding the use and availability of postage statements should contact the Post Office where they enter their mailings.

Employees with questions should contact their district manager of Business Mail Entry. A copy of PS Form 3541 appears starting on page [57](#) of this issue of the *Postal Bulletin*. Also, see the article titled "Completing the Periodicals Postage Statement," which appears starting on page [65](#) of this issue of the *Postal Bulletin*.

Keep in mind that Periodicals published on a less-than-monthly basis (including "monthlies" that may not publish during the summer months) may be several months away from their first mailing under the new rate structure after July 15, 2007.

Periodicals publications authorized to use monthly postage statement reporting under DMM 707.17.5 will have to terminate their July 2007 statement on July 14, 2007, to include all mailings deposited July 1 through July 14, 2007. A second monthly statement (using the July 2007 edition) must begin July 15, 2007, and include all remaining mailings through July 31, 2007. Managers of Business Mail Entry and postmasters should use this opportunity to determine if continuing monthly statement reporting is warranted and if the publisher can meet the additional documentation requirements for Outside-County Periodicals mailings under the monthly statement format. Publishers today, through various means such as presort software, may be better able to provide individual statements for each issue or edition.

Periodicals mailers who enter their mailings at Post Offices supported by *PostalOne!* should be encouraged to utilize the *PostalOne!* system's ability to submit domestic postage statements using a secure Internet connection. All that is needed is an Internet connection and a logon ID. The system offers different features for mail owners and mailing agents. For additional information, customers can go to [www.usps.com/postalone](http://www.usps.com/postalone); under "New Customers: Apply for a *PostalOne!* account," click on the *Learn More* button.

### Preparing Customers (Business Mail Entry)

Managers of Business Mail Entry, working with the postmasters, are responsible for informing Periodicals customers within their districts of the upcoming changes to Periodicals mail.

- Meet with Periodicals customers in the district.
- Use the information provided in this Field Information Kit. Use the customer letter and fact sheet starting on page [55](#) of this issue of the *Postal Bulletin* to notify Periodicals customers.

### Preparing Employees (Business Mail Entry)

Managers of Business Mail Entry at each district are responsible for training their employees on the changes to Periodicals mail.

- View Business Mail Acceptance Webcast Training. Business Mail Acceptance is currently conducting Ratecase Periodicals Webcast training sessions. Go to <http://blue.usps.gov/bma> for the webcast schedule. Ensure that all business mail entry employees who handle Periodicals mail view one of the scheduled webcasts. Note: A webcast will be recorded and available for a limited time (60 days) for future viewing.
- Ensure access is available to the new Periodicals postage statements. Managers of Business Mail Entry, working with district and area implementation coordinators, must ensure that all Post Offices and detached mail units within their districts have access to all new postage statements to satisfy the needs of local publishers, as well as printers and letter-shops that prepare and enter Periodicals mailings (including any pending Periodicals publications). District offices must supply postage statements to Post Offices without Internet access. Ordering procedures for printed copies of the July 2007 editions of PS Form 3541 and PS Form 3541-M will appear in a future issue of the *Postal Bulletin*.
- Review this Field Information Kit in its entirety and access the information available online at [www.usps.com/ratecase](http://www.usps.com/ratecase) and <http://blue.usps.gov/bma> to become familiar with the changes to Periodicals mail.

### Preparing Employees (Operations/Delivery)

- Please deliver the stand-up talk included with this Field Information Kit to all operations and delivery unit employees as soon as possible.

### FAQs About Periodicals

1. *Why are the price increases larger for some Periodicals Mail?*

Periodicals prices reflect the increased costs of handling this mail. The new pricing is intended to encourage efficient mailing behavior such as preparing mail in containers that are easy to process (pallets) and drop shipping the mail closer to destination. Mail that is prepared in sacks and/or is not entered deeply into the system incurs additional processing costs which, in turn, result in higher prices. The prices continue to encourage co-palletization, with less complexity than the previous co-palletization experiments.

2. *Did the rates for Periodicals nonprofit mail change as well?*

Yes. Nonprofit and Classroom price structures continue to mirror Outside-County rates and receive a 5-percent discount off the Outside-County postage, excluding the advertising pound postage.

3. *Until May 14, I used the Publisher's Periodicals rates to mail my publications to foreign countries. What practical options are now available?*

Mailing options for Publishers' Periodicals include International Priority Airmail (IPA), M-bag, and International Surface Air Lift (ISAL). "Single-piece" mailing options would be First-Class Mail International and Priority Mail International.

4. *If I choose to use Priority Mail International to mail my foreign copies, and pay postage online using Click-N-Ship<sup>®</sup>, do I qualify for the 5-percent postage discount?*

Yes — and not only with Click-N-Ship but also through an authorized postage vendor. For more information, see the March/April 2007 issue of MailPro.

5. *Can Periodicals publications be mailed to foreign countries using the Priority Mail International flat rate envelope and flat rate box options?*

Yes. Keep in mind the flat-rate envelope has a 4-pound weight limit and the flat-rate box has a 20-pound weight limit. If postage is paid using Click-N-Ship, or authorized postage vendor, the 5-percent postage discount also applies.

6. *If I use my postage meter (or PC postage) to affix postage for publications mailed at First-Class Mail International or Priority Mail International, do I still have to complete PS Form 3700, Postage Statement — International Mail?*

No.

7. *Is the Ride-Along rate still available?*

Yes, the Periodicals Ride-Along rate will be \$0.155.

8. *Do the fees associated with Periodicals mail change?*

Yes, Periodicals fees will be: original entry \$500; reentry \$55; additional entry \$75; news agent registry \$45.

9. *How much mail is needed to prepare a pallet?*

The minimum weight for flats and irregular parcels prepared in bundles and placed directly on a pallet is 250 pounds. However, there is no minimum weight for pallets entered at a destination delivery unit. Also, SCF pallets entered at an individual destination SCF or ADC pallets entered at an individual destination ADC may contain a minimum of 100 pounds of mail.

Any pallets entered at a destination BMC must contain a minimum of 250 pounds.

## FAQs About Bundle and Container Rate

1. *Where can I find a listing of the bundle and container rates?*

Periodicals bundle and container rates are included with the new Periodicals rates and fees starting on page 53 of this issue of the *Postal Bulletin*.

2. *What if sacks are placed on pallets or in some other container?*

The container rates would apply to each sack not the pallet or secondary containers.

3. *How do bundle and container rates apply if I enter my mail at the DDU under the "exception to sacking" rule for carrier route bundles?*

For mailings prepared and entered under the exception to sacking rule, mailers pay only the 5-digit carrier route bundle rate for each carrier route bundle prepared.

4. *What if more than one publication is co-mailed?*

There are three options to pay the bundle and container charges:

- The appropriate bundle and container rates can be claimed on the postage statement of one of the publications.
- A separate PS Form 3541 can be submitted to pay the bundle and container rates for the entire mailing using the printer's permit imprint account.
- A third option allows consolidators to prorate the bundle and container rates on each postage statement in the pool if they electronically submit their qualification report using Mail.dat.

5. *I see there are bundle and container rates for Outside-County Periodicals mail, but not for other classes of mail. Why?*

We need to encourage more efficient mail preparation for Periodicals mail because this class of mail has the most to gain from better mail preparation. The new rate structure closely aligns the cost of handling pieces, bundles, and containers with their associated rates.

6. *Will In-County Periodicals mail have bundle and container rates?*

No. The In-County prices do not include bundle and container rates. Also, any carrier route or 5-digit bundles and containers consisting of In-County and Outside County copies are not subject to the bundle or container rates.

## Stand-Up Talk for All Operations and Delivery Unit Employees

*[Please read this stand-up talk to all operations and delivery unit employees and then post copies on employee bulletin boards.]*

New price changes for all Periodicals mail will be effective Sunday, July 15, 2007. We have previously discussed some of the highlights of the new prices for other classes of mail that took effect May 14. Today we will discuss how the changes may affect our employees and customers and how these changes may specifically impact delivery unit operations.

The Outside-County Periodicals changes include bundle and container charges, and mailers will pay for each

bundle and container prepared. Given this, we should see more efficient mail preparation from mailers as they adjust to the new rates and fees. Basically, there is no change to existing mail preparation, other than more mailings may now be entered at DBMC/ASFs for "dock transfer." Such mailings must be prepared on ADC, SCF, 3-digit, and 5-digit pallets. Periodicals mailings will not be prepared and labeled to BMC destinations just transferred through the BMC/ASFs. Therefore, BMC and ASF destination facilities will likely see an increase in Periodicals mailings entered at their facilities on pallets. The rate structure for In-County Periodicals does not change. In-County Periodicals prices continue to be based on pieces, pounds, and destination delivery unit entry.

## Periodicals: Letters, Flats, & Parcels

### Periodicals (Rates Effective July 15, 2007)

Outside-County—Including Science-of-Agriculture

**Pound Rates**—per pound or fraction

ADVERTISING PORTION			NONADVERTISING PORTION			<b>Preferred Rate Discount:</b> Authorized nonprofit and classroom mailers receive a discount of 5% off the total Outside-County postage excluding the postage for advertising pounds. The 5% discount does not apply to commingled nonsubscriber copies in excess of the 10% allowance in DMM 707.7.

**SAMPLE LETTER TO PERIODICALS MAILER****[INSERT DATE]****[INSERT NAME]****[INSERT TITLE]****[INSERT ORGANIZATION]****[INSERT ADDRESS]****[INSERT CITY, STATE, ZIP+4]**

Dear Periodicals Mailer:

As a valued customer, we want to keep you informed about the upcoming changes to Periodicals mail. On July 15, we'll implement new prices, fees, and mailing standards.

For Outside-County Periodicals, the new prices are based on pieces and pounds, and on bundles and containers. The new piece rates vary based on machinability, barcoding, and presort level. Bundle and container rates vary based on presort level and point of entry. For In-County Periodicals, the rate design is still based on pieces and pounds, as it is today.

Attached is a copy of the new Periodicals rates, a new PS Form 3541 (Periodicals Postage Statement), and a fact sheet. You must use the new postage statement beginning July 15. This new statement, along with additional information such as frequently asked questions, is available at [www.usps.com/ratecase](http://www.usps.com/ratecase).

If you have any questions or need help completing the new postage statement, please give me a call, **[INSERT NAME]**, **[INSERT TITLE]** at **[INSERT PHONE NUMBER]**, between the hours of **[INSERT TIME]** and **[INSERT TIME]**, Monday through Friday.

Sincerely,

**[SIGN]****[INSERT NAME]****[INSERT TITLE]**

## Pricing Change at a Glance

---

### New Prices Effective July 15, 2007

#### Overview

- New prices for In-County and Outside-County Periodicals mail, and all Periodicals fees. New prices reflect cost differences and encourage efficiency.
- Minor changes to mail preparation and documentation requirements.
- Mailers must use new Periodicals postage statement beginning July 15.

#### In-County Periodicals

- Rate structure still based on pieces and pounds. All new prices.

#### Outside-County Periodicals

##### ***New prices—***

- Rate structure now based on pieces, pounds, bundles, and containers. Refer to page 10 of the new *Ratefold*.
- New piece rates based on mailpiece shape, machinability, barcoding, and bundle level. Separate rates for firm bundles and carrier route pieces.
- New pound rates include destination entry rates for both the advertising and nonadvertising portions.
- New bundle rates based on the presort level of the bundle and the container.
- New container rates based on the type of container, presort level, and entry point.

##### ***New mail preparation—***

- Copalletization becomes a regular option available to all mailers.
- 5-digit and 3-digit scheme bundles required for some flats.
- 5-digit scheme sacks required for some flats.
- New 4.4 pound weight limit for nonmachinable flats.
- Letter trays must be at least 85% full.

##### ***New documentation requirements—***

- New bundle and container reports.

*Refer to the Domestic Mail Manual for complete mailing standards.*

## Instructions

Use this form for Periodicals mailings.

**Step 1:** Complete Mailer and Mailing sections on page 1.

**Step 2:** Before you complete the Postage section, go to parts A through E and complete the part(s) that pertain to your mailing. The following information will help you determine which parts to complete:

**Parts A** — In-County piece and pound rates.

**Parts B** — Outside-County pound rates.

**Parts C** — Outside-County piece rates.

**Parts D** — Outside-County bundle rates.

**Parts E** — Outside-County sack/tray/pallet rates.

**Parts F** — Outside-County Ride-along and Repositionable Notes rates.

**Step 3:** Complete only applicable part(s), as follows:

1. For In-County mailings, complete only part A.
2. For Outside-County mailings, complete applicable parts B through F.

**Step 4:** Go to the Postage Section on page 1. Add postage from Part Total box for each completed part. Bring these totals forward to front page and insert in appropriate box. For outside-county sack/tray/pallet rates, complete distribution section in order to determine Part E total. Add all parts together to get Total Postage.

**Step 5:** Read and sign the Certification section, including your telephone number. Attach all completed pages together to submit with the mailing. (Do not include blank pages.)

**Information:** For more information on mailing standards, rates, and fees please go to Postal Explorer at [pe.usps.com](http://pe.usps.com).

## Completion of Periodicals Postage Statement

The July 2007 edition of PS Form 3541, *Postage Statement — Periodicals: One Issue or One Edition*, consists of eight total pages. Depending on the mailing situation, not all pages may be needed for every mailing. Mailers need to complete and submit only the applicable sections and line items pertaining to their mailings. Mailers should review the new Periodicals postage statement prior to their first mailing after July 15, 2007. Post Offices™ should provide assistance to their mailers. A copy of PS Form 3541 begins on page 57 of this issue of the *Postal Bulletin* and is also available at [www.usps.com/ratecase](http://www.usps.com/ratecase).

### In-County Rates (Page 2)

If the mailing includes an In-County portion, the mailer completes “Part A,” page 2. Remember, except for prices, there are no changes to In-County Periodicals mail. Line A1 is for destination delivery unit (DDU) pounds, and Line A2 is for other (non-DDU) pounds. The sum of all pound rates (Lines A1 and A2) is reported on Line A3. Total copies and addressed pieces are reported according to rate and presort level on Lines A4 through A15. The sum of all piece rates (Lines A4 through A15) is reported on Line A16. Line A17 is for DDU-eligible pieces. Ride-Along pieces and Repositionable Notes (RPNs), if any, are reported on Lines A20 and A21, respectively. Total In-County postage is reported on Line A23 and carried forward to the “Part A — In-County Rates” line on page 1.

### Outside-County Rates (Starting on Page 3)

In Part B, Lines B1 through B10 are for advertising pounds, and Lines B12 through B14 are for the new destination entry nonadvertising pounds. Line B15 is for all other nonadvertising pounds. The sum of advertising pounds (Line B11) and nonadvertising pounds (Line B16) is reported on Line B17 and carried forward to the “Part B — Outside County Pound Rates” line on page 1.

Outside-County total copies and addressed pieces are reported on page 4 in Part C. There are significant changes to piece rate eligibility and reporting. Barcoded (automation-rate) and nonbarcoded (nonautomation-rate) “machinable flats” are reported according to presort level on Lines C1 through C8. Machinable flats must meet the criteria for AFSM 100-compatibility in *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* 301.3.0. Barcoded flats bear a ZIP + 4® barcode, a delivery point barcode, or an Intelligent Mail® barcode (with a ZIP + 4 or delivery point routing code).

Barcoded and nonbarcoded “nonmachinable flats” and “parcels” are reported according to presort level on Lines C9 through C16. Nonmachinable flats must meet the criteria for UFSM 1000-compatibility in (revised) DMM 707.26.0. Barcoded flats must bear a ZIP + 4 barcode, a delivery point barcode, or an Intelligent Mail

barcode (with a ZIP + 4 or delivery point routing code). Barcoded nonmachinable flats meeting the criteria in DMM 707.26.0 that are prepared in 5-digit bundles are eligible for the same \$0.268, 5-digit barcoded rate for machinable flats, and as noted in the previous paragraph, they are reported on Line C7, not on Line C15. All other barcoded nonmachinable flats are reported on Lines C9, C11, and C13, as appropriate. Parcels are not eligible for barcoded rates, and they are reported according to presort level on the nonbarcoded Lines C10 through C16.

Barcoded and nonbarcoded letters are reported according to presort level on Lines C17 through C24. Barcoded letters must meet the criteria in DMM 201.3.0. Barcoded letters must bear a delivery point barcode or an Intelligent Mail barcode (with a delivery point routing code). Nonbarcoded letters must also meet the physical characteristics for letters in DMM 201. Pieces that do not meet letter-size standards are reported as “machinable nonbarcoded flats” using Lines C2 through C8.

All carrier route eligible pieces (letters and flats) are reported according to carrier route level using lines C25 through C27. All “firm” bundles, regardless of container level, are reported on Line C28. All Outside-County firm bundles have their own distinct piece rate, and they no longer contribute towards minimum presort eligibility for other corresponding presort level pieces.

The sum of all piece rates (Lines C1 through C28) is reported on Line C29. The nonadvertising adjustment (\$0.00091) is claimed on Line C30, and the resulting piece rate total is reported on Line 31 and carried forward to “Part C — Outside County Piece Rates” line on page 1.

The new Outside-County bundle rates are reported according to presort level and container level on page 5, in Part D using Lines D1 through D17. The type of container has no bearing on the bundle rate. Data on bundle rate charges must come from the “bundle report” portion of the mailer’s presort documentation. Any carrier route and 5-digit/scheme bundles containing In-County pieces are not subject to bundle rates. Letters prepared in full letter trays (minimum 85 percent full, with no bundling), as well as AFSM 100-compatible flats prepared (stacked) in ADC, origin mixed ADC, and mixed ADC trays, are not subject to bundle rates (only the appropriate container rates). Also, carrier route bundles properly prepared and entered at a DDU under the “exception to sacking” rule in DMM 707.23.4.2 pay the 5-digit carrier route bundle rate (Line D16) and are not subject to a container rate. The total of all bundle rates is reported on Line D18 and carried forward to “Part D — Outside County Bundle Rates” line on page 1.

The new Outside-County container rates are reported starting on page 6, Part E. Sacks and trays are reported using Lines E1 through E24, as appropriate, and pallets are

reported on page 7 using Lines E26 through E46, as appropriate. Data on container rate charges must come from the “container report” portion of the mailer’s presort documentation. Any carrier route, 5-digit carrier routes, or 5-digit/scheme sacks, trays, or pallets containing In-County pieces are not subject to container rates. Container rates for sacks, trays, or other equivalent USPS®-approved containers are the same based on the level of sortation and where the container is entered. If sacks or trays are placed on pallets, the container rates are based on each sack or tray only, not the pallet. Sacks and trays entered at origin (not at a destination entry facility) pay the same origin container rate based on the container level, but they should be reported using the appropriate origin facility line. The sum of Lines E1 through E24 is reported on Line E25. If the mailing does not include a palletized portion (e.g., bundles placed directly on pallets), the total on Line E25 is carried forward to “Part E — Outside County Sack/Tray/Pallet Rates” line on page 1.

If the mailing (or any portion) is prepared directly on pallets, the container rates for pallets are reported using Lines E26 through E46 on page 7. Container rates for pallets or other equivalent USPS-approved containers are based on the level of sortation of the pallet and where the pallet is

entered. Pallets entered at origin (not at a destination entry facility) pay the same origin container rate based on the pallet level, but they should be reported using the appropriate origin facility line. The sum of Lines E26 through E46 is reported on Line E47. The sum of Line E47 and Line E25, if applicable, is carried forward to the “Part E — Outside County Sack/Tray/Pallet Rates” line on page 1.

Outside-County Ride-Along pieces and RPNs, if any, are reported on Lines F1 and F2, respectively. The sum of lines F1 and F2 is reported on Line F3 and carried forward to the “Part F — Outside County Ride-Along and Repositionable Notes” line on page 1.

### **Completion of Page 1**

Authorized Nonprofit and Classroom publications claim their 5-percent discount off the total Outside-County postage (excluding postage for advertising pounds, Ride-Along pieces, and RPNs) on page 1 immediately below Part E postage. Add the totals from Line B16 (page 3) and Parts C, D, and E (page 1). Multiply the sum by 0.05 and enter the result in the minus (–) column. Total Outside-County Periodicals postage is reported on the “Total Postage” line, page 1. Finally, mailers complete the “mailer” and “mailing” sections.

### Stamp Announcement 07-28: Marvel Super Heroes

Copyright 2007 USPS

On July 26, 2007, in San Diego, California, the Postal Service™ will issue 41-cent, *Marvel Super Heroes* commemorative stamps in 20 designs. Designed by Carl T. Herrman of Carlsbad, California, the stamps go on sale nationwide July 26, 2007.

The *Marvel Super Heroes* stamps will be available in a pressure-sensitive adhesive (PSA) pane of 20 (Item 461400) and a booklet of 20 stamped postal cards (Item 896000).

With these 20 colorful stamps, the Postal Service salutes several stars from the world of Marvel Comics. For decades, Super Heroes have been nearly synonymous with the comic book medium; their adventures provide an escape from the everyday and demonstrate that individuals can make a difference. Ten of the stamps on this pane show covers of classic comic books devoted to the exploits of *Marvel Super Heroes*; the remaining ten stamps show portraits of individual characters.

#### Marvel Covers

- Amazing Spider-Man # 1  
March 1963  
Art by Jack Kirby and Steve Ditko
- Marvel Spotlight # 32  
February 1977

### How to Order First Day of Issue Postmark

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, at The Postal Store® Web site at [www.usps.com/shop](http://www.usps.com/shop), and by telephone at 800-STAMP-24. They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to:

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked by September 24, 2007.

### Special Dedication Postmarks

Due to a contractual agreement with Marvel Enterprises, Inc., only the following pictorial postmarks are permitted. Post Offices planning events are prohibited from designing their own special pictorial postmark featuring Marvel Super Heroes characters or the Marvel Super Heroes name or logo on new art. The word “Station” or the abbreviation “STA” is required somewhere in the design, because it will be a temporary station.

**Guidelines for Finalizing Marvel Super Heroes Stamps Pictorial Postmark**

**Unfinished Art**

To finalize the *Marvel Super Heroes* stamps pictorial postmark art, insert the date, city, state, and ZIP Code™ of the physical location of your event adjacent to the stamps image. Overall dimensions of the pictorial postmark must not exceed 4 inches horizontally by 2 inches vertically. Collectors prefer the dimensions 3 ½ inches by 1 inch.

**How to Order First Day Covers**

Stamp Fulfillment Services also offers first day covers for new stamp issues and Postal Service stationery items post-marked with the official first day of issue cancellation. Each item has an individual catalog number and is offered in the quarterly *USA Philatelic* catalog. Customers may request a free catalog by calling 800-STAMP-24 or writing to:

**Distribution: Item 461400, 41-cent Marvel Super Heroes PSA Pane of 20 Stamps**

Stamp Distribution Offices (SDOs) will receive approximately 265 percent of their standard automatic distribution quantity for a PSA sheet stamp. Distributions will be in multiple waves.

Wave 1 shipments, which began June 11, 2007, will be completed by June 27, 2007. Wave 2 shipments, which will begin July 9, 2007, will be completed by July 25, 2007. Distributions are rounded up to the nearest master carton size (40,000 stamps).

### Initial Supply to Post Offices

From the initial shipments of Item 461400 received by SDOs, a subsequent automatic distribution will be made to Post Offices for their full standard automatic distribution quantities using PS Form 17, *Stamp Requisition/Stamp Return*. SDOs must not distribute stamps to Post Offices before July 20, 2007.

### Additional Supply

Post Offices requiring additional Item 461400 must requisition them from their designated SDO using PS Form 17. SDOs requiring additional stamps must order them from the appropriate accountable paper depository (APD) using PS Form 17.

Following the completion of the Wave 2 shipments to SDOs, the San Francisco, New York, Chicago, and Memphis APDs will each receive 5,040,000 additional stamps; and the Denver APD will receive 1,680,000 additional stamps, for fulfilling supplemental orders from SDOs.

Also, the Kansas City Stamp Services Center will receive 13,440,000 additional stamps for fulfilling supplemental orders from APDs.

### Sales Policy

All Post Offices must acquire and maintain a supply of each new commemorative stamp as long as customer demand exists, until inventory is depleted, or until the stamp is officially withdrawn from sale. If supplies run low, Post Offices must reorder additional quantities using their normal ordering procedures.

— Stamp Services,  
Government Relations, 6-21-07

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date*.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

## How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, and at The Postal Store® Web site at [www.usps.com/shop](http://www.usps.com/shop).

Customers may submit #6 or #10 covers constructed of paper rated as “laser safe.” The Postal Service™ recommends 80-pound Accent Opaque, acid-free envelopes, 9/16” side seams with no glue on the flap. There is a minimum of 10 covers at 50 cents per postmark required at the time of servicing. You may submit a check, money order, or credit card for payment. Two test envelopes must be included. For covers with graphics or lettering, please note the maximum size of all digital color postmarks is 2" high x 4" long. The Postal Service

reserves the right not to accept hand painted and other cachets that are not compatible with our digital color postmark. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked within 60 days of the first day of issue date.

They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to the following address:

## Stamp Announcement Correction: Chippendale Chair

In the article “Stamp Announcement 07-27: Chippendale Chair” in *Postal Bulletin* 22208 (6-7-07), on page 92, under the heading Philatelic Products, the price

of the First Day Cover (Item 785662) is incorrectly given as \$0.87. The price is \$0.81.

Government Relations, Supply Management, 6-21-07

## Supply Management

### Mobile Mail Screening Station

The United States Postal Inspection Service® deployed its new self-sufficient mobile mail screening station (MMSS) during the week of June 11 at the Global Initiative to Combat Nuclear Terrorism Conference held in Miami, FL.

The MMSS can detect chemical, biological, radiological, nuclear, and explosive threats. This state-of-the-art, 53-foot custom tractor-trailer contains eight functional areas specifically designed to incorporate new and existing technology. Depending on the anticipated mail volume at a given event, the MMSS will require five to eight people to staff and operate.

Future assignments will likely include all future National Security special events (NSSEs). Two of the largest NSSEs will be the 2008 Democratic National Convention and the Republican National Convention — serious jobs for a no-nonsense piece of technology.

The Postal Inspection Service developed MMSS to enable comprehensive mail screening at special events. The Technical Services Division of the U.S. Postal Inspection Service developed the initial designs, wrote the specifications, and identified the needed technologies. The Postal Inspection Service collaborated with Postal Service™ contracting experts to turn this concept into a reality.

The supply management professionals at the Eastern Services Category Management Center (CMC) assisted in sourcing a best-in-class custom trailer manufacturer. Working together, the cross-functional purchase team completed the work on schedule and under budget.

The MMSS is an important step toward improving homeland security and should make all Postal Service and Postal Inspection Service employees proud, while making all of the American families we serve safer and more secure.

— Supply Management,  
Eastern Services CMC, 6-21-07
