## USPSNEWS@WORK

### USPS to pilot voluntary survey on race and ethnicity

The shifting demographics of today's workforce have caused the Office of Management and Budget to revise the standards for the classification of federal data on ethnicity and race.

The Equal Employment Opportunity Commission has adopted those standards and USPS is required to comply with the Commission's new reporting requirements.

In the past, Postal Service employees were able to select either race or ethnicity and were unable to select more than one race. Because of that, the racial and ethnic information recorded when you were first hired may be incomplete or incorrect.

A survey being piloted this September in the Southeast New England and Suncoast Districts will change that. The USPS Workplace Survey on Ethnicity and Race opens the door for employees to update their racial and ethnic profile kept in employee records.

The office of National Diversity Initiatives is rolling out the pilot survey so employees can voluntarily self-identify their race and their ethnicity. The national survey to all USPS employees will roll out in early 2008.

Employees are strongly encouraged to complete the survey even if they have submitted this information in the past. Individual participation is voluntary, confidential and has no impact on employment status.

### Smooth operators

It's a safety milestone few ever reach. The Jacksonville, FL, Bulk Mail Center transportation team recently made their 2 millionth trailer move — covering a span of seven years — without a single accident. The achievement amounts to roughly 800 trailer moves a day for more than 2,500 consecutive days.

Jacksonville BMC Manager Yvonne Wecker congratulates Driver Gerald Cockrum after he completed the facility's 2 millionth accident-free trailer move.

Jacksonville postal and union officials cheered Motor Vehicle Driver Gerald Cockrum, a National Safety Award honoree, as he made the historic trailer move.

The BMC is rapidly approaching another landmark safety accomplishment. This October the facility anticipates marking its fourth consecutive year without an industrial accident in its transportation area.

### USPS, SEPOMEX to improve cross-border mail services

USPS and the Servicio Postal Mexicano (SEPOMEX) have signed an agreement to improve mail services between the United States and Mexico.

As part of the agreement, USPS will assist SEPOMEX in developing its own transformation plan — drawing on the Postal Service's successful experience with strategic transformation since 2002.

The agreement also sets the stage for SEPOMEX and USPS to explore and develop joint business opportunities and improve cross-border services, focusing on International Express Mail service, air mail parcels and package services.

USPS also has agreed to support SEPOMEX in developing its own postal inspection group, including selecting, hiring and training postal inspectors. And, the two agencies will establish a joint work group to improve customs clearance procedures.

### Georgia worksite earns VPP Star

The Brunswick, GA, Post Office is the first facility in the South Georgia District to earn the Occupational Safety and Health Administration's (OSHA) highest safety honor — Voluntary Protection Programs (VPP) Star status.

OSHA representative John Deifer presented the VPP Star flag to Brunswick Post Office employees at a recent celebration ceremony.

OSHA has honored the worksite's safety practices before. Last year, they awarded the facility with its Best Practices Award after management changed the plastic wheels on all of its in-house hampers to rubber wheels. The improvements made it easier for employees to push the containers and reduced muscular and back hazards.

## Two good programs that work great together

Two USPS programs will be joining forces this summer. The Enterprise Resource Management System (eRMS) and the Time and Attendance Collection System (TACS) are used by the Postal Service to manage leave and record clock rings, respectively. The two applications will maintain their functionality while sharing the same database.

Pilot sites in the Tennessee Performance Cluster are scheduled to go online in September. A phased national release is set for October. New features resulting from the merger will be real-time leave information for managers and supervisors, eRMS leave management protocols applied to TACS leave entry and TACS providing eRMS with "Available for Duty" statistics.

Web-based training is available. Login to eLearning at <http://aes.usps.gov> and select "eRMS System Changes," course number 31Q0138.

## 662 Licensing

Licensing, Product Development, determines which persons are allowed to develop products bearing Postal Service trademarks and copyrighted materials and where those products can be sold commercially.

### 662.1 Purchase of Postal Service Officially Licensed Merchandise

When employees purchase merchandise for use in their office or otherwise as part of their employment and the merchandise has a trademark, stamp design, or other image owned by the Postal Service, the employee must confirm that the merchandise is the Postal Service's "officially licensed merchandise." If an employee determines that a particular vendor is not a Postal Service licensee, he or she should notify Licensing, Product Development, at the address, e-mail, or fax number in 662.3.

### 662.2 Definition of Officially Licensed Merchandise

*Officially licensed merchandise* is any product purchased by or licensed from the Postal Service that displays or incorporates trademarks or copyrighted materials such as: stamps, photographs, or other images. The product, its packaging, or both must carry a hang-tag or label or a statement that the item is "officially licensed merchandise" or is under license from the Postal Service.

- b. Permission to film and take still photographs on Postal Service property (this includes granting

access to the property and granting permission to film or take photographs on the premises).

- c. Permission for the commercial filming and photography of Postal Service vehicles and other items bearing a trademark or copyrighted material owned by the Postal Service not located on Postal Service premises.

Likewise, it does not require one for the reporting of current news in newspapers, news magazines, news journals, and other media.

For the aforementioned uses, users must cite the source of the image, the United States Postal Service, and include language crediting the Postal Service and noting its rights, such as: “© United States Postal Service. All rights reserved.”

Users must cite the source of the image, the United States Postal Service, and include language crediting the Postal Service and noting its rights, such as: “© United States Postal Service. All rights reserved.”

All uses must consist of the unaltered, original image or text as issued or published by the Postal Service. Any modification or alteration to an image or to text constitutes an unauthorized use.

### 663.413 Reproduction and Administrative Fees

### 663.42 Permission to Film and Photograph Postal Property

#### 663.421 Written Permission Required

Before giving individuals, businesses, media entities, or other entities access to Postal Service vehicles or Postal Service premises to film or take photographs, an employee must confirm that Integration and Planning has granted written permission to do so.

#### 663.422 Certificate of Insurance Required

Filming approval requires the coordination of local Postal Service officials. In addition, at their own cost and expense, approved applicants will be required to present a Certificate of Insurance at least 3 days before filming, naming the

Postal Service as an additional insured party. The insurance must include: (a) General Liability; (b) Automobile Liability; (c) Property All Risks Insurance, which shall contain a waiver of subrogation in favor of the Postal Service; and (d) Workers' Compensation, as required by law.

#### 663.423 Location Fees

The Postal Service charges an hourly or a daily fee for filming on Postal Service premises or using Postal Service property. We base the fee on the location of the Post Office, size of the production, and the amount of disruption that may be caused to the Postal Service. While only Postal Service employees are allowed to drive Postal Service vehicles, location fees are also charged for the use of Postal Service trucks and other vehicles in filming. The minimum fee can be found at [www.usps.com/rightsandpermissions](http://www.usps.com/rightsandpermissions).

#### 663.43 Co-Branding in Established Legal Relationships

Entities that already have existing legal relationships or alliances with the Postal Service must still get approval for trademark usage. The terms of the contract or agreement

with the Postal Service should contain licensing terms that set out the parameters of Postal Service trademark use. If the contract or agreement does not contain such licensing terms, an amendment containing such permission must be added. Brand Equity and Design must review all use of Postal Service trademarks.

## DMM Revision: New Option for Mailing Shipments Approved Under Department of Transportation Special Permit Authorization 9275

Effective September 13, 2007, we are revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to allow shippers, who are authorized under Department of Transportation (DOT) Special Permit 9275, to use the Postal Service™ to mail shipments covered under the special permit.

Current Postal Service standards allow transportation of flammable solids and liquids under the "Small Quantity Provision," which permits the mailing of small quantities of flammable liquids and solids via air transportation. See Publication 52, *Hazardous, Restricted, and Perishable Mail*, part 334 (April 2006). The term "small quantity" is defined as the maximum amount of a specific hazardous material that is not subject to any DOT packaging, marking, or labeling requirements other than those in 49 CFR 173.4. The Postal Service small quantity provisions were adopted prior to 1999 and are substantially similar to the DOT small quantity provisions in 49 CFR 173.

Like the DOT and the Postal Service small quantity provisions, Permit Authorization DOT — SP 9275 allows for the shipment of identified quantities of flammable liquids or solids containing a flammable liquid otherwise restricted under DOT regulations. Shippers seeking to avail themselves of the DOT — SP 9275 must apply in writing to the DOT and agree to comply with specific quantity and packaging requirements. The DOT considers the contents of

such packages secure for shipment via air transportation. Accordingly, the Postal Service will allow mailers who are approved by DOT to ship under DOT — SP 9275 to mail, once authorized by the Postal Service, as described in the new mailing standards.

In November 2006, the Postal Service began pilot tests to determine whether shipments prepared in accordance with DOT — SP 9275 could be safely handled and transported through the mail via air transportation. Since the pilot tests began, there have been no reported incidents of leaks, spills, or unsafe conditions resulting from such shipments. In light of these results, the Postal Service is revising its mailing standards to allow manufacturers and distributors, who are authorized under DOT — SP 9275 for the shipment of materials containing flammable liquids, to mail such items via the Postal Service. The Postal Service's small quantity provisions will be unaffected by the revised standards.

**10.13.5 Special Permit Authorization DOT — SP 9275**

Manufacturers and distributors seeking to use the mail to ship parcels via air transportation in accordance with Department of Transportation Special Permit 9275 must submit a written request for approval to the manager, Mailing Standards (see 608.8.0 for address). Approval to mail parcels using DOT — SP 9275 allows the mailer to use First-Class Mail, Priority Mail, or Parcel Select services for shipping in compliance with all DOT regulations in DOT — SP 9275 and the following mailing requirements:

- a. Mailers must present a current copy of their DOT Special Permit Authorization letter with a written request for approval to the manager, Mailing Standards.
- b. Once approved, mailers must present a copy of their approval letter from the manager, Mailing Standards (to be kept on file at the office of mailing) at the time of their first mailing at any given postal facility, along with a copy of their current DOT Special Permit Authorization letter. It is the mailer’s responsibility to provide the office of mailing with updated DOT Special Permit approval letters. The Postal Service has the right to refuse mailings not supported by a current DOT authorization letter.

- c. Mailers will enter parcels using First-Class Mail, Priority Mail, or Parcel Select service via a USPS-authorized manifest mailing system (MMS) (see 705.2.0).
- d. Mailers must label each parcel on the address side with “USPS Approved DOT — SP 9275” using at least 14-point type.
- e. Mailers must tender only parcels weighing 10 pounds or less. Each inner package (receptacle) may not exceed 16 ounces of flammable liquid or 1 pound of solids containing flammable liquid.
- f. Mailers must ensure that the addressee of each parcel is notified that the addressee is not authorized to remail the contents of the parcel via the Postal Service under DOT — SP 9275. Mailers must include the following notice:

Flammable substances contained in these packages may be mailed only by consumers (the addressee) via surface transportation in accordance with DMM 601.10.13. Full responsibility rests with the mailer to comply with all postal and nonpostal statutes and regulations regarding mail. Information regarding postal statutes, regulations, and mailing requirements is available from your local postmaster or Postal Service Business Mail Entry manager, and at the Postal Service’s mailing standards Web site at <http://pe.usps.com>.

- g. Mailers must comply with the warning and labeling requirements set forth in 21 CFR Part 700, 740.1, and 701.3 when mailing each parcel.

\* \* \* \* \*

We will incorporate this revision into the September update of the online DMM on Postal Explorer® at <http://pe.usps.com> and into the next printed edition.

### DMM Revision: New Mailpiece Design Options

Effective August 30, 2007, we are revising the standards for mailability in DMM section 601.1.0. These standards state, in part, that all mailpieces (except keys and identification devices) that are 1/4 inch thick or less must be rectangular, with four square corners. This revision is a modification of the revision published in the July 19, 2007, *Postal Bulletin*, Issue 22211, that permits rounded corners with a radius that could not exceed 0.125 inch (1/8 inch) on letters, flats, and parcels. This change allows mailers the option to design parcels and Not Flat-Machinable (NFM) pieces with rounded corners that do not exceed a radius of 0.5 inch (1/2 inch).

We will incorporate these changes in our September update of the *Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM®)* part 601 as noted below. Mailers may make related changes to their mailings as soon as possible.

## DMM Revision: New Preparation Option for Periodicals Machinable Flat-Size Pieces

Effective September 13, 2007, we are revising sections 705.9.2, 707.20.4, 707.22.7, and 707.25.5 of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to add a new preparation option for Periodicals mail. The new option allows mailers to prepare all machinable-rate (barcoded and nonbarcoded) Periodicals flat-size pieces in flats trays, rather than in sacks. Receiving faced, upright flats is compatible with our mail processing operations, and customers mailing community newspapers have asked us to extend this option to all presort levels to make mail preparation easier and in some cases improve service.

Currently, the optional tray preparation is available only for unbundled pieces sorted to the area distribution center (ADC), origin mixed ADC, or mixed ADC presort levels. Under the expanded option, mailers may prepare trays for all presort levels. Mailers must either bundle or group all pieces for each 5-digit scheme, 5-digit, 3-digit, sectional center facility (SCF), and ADC destination. Bundling is not permitted unless it achieves a finer presort than the presort destination of the tray. Pieces prepared in bundles are subject to the bundle charges, and piece rates are based on the presort level of the bundle. Pieces grouped (unbundled) in trays are not subject to the bundle charges, and piece rates are based on the presort level of the tray.

Mailers currently using the optional tray preparation for pieces sorted to the ADC, origin mixed ADC, and mixed ADC presort levels may continue to do so until their software is updated. Beginning March 16, 2008, mailers using this option must make trays for all required presort levels.

### **9.2.5 Optional Tray Preparation — Machinable Flat-Size Pieces**

[Revise 9.2.5 to allow mailers to prepare all machinable-rate flats in trays as follows:]

As an option, mailers may place in flats trays (see 707.20.4) machinable pieces meeting the criteria in 301.3.0 that would normally be placed in sacks. Mailers must either bundle or group all pieces as specified in 707.25.0 and 707.22.0 for each 5-digit scheme, 5-digit, 3-digit scheme, 3-digit, SCF, and ADC destination. Bundling is not permitted unless it achieves a finer presort than the presort destination of the tray. The trays are subject to a container charge, and any bundles are subject to a bundle charge.

Tray preparation, sequence, and labeling:

- a. *5-digit scheme* (required), 24-piece minimum, labeling:
  1. Line 1: Use L007, Column B.
  2. Line 2: “PER” or “NEWS” as applicable; followed by “FLTS”; followed by “5D SCH BC/NBC.”
- b. *5-digit* (required), 24-piece minimum, labeling:

g. *Origin mixed ADC* (required), no minimum, for any remaining pieces for destinations in L201, Column B, of the origin ZIP Code in Column A, labeling:

1. Line 1: Use L201, Column C.
2. Line 2: "PER" or "NEWS" as applicable; followed by "FLTS"; followed by "WKG W FCM."

h. *Mixed ADC* (required), no minimum, labeling:

#### 20.4.3 Flat Tray Preparation

Mailers using this option must prepare flat trays subject to these standards:

\* \* \* \* \*

[Revise items b and e as follows:]

b. Pieces must be placed in trays to maintain their orientation (double stacks of mail are allowed). Once the required minimum volume is reached to allow or require preparation of a 5-digit scheme, 5-digit, 3-digit, SCF, or ADC tray, additional pieces must be placed in the same tray up to its capacity to minimize the number of trays used. Trays must not be so full that the mailpieces inhibit adequate closure or covering of the contents.

\* \* \* \* \*

e. When pieces remain after one or more full trays are prepared for a 5-digit scheme, 5-digit, 3-digit, SCF, or ADC destination, an additional tray to the destination must be prepared if the remaining pieces reach the required volume. If the remaining volume is below the required minimum, the pieces must be moved to the next tray level that meets the minimum volume.

\* \* \* \* \*

### 22.7 Optional Tray Preparation — Flat-Size Nonbarcoded Pieces

[Revise 22.7 to allow mailers to prepare all machinable-rate nonbarcoded flats in trays as follows:]

As an option, mailers may place in flats trays (see 20.4) machinable pieces meeting the criteria in 301.3.0 that would normally be placed in sacks. Mailers must either bundle or group together all pieces for each 5-digit scheme, 5-digit, 3-digit, SCF, and ADC destination. Bundling is not permitted unless it achieves a finer presort than the presort destination of the tray. The trays are subject to a container charge, and any bundles are subject to a bundle charge. ## DMM Revision: New Eligibility Standards for In-County and Nonprofit Periodicals Rates

Effective August 30, 2007, we are revising subchapter 707 of *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to incorporate the provisions of the Postal Accountability and Enhancement Act (Public Law No. 109-435) that permit Periodicals mailers to claim In-County and Preferred rates for requester publications. In addition, to further comply with the act, we are revising the criteria for In-County rates to include copies entered within the county of publication but delivered outside that county on a postal carrier route that crosses over county lines.

Mailers may make related changes to their mailings as soon as possible.

##### 1.1.6 Nonprofit Publications

*[Revise the second sentence in 1.1.6 and 1.1.7 to include “nonrequester copies” as follows:]*

*[Revise 7.9.3 as follows:]*

For In-County rates and Nonprofit, Classroom, and Science-of-Agriculture publications, nonsubscriber or nonrequester copies up to 10% of the total number of copies mailed to subscribers or requesters during the calendar year may be mailed at the applicable Preferred rates or Preferred rate discount, provided that the nonsubscriber or nonrequester copies would qualify as Preferred rate or Preferred rate discount publications if mailed to subscribers or requesters and if the copies are presorted under applicable standards. Nonsubscriber or nonrequester copies mailed over the 10% limit are not eligible for Preferred rates or the Preferred rate discount. To qualify for Outside-County rates, the nonsubscriber or nonrequester copies over the 10% limit must be part of a presorted, commingled mailing (one that includes subscriber or requester copies). Subject to 11.3, nonsubscriber or nonrequester copies may be mailed at In-County rates up to a 10% limit of the total number of subscriber or requester copies of the publication mailed at In-County rates during the calendar year. Once the 10% calendar year limit is exceeded for the number of nonsubscriber or nonrequester copies that may be mailed at Preferred rates or the Preferred rate discount, the nonsubscriber or nonrequester copies may not then be mailed at In-County rates even if the 10% limit separately applied to those rates is not exceeded.

**10.4 Classroom Eligibility**

**10.4.1 Authorization**

- a. The total paid or requested circulation of such issue is less than 10,000 copies.
- b. The number of paid or requested copies of such issue distributed within the county of publication is more than 50% of the total paid or requested circulation of such issue.

**11.3.2 Exceptional Conditions**

\* \* \* \* \*

[Add new item d as follows:]

- d. A publication entered within the county in which it is published, but distributed outside that county on a postal carrier route originating in the county of publication, is treated as if distributed within the county of publication.

[Revise the heading and text in 11.3.3 as follows:]

**11.3.3 Nonsubscriber or Nonrequester Copies**

During a calendar year, the total number of nonsubscriber or nonrequester copies mailed at In-County rates may not exceed 10% of the number of subscriber or requester copies mailed at In-County rates. Mailers must include the number of nonsubscriber or nonrequester copies mailed at In-County rates when determining the overall 10% allowance under 7.0. Effectively, the allowance for nonsubscriber or nonrequester copies available at the In-County rates is the 10% allowed under this standard or the overall 10% limit under 7.0, whichever occurs first.

## DMM Revision: Preparing Mixed ADC or Mixed AADC Letter Trays on SCF Pallets

Effective August 30, 2007, we are revising 245, 246, 705, and Labeling List L010 of the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to provide an option for mailers to place mixed area distribution center (ADC) trays or mixed automation area distribution center (AADC) trays on destination sectional center facility (DSCF) pallets. This option is available only for DSCF pallets entered at the sectional center facility responsible for the processing of mixed ADC or mixed AADC trays for the bulk mail center/auxiliary service facility (BMC/ASF) listed in Labeling List L010. Pieces in the mixed ADC or mixed AADC trays, labeled according to DMM Labeling List L010 and containing only mail for that BMC's service area would be eligible for DBMC entry rates, but not DSCF rates.

We are also revising the introductory text for Labeling List L010 to reflect the availability of this option.

## DMM Revision: Mailability — Animal Fighting Accessories Are Considered Nonmailable Material

Effective August 30, 2007, we are revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 601 in order to bring the standards into compliance with recent amendments to the United States Code.

On May 3, 2007, President Bush signed into law the Animal Fighting Prohibition Enforcement Act of 2007 (AFPEA) which amended certain provisions of the Animal Welfare Act pertaining to animal fighting ventures. The Animal Welfare Act, as amended by the AFPEA, provides, in part, that “[i]t shall be unlawful for any person to knowingly use the mail service of the United States Postal Service or any instrumentality of interstate commerce for commercial speech for purposes of promoting or in any other manner furthering an animal fighting venture except as performed outside the limits of the States of the United States.” The Act bans the transport and delivery of certain accessories used in animal fighting ventures and provides criminal penalties for violations. The DMM revisions are intended to implement the AFPEA amendments to the Animal Welfare Act and to provide mailer-friendly references to the DMM sections that pertain to the mailability of items or animals used in animal fighting ventures.

## DMM Revision: New Launch Application Procedure for Periodicals Mailing Privileges

We are introducing a new application procedure for publishers seeking Periodicals mailing privileges. The New Launch procedure provides an alternative process for obtaining Periodicals privileges under the “general” or “requester” categories. Publishers who use this procedure are not initially required to meet circulation standards. Instead, these publishers may submit a business plan outlining the steps they will take to develop the publication’s circulation. The plan must describe the steps the publisher will take to develop paid subscriber or requester circulation, including marketing efforts such as direct mail campaigns, sample copies in and outside the mail, and any other means available, with the specific goal of obtaining at least 50 percent paid or requested circulation.

Publishers seeking Periodicals privileges under the New Launch procedure have up to 15 months from the date of initial application to file an updated PS Form 3500, *Application for Periodicals Mailing Privileges*, with the appropriate circulation information and to provide documentation showing compliance with Periodicals circulation standards. Between the dates that the original and updated applications are submitted, we will monitor the publisher’s progress in meeting its business plan and obtaining sufficient subscribers or requesters to comply with circulation standards. Once that documentation is submitted, we will perform a prompt verification. If the mailer is in compliance with the circulation standards, and all other requirements for Periodicals privileges are met, we will issue an authori-

zation to mail at Periodicals rates and refund any postage due. The refund is based on the initial date of compliance, rather than the date of the application.

The manager of the Pricing and Classification Service Center (PCSC) will deny applications from publishers who apply under the New Launch procedure but are unable to demonstrate compliance. These denials are subject to an administrative appeal to the manager of Mailing Standards, who will issue the final agency decision. Decisions on applications made under the New Launch procedure are not subject to appeal to an administrative law judge, the judicial officer, or any other forum. A publisher may not file another application for the publication under the New Launch process, but may file a new application under the regular application procedures and standards, and pay a new application fee.

We provide detailed instructions in the notice “Application for Periodicals Mailing Privileges Under the New Launch Procedure” on page 60 of this *Postal Bulletin*, and we are revising the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM<sup>®</sup>) as explained here. The new standards are effective on August 30, 2007.

If the manager of Mailing Standards upholds the denial of an application submitted under the New Launch procedure or an application for news agent registry, that is the final agency decision. For other applications, the manager's denial takes effect 15 days from the applicant's receipt of the notice unless, during that time, an appeal is filed with the USPS Recorder under 39 CFR 954, a copy of which is included with the notice of denial.

## ELM Revision: Basic Pay Determination – Post Office Downgrades

Effective August 30, 2007, *Employee and Labor Relations Manual* (ELM) ELM 421.521, Explanation, is revised by adding a new item c that provides guidance regarding the basic pay of bargaining unit postal clerks when they are involuntarily reassigned to lower grades due to a change in the Cost Ascertainment Group (CAG) of a Post Office™.

<b>421</b>	<b>General Principles and Terms</b>				
	*	*	*	*	*
<b>421.5</b>	<b>Rate Retention Provisions</b>				
	*	*	*	*	*

#### **421.52 Saved Rate**

##### **421.521 Explanation**

Employees with a saved rate will continue to be paid the wage they received in the previous higher grade position, augmented by any general increases occurring while the saved rate is in effect. A saved rate differs from a protected rate in that it continues for an indefinite period, subject to the conditions explained below (see 421.522 through 421.526) and occurs in several different circumstances, as follows:

- An employee is given a permanent, nondisciplinary, and involuntary assignment to a lower grade due to a management action such as a change in job ranking criteria affecting more than one position under the same job description. In this case, saved rate means that the employee continues to receive the wage of the higher grade position.

- Management action effects a general increase that, when added to an employee's wage, produces a wage above the maximum rate for the grade. In this case, saved rate means that the amount of the general increase is added to the employee's wage and the employee continues to receive the new wage even though it is above the maximum for the grade.

[Reletter current item c as new item d. Add new item c to read as follows:]

- An employee is given a position reevaluation downgrade assignment to a lower grade due to a change in the Cost Ascertainment Group (CAG) of a Post Office.
- An employee accepts a job offer based on his or her limitations due to an injury on duty (see 546.143e).

#### 242.21 Casing

[Revise 242.21 as follows:]

Case undeliverable mail with no active forwarding order on file to the proper separation or designated location for the following categories:

**a. Carrier Endorsed Mail.** This includes mail that may be undeliverable for any one of the following reasons as well as other appropriate carrier endorsements from DMM 507.1.4.1:

- (1) Deceased (DEC). This endorsement is used only when it is known that the addressee is deceased and the mail is not properly deliverable to another person. This endorsement must be made personally by the delivering employee, and under no circumstances may it be rubber stamped. Mail addressed In Care Of another must be marked to indicate which person is deceased.
- (2) No Record Mail. Credit as a markup each piece of mail given to the carrier under the provisions of 242.4

**b. Carrier Endorsed Bundles (with PARS bundle annotations).** This includes mail such as the following:

- (1) Insufficient (IA). Mail without number, street, box number, route number, or geographical section of city or city and state omitted and correct address not known.

- (2) Attempted Not Known (ANK). Addressee is not known at place of address.
- (3) In Dispute (DIS). Mail is returned to sender by order of the chief field counsel when it cannot be determined which of the disputing parties has the greater right to the mail.

- (5) No Such Street (NSS). Addressed to nonexistent street and correct street not known.
- (6) Unable to Forward (UTF). Mail undeliverable at address given; no change-of-address order on file; forwarding order expired.
- (7) No Mail Receptacle (NMR). Addressee has failed to provide a receptacle for the receipt of mail.

When a piece of UBBM with a specific name is undeliverable-as-addressed, place the mail to one side of the case ledge or in another designated location at the case. After completing casing of all mail designated for delivery that day, bundle this mail and mark the top piece UBBM, put your initials and route number on it, and leave it on the case ledge.
- (14) Other Undeliverable Bulk Business Mail. UBBM addressed to Occupant, Resident, or using the exceptional address format (John Doe or Current Address). Normally, this type of mail is undeliverable only because the delivery point is vacant or the address is incorrect. Place undeliverable UBBM marked occupant, resident, or current resident to one side of the case ledge, or in another designated location. After completing casing of all mail designated for delivery that day, bundle this mail and mark the top piece "Other UBBM," put your initials and route number on it, and leave it on the case ledge.

**242.23 Disposition**

Deposit other undeliverable mail on your route in the proper separations of the throwback case, or as designated by your postmaster or supervisor (see Exhibit 242.23, Suggested Layout of Carrier Throwback Case (Automated and Nonautomated Units), Item 29). Separate marked-up mail (to correspond with throwback case separations) at the time of marking-up or before depositing it in the throwback case. This eliminates the need to separate it at the throwback case and to cause others to wait.

**242.3 Accountable and Signature Mail**

*[Revise 242.3 as follows:]*

Return this mail to the accountable clerk and explain why it is undeliverable. Under no circumstances must this type of mail be obtained from or returned to the accountable clerk without establishing proper accountability. ## Missing, Lost, or Stolen Canadian Money Order Forms

### Do Not Cash — Upon Receipt, Notify Local Postal Inspectors

This listing will be provided to all Postal Service™ employees responsible for accepting and cashing postal money orders. Destroy any interim notices when the numbers listed appear in the *Postal Bulletin*. The new money order serial numbers consist of the first 9 digits. The 10th digit is a check digit only.

Do not cash new style money orders **000 000 001 to 692 600 000**. Advise holders to send invalid money orders to: Canada Post Corporation, Ottawa, Canada K1A 0B1. Check for altered dollar amounts by holding money orders to the light.

## Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
  - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
  - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
  - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

## Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO ZIP Codes are active and which

conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO Table starting below.

*Note 2:* On the last Monday in May, when Memorial Day is observed, display the flag at half-staff from sunrise, or the hour at which you raise it, until 12 noon, and then hoist it to the peak of the staff, until the time of closing or no later than sunset.

- If displayed on the same flagstaff, place it below the U.S. flag.
- If displayed on a separate flagstaff, place it at the same level or lower. If displayed at the same level, place it on the U.S. flag's left.

When flying the U.S. flag at half-staff, fly the POW-MIA flag (and any other flags) at half-staff also.

### Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out of their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district "Missing Children" coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district "Missing Children" coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

## Domestic Mail

### Mail Transport Equipment Mailbag Elimination

The Postal Service™ is moving forward in its effort to reduce the number of mail transport equipment (MTE) inventory items and to eliminate the problems of having old sacks on new processing equipment (see *Postal Bulletin* 22146 (1-20-05, pages 75–77) and *Postal Bulletin* 22180 (5-11-06, pages 41–42)).

Effective September 1, 2007, the 01VM semi-transparent plastic mailbag (see Exhibit 1) replaces all Postal Service mailbags except the following items. These items are the *only* orderable mailbags in the MTE inventory:

- 01VM — Semi-transparent mailbag.
- 09CN — Registered white pouch.
- 12M — Priority Mail sack.
- 13 — Green First-Class Mail pouch.
- 18G — Large Green Registry sack.
- 20M — Express Mail sack.

Exhibit 1

#### New 01VM Semi-Transparent Plastic Mailbag

Facilities and customers may continue to use mailbag inventory that they currently have in their possession, but may no longer order mailbags that are not listed here.

**Reminder:** When using 01VM mailbags, ensure that you do not load the sacks above the fill line and that the hook and loop strap is completely closed around the neck of the sack to contain its contents. Also, check the slide label to identify mail type.

## Application for Periodicals Mailing Privileges Under the New Launch Procedure

These instructions are intended for publishers, Pricing and Classification Service Center (PCSC) personnel, postmasters, and Business Mail Entry managers who file, accept, or process applications for Periodicals mailing privileges under the New Launch procedure. The New Launch procedure is available for “general” or “requester” publications only.

### 1.0 Publisher

To submit PS Form 3500, *Application for Periodicals Mailing Privileges*, under the New Launch procedure, the publisher must include a letter of request with a business plan outlining the actions, including forecasted dates of completion, to be taken to develop the publication’s subscriber or requester circulation. Examples of actions to develop legitimate circulation include, but are not limited to, marketing efforts such as direct mail, telemarketing, and the Internet; sample copies in and outside the mail; and other forms of promotion and advertising.

The business plan must include a statement that the publisher will declare circulation data, on PS Form 3500, within 15 months of the date of application. The business plan must be signed by the publisher and dated the same day as the application date, and must include the following statement:

“I understand that a denial by the Pricing and Classification Service Center (PCSC) of an application submitted under the New Launch procedure may be appealed to the manager of Mailing Standards, who will issue the final agency decision on the application. I agree that the decision by the manager of Mailing Standards, or the manager’s designee, is not subject to an appeal to the Office of Administrative Law Judges or the Judicial Officer under 39 CFR 954, or otherwise subject to further review, and that neither I nor anyone else on behalf of the publisher will seek such review.”

After the application is filed with the postmaster or Business Mail Entry manager and forwarded to the PCSC, the publisher must determine and select an issue upon which the application is to be based. The publisher has 15 months from the date of application to submit to the PCSC circulation information for the application issue. To do so, the publisher must submit to the PCSC an updated PS Form 3500 with Part B completed for a “general” publication, or Part C completed for a “requester” publication, and all supporting information required by PS Form 3500. The PCSC will notify the publisher in writing if any additional information is needed to complete or clarify the application.

### 2.0 Postmaster

The postmaster at the Post Office™ serving the known office of publication must review PS Form 3500 for

completeness and to ensure that the publication meets the basic standards for Periodicals rates in *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 707.4.0, and that the publisher submitted a written business plan as described above. The postmaster immediately sends the application, a marked copy of the publication, and the publisher’s letter and business plan to the PCSC manager. The PCSC determines if the publication meets the basic requirements for Periodicals privileges and takes appropriate action to notify the publisher of any noncompliance with the basic requirements. Once the publisher provides the PCSC with an updated PS Form 3500, with Part B completed for a “general” publication, or Part C completed for a “requester” publication, the postmaster, with guidance from the PCSC, will schedule a review and verification of the publisher’s circulation records, unless the publisher provides notice at the time that the application is filed that an authorized independent audit bureau will perform the audit in lieu of the Post Office. Once the verification is complete, the postmaster must prepare a detailed written report of all findings and supporting information. The written report, completed application, and supporting information are then forwarded to the PCSC for review.

### 3.0 Pricing and Classification Service Center

When the original PS Form 3500 and the publisher’s written business plan are received from the postmaster, a PCSC specialist will review the application for completeness along with the marked copy and the publisher’s business plan. The PCSC acknowledges receipt of the pending application in a letter to the publisher, with a copy to the postmaster of the office of original entry, advising the publisher of the name of the specialist who is available to provide guidance to the postmaster and the publisher concerning the application. The PCSC specialist will contact the publisher periodically to review the business plan and ensure progress toward meeting the circulation requirements.

Once the publisher provides the PCSC with an updated PS Form 3500, with Part B or Part C completed, the PCSC asks the postmaster to schedule and perform a review and verification of the circulation figures for the issue upon which the application is based (unless the publisher has, at the time of application, selected an authorized independent audit bureau to perform the review and verification of the circulation records for the issue upon which the application is based). At any time during the application process, the PCSC may request additional information from the publisher to complete or clarify the application.

Once the PCSC has received the postmaster’s written report of the results of the verification of circulation

records, or received the circulation audit report prepared by an authorized independent audit bureau, the PCSC evaluates all aspects of the application, including the results of the review and verification of the circulation records, and issues a decision, in writing, to approve or deny the application.

#### 4.0 Audit Bureau

The publisher may, if desired, select an authorized independent audit bureau to perform the initial circulation audit for the issue upon which the application is based under the

New Launch procedure. The publisher must indicate at the time the application is filed that an independent audit bureau has been chosen in lieu of the Post Office to perform the circulation audit. Once the audit is performed, the audit bureau must submit the results directly to the PCSC to enable the PCSC to approve or deny the application.

## Government Relations

### Inquiries From Members of Congress and Federal Government Agencies

One of the primary responsibilities of the vice president of Government Relations is to respond to inquiries from members of Congress and federal government agencies, and to inform them, when appropriate, about Postal Service™ policy matters.

Policy matters include, but are not limited to, network changes, ratemaking, mail classification, contracting and procurement, real estate, personnel issues, and any other issues in which members of Congress have expressed interest or that may have an impact on their constituents.

We are pleased to report that, in most instances, field officials appropriately forward inquiries from Congress and federal agencies to Government Relations. This notice is just a reminder that field officials should forward correspondence on policy matters from members of Congress and federal agencies to:

MARIE THERESE DOMINGUEZ  
VICE PRESIDENT OF GOVERNMENT RELATIONS  
UNITED STATES POSTAL SERVICE  
475 L'ENFANT PLZ SW  
WASHINGTON DC 20260-3500

The vice president's telephone number is 202-268-2506.

In addition to correspondence from members of Congress and federal agencies, field officials should report all telephone calls and discussions with members of Congress and federal agencies to the manager of Government Relations who is responsible for your state. Also, any meetings, briefings, or events planned with members of Congress should be coordinated with Government Relations.

To determine the appropriate manager of Government Relations for your state, go to <http://blue.usps.gov/grweb/>. Thank you for your cooperation.

**Note:** Field officials are authorized to respond directly to inquiries from members of Congress and federal agencies that are related to services provided to local customers. For further information, please consult the *Administrative Support Manual*, section 338.3.

## Information Technology

### Mainframe Account Users: New Minimum Password Length Takes Effect This Month

Beginning Tuesday, September 25, 2007, Information Technology will require users with mainframe accounts to increase their password to a minimum length of seven characters. This change is to further secure access to Postal Service™ systems and protect our users. Your password still must be strong, which means the password must be hard to guess.

Mainframe users, you can change your password to the new minimum standard now, or wait for your current password to expire. Whichever you choose, you can use the following requirements to choose your new password:

#### What to do when you choose your password

Make your password:

- At least seven characters in length.
- Easy to remember but hard to guess.

#### What not to do when you choose your password

Do not make your password:

- Your name, family members' names, birth date, or other easily discovered personal information (e.g., license plate, phone number, or pet name).

- A Postal Service term or acronym.
- A single word that appears in an English or a foreign language dictionary.
- Your logon ID.
- An organization, vendor product name, or nick name.
- The name of an automobile, motorcycle, boat, or sports team.
- The same characters or digits, or other commonly used or easily guessed formats.
- A password that would fail the "what not to do when you choose your password" requirements if the password was reversed.
- A password used for at least five generations after it was first used.

## Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. If available, the sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of those postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

The following pictorial postmark has been extended for 60 days:

## How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmark by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, and at The Postal Store® Web site at [www.usps.com/shop](http://www.usps.com/shop).

Customers may submit #6 or #10 covers constructed of paper rated as "laser safe." The Postal Service™ recommends 80-pound Accent Opaque, acid-free envelopes, 9/16" side seams with no glue on the flap. There is a minimum of 10 covers at 50 cents per postmark required at the time of servicing. You may submit a check, money order, or credit card for payment. Two test envelopes must be included. For covers with graphics or lettering, please note the maximum size of all digital color postmarks is 2" high x 4" long. The Postal Service reserves the

right not to accept hand painted and other cachets that are not compatible with our digital color postmark. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

After applying the first day of issue postmark, the Postal Service will return the envelopes through the mail. There is no charge for the postmark. All orders must be postmarked within 60 days of the first day of issue date.

They should affix the stamps to envelopes of their choice, address the envelopes (to themselves or others), and place them in a larger envelope addressed to the following address:

## Safety

### Safety Talk: Thinking of Backing Up? Don't!

Most of us back up our personal vehicles without thinking twice. And most of us continue this behavior on the job. At certain locations, such as docks and parking spaces, backing up a Postal Service™ vehicle is required; however, discretionary backing of your vehicle on a delivery route can often be avoided. Backing a vehicle is a personal decision influenced by the situation and the environment.

Next time you are on your route and need to decide whether or not to back up, consider the following:

- All backing accidents are preventable. Postal Service employees average about 10 backing accidents a delivery day. And here's the worst part — some involve children.
- Through the end of Quarter 3, 2007, the Postal Service has experienced 2,222 motor vehicle accidents caused by vehicles backing up. You don't have to be a math wizard to know that's way too many!

The "reasons" Postal Service drivers have given for motor vehicle accidents caused by backing up include:

- It will not happen to me!
- I was in a hurry! Going around the block would have taken too much time.
- I wanted to avoid a misdelivery. Walking back would have taken too long.
- I've done it a hundred times and nothing happened.
- I was careful — I checked all mirrors and tapped the horn.
- It was only a few feet.
- That's what reverse is for.
- I thought I was allowed to back up at this location.

If you cause an accident, what will you say to a grief-stricken mother who has just lost a child? Or to a father whose child was seriously injured by your vehicle while you were backing up? No "reason" or "excuse" is good enough! Think about it. What would you say?

Children live and play where you work — in their neighborhoods. All it takes is one second for a child to dart behind a vehicle that is backing up.

Only you can avoid backing up on your route. Next time you decide to back your Postal Service vehicle, ask yourself:

- Am I backing up because I'm in a hurry?
- Is there a safe alternative to backing up?
- Is backing up my last resort?
- Could someone be behind me, perhaps a child?
- Am I relying on Lady Luck?

Backing a vehicle is a personal decision. In most situations, you can choose to maneuver your vehicle to avoid backing up. The safety of others depends on you. Do the right thing — avoid backing up while on your route.

Accidents Don't Just Happen.

## Drive Safely

"What do you tell a mother after you've killed her child? I'm sorry? That won't heal her pain.

I should never have backed up. I know I'm not supposed to. I've been told that time and again, but I didn't think it was important.

Now? I have to live with the fact that my mistake killed a little girl. I never saw her. All I heard was that sound, and then that feeling as my LLV rolled over her body. . .

I should have never backed up."

Safety Depends on Me.
