Cover Story

Honoring Heroes: USPS Employees Go Above and Beyond

Irvine, CA, Letter Carrier Roger Steeber saw smoke rising from a mobile home while on his route in September 2012.

Steeber raced to the home and banged on the door to alert the 79-year-old customer, Karen Petersen. He entered the home to help her outside, away from the fire. Then he returned to the home for her walker. He assisted Petersen to safety, saving her life. Steeber's rescue is just one of the many heroic stories Postal Service™ employees are honored for through the USPS Heroes Program.

The Heroes Program began in 2003 and recognizes employees who go above and beyond to serve their communities. All heroes receive a personal thank-you letter from PMG Pat Donahoe, and are featured in USPS's internal publication, *Link*.

To receive a Hero Award, employees must be nominated using PS Form 400, *PMG Hero Nomination*. The nomination is reviewed by Corporate Communications for accuracy and sent to the Postal Inspection Service and Office of the Inspector General for approval. Following approval, the PMG reviews and signs a thank-you letter, which is then sent to the hero.

The National Association of Letter Carriers also pays tribute to outstanding Postal Service Letter Carriers for their heroism and community service through its *Heroes of the Year Awards*, presented annually since 1974.

There is no shortage of heroes in the Postal Service. Through both programs, thousands of Postal Service employees have been honored for their bravery and commitment to their customers.

Springfield, IL, Letter Carrier David Dale showed his bravery when he pulled a 5-year-old child and mother from an overturned car while on his route in May 2013. Dale helped them escape the vehicle moments before it burst into flames. He stayed with them until emergency responders arrived.

To read more heroic stories featuring Postal Service employees, click on the *Heroes* tab of the *Link* archives, at <http://liteblue.usps.gov/news/link/archive.htm>. To nominate a hero you know, email PS Form 400, *PMG Hero Nomination* to PMG_HeroNominations@usps.gov.

New England Coastal Lighthouses Publicity Kit

The Postal Service™ celebrates the sixth issuance in the popular lighthouse series, July 13, with the addition of five New England Coastal Lighthouses: Portland Head (Cape Elizabeth, ME); Portsmouth Harbor (New Castle, NH); Point Judith (Narragansett, RI); New London Harbor (New London, CT) and Boston Harbor (Boston, MA). First-Day-of-Issue (FDOI) dedication ceremonies will take place at or near all five Lighthouses at 10 A.M. EDT that day.

As lighthouse stamps are extremely popular with nautical collectors, Postmasters and other managers near other lighthouses, which have or have not been commemorated on stamps, are encouraged to conduct Special Dedication ceremonies as soon as July 13 or anytime thereafter.

Note: The term “Second-Day” ceremony is no longer used as it implies that events may only be held the day following the FDOI ceremony. Special Dedication ceremonies may be held the same day of issuance or any day afterwards.

This publicity kit includes all you need to conduct a successful — and profitable — event:

- Sample media advisory.
- Sample news release (with hyperlinks to stamp products).
- Sample speech.
- Corporate Communications contacts to help promote and publicize your event.

(Name) Post Office Celebrates Lighthouse Forever Stamps

City, State — Lighthouse and other nautical enthusiasts joined the Name Post Office in celebrating *New England Coastal Lighthouse* Forever stamps today with a special dedication ceremony at (Name of Location).

This sixth issuance in the popular U.S. Postal Service *Lighthouses* series features five New England Coastal Lighthouses: Portland Head (Cape Elizabeth, ME); Portsmouth Harbor (New Castle, NH); Point Judith (Narragansett, RI); New London Harbor (New London, CT) and Boston Harbor (Boston, MA).

Always good for mailing 1-ounce First-Class letters anytime in the future regardless of price changes, customers may purchase the stamps at <http://usps.com/stamps>, at 800-STAMP-24 (800-782-6724) and at the Name Post Office.

"We're here today to celebrate America's lighthouses, which have been guiding ships and guarding our waters for centuries," said City Postmaster Name.

[The Following Paragraph Is Optional] Like the Name lighthouse here in our community, these beloved beacons continue a tradition that goes back to ancient civilizations, when early sailors relied on light from the shore to navigate waters.

By issuing these stamps, we're continuing a long Postal Service tradition of celebrating lighthouses. Since 1990, we've also issued stamps honoring the lighthouses of the Gulf Coast, the Great Lakes, the Pacific and the Southeast.

"These lighthouse stamps are Forever stamps, and are always good for mailing First-Class letters. You can buy them today and use them forever," said Name. "In other words, these stamps — like the lighthouses they honor — are meant to stand the test of time."

Joining Name in dedicating the stamps were Title, Name; Title, Name, ETC.

(Include Quote From Other Ceremony Participant Here).

Each of the five new stamps features an original acrylic painting by Howard Koslow of Toms River, NJ, based on recent photographs of the lighthouses. The art directors were Howard E. Paine of Delaplane, VA, and Greg Breeding of Charlottesville, VA.

In addition to many other stamp projects, Koslow has produced the art for the entire *Lighthouses* series: the five lighthouses in the 1990 stamp booklet; the *Great Lakes Lighthouses* stamps issued in 1995; the *Southeastern Lighthouses* stamps in 2003; the *Pacific Lighthouses* stamps in 2007; and the *Gulf Coast Lighthouses* stamps in 2009. For more information on America's lighthouses, contact the U.S. Lighthouse Society at 415-362-7255 or via email at www.uslhs.org,

Portland Head

Maine's oldest lighthouse, Portland Head was established in 1791. The construction of the tower was among the first acts of the Lighthouse Establishment, a federal agency created in 1789. The original rubblestone lighthouse still stands and looks much as it did in the late 1800s.

The 80-foot lighthouse had two types of Fresnel lenses during its history, a second-order and a fourth-order. Fresnel lenses concentrate the source of light into a single beam to be seen at greater distances. The lower the order, the larger the lens, and the greater distance the light can be seen. The lighthouse was automated in 1989, and a modern DCB-224 optic installed. A beautiful Victorian keepers' duplex, built on the station in 1891, now houses the Museum at Portland Head Light. The lighthouse has been listed on the National Register of Historic Places since 1973, and is owned and managed by the Town of Cape Elizabeth, ME.

The tower and the keepers' house together are considered one of the most beautiful stations in the U.S., and they are among the most frequently photographed subjects in Maine.

Portsmouth Harbor

The first navigational aid in New Hampshire was established in Portsmouth Harbor, the state's only deep-water port. Although citizens had demanded a lighthouse as early as 1721, it was not until 50 years later that the Portsmouth Harbor's first beacon was lit. An iron lantern topped the 50-foot shingled tower, while three copper lamps provided the light. The 1771 tower was replaced in 1804 by another tower constructed of wood, located some 100 yards to the south of the original site.

When the second wooden tower succumbed to deterioration, a new 48-foot tower of bolted cast-iron plates was built on its foundation. It was actually assembled inside the old structure, which was dismantled after construction.

Managed by the Friends of Portsmouth Harbor Lighthouses, the 1878 lighthouse still stands on the northeast point of Great Island on the Piscataqua River in New Castle. It retains its fourth-order Fresnel lens. The lighthouse was automated in 1960 and has been on the National Register of Historic Places since 2009.

Boston Harbor

Commonly called the Boston Harbor Light, North America's first true light station was built in 1716 at the urging of the city's business community. Three years later a cannon — America's first fog signal — was added to the light station. During the Revolutionary War, as British forces abandoned the area in 1776, they demolished the lighthouse by blowing it up. Boston Harbor Light also is commonly called Boston Light.

A new rubblestone tower, 75-feet tall, replaced the destroyed lighthouse in 1783; it was raised an additional 14 feet in 1859, when its current second-order Fresnel lens was also installed. After large cracks appeared in the east wall in 1809, iron hoops were installed for support; aluminum bands replaced the corroded iron in 1973–74.

The lighthouse was designated a National Historic Landmark in 1964. Standing on Little Brewster Island within the Boston Harbor Islands National Recreational Area, it was the last lighthouse in the United States to be automated in 1998, and is the only remaining American lighthouse to have a resident keeper employed by the federal government.

Point Judith

Located at the entrance to Narragansett Bay in Rhode Island, Point Judith Lighthouse guards a particularly dangerous area of the Atlantic. The point, which extends several miles into the Atlantic, has seen many shipwrecks, even after the addition of the lighthouse.

The first lighthouse built on the site, in 1810, was a wooden tower that toppled over in a storm five years later. A second tower, made of sturdier stone, was erected in 1816; its lamps and lenses were operated by clockwork mechanism powered by a 288-pound weight. This 35-foot tower remained in service until 1857, when the current lighthouse was built. The octagonal tower, made from brownstone blocks, stands 51 feet high and boasts a fourth-order Fresnel lens.

Automated in 1954, the lighthouse underwent a major restoration in 2000 using blocks from the same area where the original stone was quarried. The lighthouse stands on Coast Guard Station Point Judith and has been listed on the National Register of Historic Places since 1988.

New London Harbor

Connecticut's oldest and tallest lighthouse, New London Harbor Lighthouse was originally established in 1761. Financed by a lottery held by the Connecticut colonial legislature, the first lighthouse was a 64-foot tower that included a wooden lantern.

The tower developed a crack and was replaced in 1801 with the present lighthouse. New London Harbor was one of the earliest American lighthouses with a flashing light, added in 1801 to distinguish it from the lights of nearby homes.

The octagonal brownstone structure is 89 feet high and retains its fourth-order Fresnel lens, which was installed in 1857. The lighthouse was automated in 1912, and the keeper's house was sold. In 1990, it was listed on the National Register of Historic Places. Though the keeper's house is privately owned, the New London Maritime Society acquired the lighthouse in 2010.

For more information on America's lighthouses, contact the U.S. Lighthouse Society at 415-362-7255 or via email at www.uslhs.org.

SAMPLE STAMP DEDICATION SPEECH

POSTAL SERVICE OFFICIAL'S NAME AND TITLE

United States Postal Service

“New England Coastal Lighthouses”

Special Dedication Ceremony

Date

City, State

Good [Morning/afternoon/evening]. My name is _____ and I'm [Title] for the United States Postal Service. Welcome to today's ceremony.

OR:

Thank you, _____, for your kind introduction. And thank you all for joining us for this event.
[Optional: Add A Brief Comment About How This Location Relates To Lighthouses]

I also want to thank our special guests for joining us in [City/Town/Type of Setting].

In particular, I'm glad that our good friend(s) [Name of Elected Official] is here, along with [Other Individuals Who Should Be Recognized].

We're here today to celebrate America's lighthouses, which have been guiding ships and guarding our waters for centuries.

[The Following Paragraph Is Optional] Like the lighthouse here in our community, these beloved beacons continue a tradition that goes back to ancient civilizations, when early sailors relied on light from the shore to navigate waters.

History's most famous lighthouse is the Pharos (“fair-ose”). It stood off the coast of Egypt for more than 1,500 years and became one of the Seven Wonders of the Ancient World.

America's lighthouses haven't been around quite that long — but each one occupies a special place in history nonetheless.

And so today, the Postal Service is proud to issue new stamps that honor five of America's oldest lighthouses, which you'll find along the coast of New England.

They are:

- The lighthouse in Portland Head, Maine — that state's oldest lighthouse, which went into operation in 1791;
- The lighthouse in Portsmouth Harbor, New Hampshire — the first navigational aid in the state's only deep-water port;
- The Boston Harbor Lighthouse, which was demolished by the British in 1776 and rebuilt by determined Americans a few years later;
- The lighthouse in Point Judith, Rhode Island, which guards a particularly dangerous area of the Atlantic; and
- The lighthouse in New London Harbor, Connecticut — one of the earliest American lighthouses with a flashing light, which was added to distinguish it from the illumination coming from nearby homes.

By issuing these stamps, we're continuing a long Postal Service tradition of celebrating lighthouses.

Since 1990, we've also issued stamps honoring the lighthouses of the Gulf Coast, the Great Lakes, the Pacific, and the Southeast.

Each of today's stamps offers a close-up view of one of the New England lighthouses.

The images capture each structure's sense of majesty, along with the mysterious qualities that invite us to take a closer look.

And don't forget: These are Forever stamps. They'll always be good for First-Class postage, so you can buy them today and use them forever.

In other words: These stamps — like the lighthouses they honor — are meant to stand the test of time.

It brings to mind the words of Henry Wadsworth Longfellow, whose famous poem, "The Lighthouse," was inspired by structures like this.

And so in closing, I'd like to share with you Longfellow's description of the timeless quality of our lighthouses:

"Steadfast, serene, immovable, the same /
Year after year, through all the silent night /
Burns on forevermore that quenchless flame /
Shines on that inextinguishable light!"

Thank you.

[Pause for applause]

And now I'd like to invite our guests to join me on stage for the dedication of the New England Coastal Lighthouses stamp.

[Unveil the stamp and pose for photos]

DMM Revision: Package Simplification and Priority Mail Insurance Enhancement

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), in various related sections to reflect the renaming of Express Mail® as Priority Mail Express™ and new standards to include insurance coverage in the price of barcoded domestic Priority Mail.

While the Express Mail name will change to Priority Mail Express, the product retains all of its existing features including next day or second day delivery, a money back guarantee, and \$100.00 of insurance coverage. Mailers, including those paying by permit imprint, are encouraged to update their indicia information to “Priority Mail Express”, effective July 28, 2013; however, this will not be required until January 26, 2014.

Additionally, as a result of this product name change, the Express Mail Corporate Account (EMCA) will be renamed USPS® Corporate Account (USPSCA). USPS-provided expedited packaging will be redesigned to include the new Priority Mail Express name and the service features of Priority Mail®. Customers and Post Offices may continue to use existing packaging supplies until they are depleted.

The Postal Service will also include insurance coverage (against loss, damage, or missing contents) on barcoded domestic Priority Mail pieces at no additional charge. Insurance coverage will be provided as follows:

1. \$100.00 of insurance coverage on all Priority Mail pieces that bear an Intelligent Mail® package barcode (IMpb) and either pay Commercial Plus® prices or use a qualifying postage payment method (including eVS® or Manifest Mailing System).
2. \$50.00 of insurance coverage on all domestic Priority Mail pieces that bear an Intelligent Mail® package barcode (IMpb) or USPS retail tracking barcode.

No other changes will be made to the Postal Service's extra service offerings or Priority Mail (including Critical Mail®). Customers who need to file a domestic claim in the event of loss, damage, or missing contents, may do so at www.usps.com/domestic-claims.

Next, to meet consumer needs for more day-specific delivery information, the Postal Service will include delivery day specific designations, when available, on retail receipts and on customer shipping labels using the origin and destination ZIP® Code pairs. For example:

Current	Future Names w/Day-Specific Designations
Express Mail (next day or second day delivery)	Priority Mail Express 1-Day Priority Mail Express 2-Day Priority Mail Express Military Priority Mail Express DPO
Other	
Express Mail International	Priority Mail Express International

Furthermore, 1-Day, 2-Day, 3-Day, International, Military and DPO will be considered “add-ons” to the Priority Mail product as part of the mail-class name after origin and destination ZIP Codes have been supplied. These “add-ons” may be included on customer shipping labels:

Current	Future Names w/Day-Specific “add-ons”
Priority Mail (1-3 Day)	Priority Mail 1-Day Priority Mail 2-Day Priority Mail 3-Day Priority Mail Military Priority Mail DPO
Other	Priority Mail International

The statement must describe the article in sufficient detail to determine whether the value claimed is accurate. DMM Revision: More Leeway for Barcodes on Flats

Effective July 28, 2013, the Postal Service™ will revise the *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 302.5.0 to remove obsolete language that prohibits 5-digit or 9-digit routing barcodes on automation flats. That restriction was implemented when the qualifying barcode was a POSTNET barcode. Now that all automation flats must have an Intelligent Mail barcode (IMb), and in recognition of the practice of upgrading the quality of barcodes on flats, a non-qualifying 5-digit or 9-digit barcode will be allowed on an automation flat as long as the qualifying barcode also is on the flat in a location as allowed by DMM 302.5.1. As a reminder, DMM 302.5.1 will remain as is, and mailers may use the new option immediately.

Invalid Express Mail Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate an Express Mail Corporate Account (EMCA) number online. For all other locations, online EMCA validation is preferred. The online validation process is outlined in the EMCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Express Mail® shipments bearing an invalid EMCA number in the “Payment by Account” or “Agreement Number” section of the Express Mail label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/accepting-money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to determine which APO/FPO/DPO ZIP Codes are active and

which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO/DPO ZIP Codes, toll free, at 800-810-6098, Monday–Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

DMM Revision: Refunds and Exchanges

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 604.9 and other DMM sections to remove obsolete standards pertaining to postage refunds and stamp exchanges, and to standardize processes for requesting refunds for PC Postage® labels and extra service refunds.

Technological advances have facilitated expansion of authorized postage payment methods and for requesting postage refunds. As a result, certain manual refund processes have become unnecessary and inefficient. Additionally, as new postage payment methods options were adopted, some refund and appeals time periods were inadvertently omitted. These revisions will serve to correct earlier changes, provide clarity, and remove obsolete standards from the DMM.

The revisions include providing permit holders with a credit to an advanced deposit account for postage stamps affixed to Business Reply Mail® (BRM) pieces and for annual presort mailing fees paid but never used. A direct postage refund may be requested for postage affixed to BRM only if an advance deposit account is not used or is unavailable.

Clarifications are being made that meter postage refunds are not given for a decertified meter or for a meter

which is reported lost by the provider and recovered after 365 days.

As a result of removing obsolete stamp conversion standards (i.e., converting stamps to other postage forms; references to the former Special Delivery service discontinued in 2007; and providing refunds for adhesive stamps affixed to unmailed matter in connection with an (USPS®) authorized marketing program), only exchanges of Semipostal stamps will be permitted.

To avoid treating similar types of customer exchanges using different standards, the Postal Service will align the exchange of similar types of postage-related items under the same established principle. Therefore, the Postal Service is extending the same provision for exchanging unusable stamped paper as for unusable stamps when spoiled in the customer's possession, which must be those on sale within 12 months before the transaction. Subsequently, this includes removing references to redemption of aerogrammes, which not have been available for purchase since 2007. Customers are reminded that previously purchased aerogrammes are currently mailable at the applicable First-Class Mail International® letter-size price.

Additional language will be included in our standards for extra service refunds to clarify that proof of receipt by the Postal Service must be included with the refund request, regardless of the postage payment method used. Proof of

acceptance (receipt by the USPS) can be valid physical USPS acceptance/mail processing scan events, a USPS-postmarked (round-dated) mailing receipt or a retail Post Office™ mailing receipt.

Customers are also reminded that postage refunds for services not rendered are not provided when a signature of the sender is not captured when the piece has been properly returned to sender. Prior to the availability of electronic scanning data [implementation of the Product Tracking System (PTS)], signatures were routinely captured for mailpieces being returned to the sender as undeliverable. Additionally, mailpieces with extra services, including those that may not include indemnity, such as Certified Mail®, Return Receipt for Merchandise, and Signature Confirmation™, are designed to capture the signature of the recipient indicated by the sender as the addressee on the mailpiece and not the signature of the sender. Clarifying language will be added to the DMM that if the sender or the sender's agent is not available to sign for returned, undeliverable Certified Mail, Return Receipt for Merchandise, and Signature Confirmation items, capturing the sender's signature is not required. Return to sender scans will still be provided in these cases.

Duplicate references to refunds not given are listed under each product section of Priority Mail Express™ (formerly Express Mail®). These references are relocated to the refund standards for Priority Mail Express Postage Refunds, section 604.9.5.

The administrative costs, associated to both the mailer and the Postal Service, to provide a Value Added Refund (VAR) will generally exceed \$50.00 making such requests a negative return on investment. Therefore, a minimum refund amount of \$50.00 per mailing is being established for VARs.

The Postal Service provides customers with an appeal process for *unfavorable rulings* on postage refund requests made to an authorized PC Postage provider. These appeals require a manual, detailed review of the denial, similar to metered indicia refunds, which were not previously accounted for in refunds standards. Therefore, the refund standards for PC Postage appeals are being aligned under the same established principles. If an appeal to an unfavorable ruling on a refund request for PC Postage indicia results in a refund being granted, the refund amount would not exceed 90 percent of the face value of the indicia. Customers are also reminded that refund requests for postage purchased through an authorized PC Postage provider must be made directly through that provider. Only appeals to an *adverse ruling* on such requests made by a provider within the allotted refund period may be directed to the Postal Service through the manager, Payment Technology, USPS Headquarters. Subsequently, in an effort to give customers additional time to reconcile their shipping

records and reduce appeals being received beyond the current refund period, the Postal Service will expand the refund period for customers to request postage refunds through their provider for PC Postage indicia containing a valid Postal Identification Code (PIC) from 10 days to 30 days.

As a result of these revisions, PS Form 3533, *Application for Refund of Fees*, will be revised to reflect the changes.

9.1.2 Unusable, Damaged Stamps or Stamped Paper

Stamps, including stamped paper (cards and envelopes), that are damaged or otherwise unusable for postage (because of humidity, moisture, or other causes) while in a customer's possession may be exchanged only for an equal number of stamps, or stamped paper, alike and of the same denomination. Unusable stamps, including stamped paper, accepted from a customer must be those on sale at Post Offices within 12 months before the transaction. Quantities of the same denomination totaling over \$10 (i.e., sheets, coils, booklets) must be returned in the same configuration as when bought. Except as provided in item e, each such transaction is limited to \$100 worth of postage from each customer. These additional conditions apply to exchanges of damaged or unusable stamps or stamped paper:

- a. Only the buyer may exchange stamped paper with a printed return address or other matter printed by the buyer.
- b. Stamped envelopes (mutilated no more than is necessary to remove contents): Postage value plus value of any added postage due to a price increase or for additional service.
- c. Unmutilated single and double stamped cards: 85% of postage value, plus full value of postage added. Unused double stamped cards printed for reply should not be separated but, if they are separated in error and the buyer presents both halves, the cards may be redeemed. Reply halves of double stamped cards returned to sender outside of the mail are not redeemable by the original buyer, even though the reply half received no postal service.
- d. Stamps affixed to commercial envelopes and postcards: 90% of postage value. Envelopes and postcards must be in substantially whole condition and in lots of at least 50 of the same denomination and value.
- e. Unused precanceled stamps in full coils and in full sheets redeemed from precanceled permit holders: 90% of postage value.

9.1.5 Semipostal Stamps

Customers may exchange semipostal stamps for their postage value (i.e., the price of the stamps less the contri-

bution amount) to the extent that exchange of postage stamps is permitted. The postage the customer exchanges is equal to the First-Class Mail single-piece one-ounce letter price in effect at the time of exchange. However, if the customer provides a receipt showing the date of purchase, the postage exchanged is equal to the postage price in effect at the time of purchase. The contribution amount is not refundable and is not included in the exchange value.

Exchanges are only authorized when the unused packaging, purchased by credit card from <http://www.usps.com/>, arrives in damaged condition.

[Add new items 9.2.4f and 9.2.4g as follows:]

- f. For postage (and/or fees for extra services not rendered) when a postmarked (round-dated) mailing receipt, retail Post Office mailing receipt or valid USPS acceptance/mail processing scan events are not available.
- g. For extra service fees, when the service could not be provided and the mailpieces are properly returned to sender as undeliverable.

9.2.5 Applying for Refund

[Revise the text of renumbered 9.2.5 as follows:]

For refunds under 9.2, the customer must apply for a refund on Form 3533; submit it to the Postmaster; and provide the envelope, wrapper (or a part of it) showing the names and addresses of the sender and addressee, canceled postage and postal markings, or other evidence of postage and fees paid. The local Postmaster grants or denies refund requests under 9.2. If the request is granted, the amount refunded may not exceed 90% of the indicia's face value when the total face value of the indicia is \$350 or less. When the total face value of the indicia is more than \$350, the amount refunded is the total face value reduced by \$35 per hour for the USPS time to process the refund, with a minimum charge of \$35. The charge is \$35 for each hour spent, with the last fraction of an hour treated as a full hour. For example, if the time to process the refund is 2 hours and 12 minutes, the charge is \$35 for 3 hours (\$105), which is deducted from the total face value of the indicia. USPS may process the refund payment via a no-fee postal money order for amounts up to \$500. Payment processing is through Accounting Service Center. Adverse rulings may be appealed through the Postmaster to the manager, Pricing and Classification Service Center (see 608.8.0), who issues the final agency decision. Refunds for postage evidencing systems postage are submitted under 9.3.

[Delete renumbered 9.2.6.]

[Renumber current 9.2.9 as new 9.2.6 and revise the title and text as follows:]

9.2.6 Postage Affixed to Business Reply Mail

A business reply mail (BRM) permit holder may request a credit to an advance deposit account for postage affixed to returned BRM pieces. A refund may be requested for postage affixed to BRM only if an advance deposit is not used or is unavailable. Only the value of the postage affixed may be credited or refunded. Refunds are not given for foreign postage affixed to BRM. The permit holder must submit a completed Form 3533 to the Postmaster documenting the excess postage payment for which a credit or refund is desired. The permit holder also must present properly faced and banded bundles of 100 (when quantities allow) identical BRM pieces with identical amounts of postage affixed. A charge of \$35 per hour, or fraction thereof, is assessed for the workhours used to process the credit or refund. Credits or refunds are not given for any BRM or QBRM per piece charges, annual accounting fees, quarterly fees, or monthly maintenance fees.

[Revise the title of 9.3 as follows:]

9.3 Refunds for Postage Evidencing Systems

[Renumber current 9.3.1 as new 9.3.7.]

[Add new item 9.3.1 as follows:]

9.3.1 Description

Postage meters and PC Postage products are collectively identified as postage evidencing systems. A postage evidencing system is a device or system of components a customer uses to print evidence that required postage has been paid. Refunds for postage and fees when payment is made by postage evidencing system indicia are granted as applicable in 9.3.2 through 9.3.12 and as follows:

- a. Refund requests must include the entire envelope or wrapper or a sufficient portion of the container showing the indicia must be included to validate that the item was never deposited with the USPS. Unused metered postage must not be removed from the mailpiece (including unmailed meter reply mail).
- b. Indicia printed on labels or tapes not adhered to wrappers or envelopes must be submitted loose and must not be stapled together or attached to any paper or other medium. Self-adhesive labels printed without a backing may be submitted on a plain sheet of paper.
- c. If a part of one indicium is printed on one envelope or card and the remaining part on one or others, the envelopes or cards must be fastened together to show that they represent one indicium.
- d. Refunds are allowable for indicia on metered reply envelopes only when it is obvious that an incorrect amount of postage was printed on them.

[Revise the title and text of 9.3.2 as follows:]

9.3.2 General Standards for Metered Indicia Refunds

Unused metered indicia are postage amounts (which may include fees) already imprinted onto any mailpiece, shipping label or meter strip (stamp) that was never mailed. Such meter indicia are considered for refund only if complete, legible, and valid. Authorized users must submit requests within 60 days of the date(s) shown in the indicia. Requests must include proof (such as a copy of the lease or contract) that the person or entity requesting the refund is the authorized user of the postage meter that printed the indicia. See 9.3.3 for additional standards applicable to dated, unused metered indicia and 9.3.4 for additional standards applicable to undated, unused metered indicia. For both types of unused metered indicia, submit refund requests as follows:

- a. The items with unused postage must be sorted by meter used and then by postage value shown in the

indicia and must be properly faced and bundled in groups of 100 identical items when quantities allow.

- b. Submit a refund request with a separate Form 3533 for each meter for which a refund is requested. Complete all identifying information and sections of the form. Charges for processing a refund request for unused, dated meter indicia are as follows, depending on the total face value of the indicia:

1. When the total face value of the indicia is \$350 or less, the amount refunded is 90% of the face value. USPS may process the refund payment via a no-fee postal money order; or
2. When the total face value of the indicia is more than \$350, the amount refunded is the total face value reduced by \$35 per hour for the USPS time to process the refund, with a minimum charge of \$35. The charge is \$35 for each hour spent, with the last fraction of an hour treated as a full hour. For example, if the time to process the refund is 2 hours and 12 minutes, the charge is \$35 for 3 hours (\$105), which is deducted from the total face value of the indicia. USPS may process the refund payment via a no-fee postal money order for amounts up to \$500. Payment processing for refunds of \$500.01 or more is through the Accounting Service Center.

- c. If a request is denied, the authorized user may appeal within 30 days of the ruling to the Manager, Pricing and Classification Center (see 608.8.0), who issues the final agency decision. The original meter indicia must be submitted with the appeal.

[Renumber current 9.3.3 as new 9.3.10.]

[Add new 9.3.3 as follows:]

9.3.3 Dated, Unused Meter Indicia

Refund requests for dated, unused meter indicia must be submitted to the local Post Office, under 9.3.1 and 9.3.2. The request is processed by the local Postmaster, who grants or denies the refund.

[Revise the title and text of 9.3.4 as follows:]

9.3.4 Undated, Unused Meter Indicia

Authorized users, or the commercial entity that prepared the mailing for the authorized user, must submit refund requests for undated, unused meter indicia under 9.3.1 and as follows:

- a. The request must include a letter signed by the authorized user, or by the commercial entity that prepared the mailing, explaining why the mailpieces were not mailed.
- b. The minimum quantity of unused, undated metered postage that may be submitted for refund is 500

pieces from a single mailing or indicia with a total postage value of at least \$500 from a single mailing.

- c. Supporting documentation must be submitted to validate the date.

Examples of supporting documentation include the job order from the customer, production records, the USPS qualification report, spoilage report, and reorders created report, as well as customer billing records, postage statements, and a sample mailpiece.

- d. The request must be submitted (with the items bearing unused postage and the documentation) to the manager, business mail entry at the USPS district overseeing the mailer's local Post Office, or to a designee authorized in writing. The manager or designee approves or denies the refund request.

[Renumber current 9.3.5 as new 9.3.9.]

[Renumber current 9.3.6 as new 9.3.5.]

9.3.5 Ineligible Metered Postage Items

The following metered postage items are ineligible for refunds:

[Revise renumbered item 9.3.5a as follows:]

- a. Meter reply pieces unless an incorrect postage price was printed.

* * * * *

[Revise renumbered item 9.3.5c as follows:]

- c. Loose indicia printed on labels or tape that have been stapled together or attached to paper or other medium, except under 9.3.2c.

[Revise renumbered item 9.3.5e as follows:]

- e. Indicia printed on mail returned to sender as undeliverable as addressed.

[Delete current 9.3.7, Refunds for Metered Postage, in its entirety and renumber current 9.3.8 as new 9.3.6.]

9.3.6 Rounding Numerical Values

[Revise the text of renumbered 9.3.6 as follows:]

Any fraction of a cent in the total to be refunded is rounded down to the whole cent. Any such rounding is unrelated to calculating a 90% maximum.

[Revise the title and text of renumbered 9.3.7 as follows:]

9.3.7 Unused Postage Value in Meter

The unused postage value remaining in a meter system when withdrawn from service may be refunded, depending upon the circumstance and the ability of the USPS to make a responsible determination of the actual or approximate amount of the unused postage value. When postage meters are withdrawn because of faulty operation, a final postage adjustment or refund will be withheld pending the

system provider's report of the cause. Once provided, the USPS will make the determination of whether a refund is warranted and any refund amount, if applicable. When a meter damaged by fire, flood, or similar disaster is returned to the provider, postage may be refunded or transferred when the registers are legible and accurate, or the register values can be reconstructed by the provider based on adequate supporting documentation. When the damaged meter is not available for return, postage may be refunded or transferred only if the provider can accurately determine the remaining postage value based on adequate supporting documentation. The authorized user may be required to provide a statement as to the cause of the damage and the absence of any reimbursement by insurance or otherwise, and that the authorized user will not also seek such reimbursement. No refund is given for faulty operation caused by the authorized user, for a decertified meter, or if a meter is reported lost by the provider and recovered after 365 days. Refunds for unused postage value in meter systems are provided as follows:

- a. Authorized users must notify their provider to withdraw the meter and to refund any unused postage value remaining on it.
- b. The meter must be examined to verify the amount before any funds are cleared from the meter. Based on what is found, a refund or credit may be initiated for unused postage value, or additional money owing for postage value used.
- c. The provider forwards the refund request to the USPS for payment or credit to the authorized user's mailing account.
- d. The USPS will not issue individual customer refunds for unused postage value less than \$25 remaining in a meter.

[Add new 9.3.8 as follows:]

9.3.8 General Standards for PC Postage Indicia Refunds

Unused PC Postage indicia are considered for refund only if complete, legible, valid, and documented pursuant to 9.3.1. See 9.3.9 for additional standards applicable to requests for undated unused PC Postage indicia, and 9.3.10 and 9.3.11 for additional standards applicable to requests for refunds of dated unused PC Postage indicia. For all types of unused PC Postage indicia, submit refund requests as follows:

- a. Only authorized PC Postage users may request a refund.
- b. The PC Postage system provider grants or denies a request for a refund for PC Postage indicia using established USPS criteria.

- c. If a request is denied, the authorized user may appeal within 30 days of the adverse ruling through the manager, Payment Technology, USPS Headquarters (see 608.8) who issues the final agency decision. Requests for appeal must include the physical submission of the original label. If the exact numerical value of postage paid is not displayed in the indicia, the customer must submit the corresponding transaction log. The customer's specific reason for requesting the appeal must be included. If the appeal to an unfavorable refund request ruling results in a refund being granted, the amount refunded may not exceed 90% of the indicia's face value.

[Revise the text of renumbered 9.3.9 as follows:]

9.3.9 Unused, Undated PC Postage Indicia

9.3.10 Unused, Dated PC Postage Indicia With PIC

- b. Requests must be initiated for within thirty (30) days of printing the indicia.
- c. If a postage refund is granted, the original physical shipping label must be destroyed by the authorized user.
- d. The provider may, at its discretion, charge for processing a refund request.

[Add new 9.3.11 and 9.3.12 as follows:]

9.3.11 Unused, Dated PC Postage Indicia Without PIC

Requests for refund of dated, unused PC Postage indicia which do not have an associated package identification

code (PIC) must be submitted as provided in 9.3.1 and as follows:

- b. The provider may, at its discretion, charge for processing a refund request.

9.3.12 Unused Postage Value in PC Postage Systems

Authorized users must notify their PC Postage provider to withdraw a system and to refund any unused postage value remaining in that account. The provider refunds the unused postage value remaining in the user's system on behalf of the USPS. Individual customer refunds are not issued for unused postage value less than \$25 remaining in a PC Postage system.

IMM Correction: Registered Mail Service Available With First-Class Package International Service

The article titled “IMM Revision: Changes to Pricing and Mailing Standards for International Mailing Services” in *Postal Bulletin* 22352 (12-13-12, pages 52–56 and 81–84) included many revisions that incorporated the mailing standards for the newly introduced First-Class Package International Service™ (which became effective January 27, 2013).

However, in that article and in the edition of *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) published January 27, 2013, and in the subsequent editions of the IMM through June 2013, the section about Registered Mail™ service in the IMM’s Individual Country Listings (ICLs) inadvertently failed to note that Registered Mail service is available with First-Class Package International Service (although its availability was listed in other places in the IMM).

Accordingly, and consistent with IMM 332d, we are revising the ICLs that offer Registered Mail service to note that it is available with First-Class Package International Service.

IMM Revision: Eligible Items for “Known Mailers”

Effective July 28, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) section 123.623 to reflect new eligibility standards for items that can be mailed under the “known mailer” standards without a customs declaration form.

Under these revised standards, known mailers will be authorized to mail letter-size, flat-size, or package-size (small packet) items containing goods of nominal value (less than \$1.00) when mailed in conjunction with communications or informational materials for which no customs declaration form is required in the destination country. The following conditions also apply:

- The mailpieces must not require an export license.
- The mailpieces must not contain dangerous or prohibited items under IMM 135 or 136, or be otherwise prohibited by the destination country

- The mailpieces cannot be destined to an E:1 country listed in Title 15, Code of Federal Regulations, Section 740, Supplement 2 (15 CFR 740, Supp. 2). (Currently, these countries are Cuba, Iran, North Korea, Sudan, and Syria.)
- The mailpieces cannot contain any items listed in the Commerce Control List (15 CFR 774) or the U.S. Munitions List (22 CFR 121).

Previously, under this exception, the Postal Service authorized the mailing of only hard copy printed or recorded media without a customs declaration form.

IMM Revision: Foreign Office of Exchange Code for IPA and ISAL Service to France and Mauritius

Effective September 3, 2013, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) Exhibits 292.452 and 293.452 to update the foreign office of exchange codes for International Priority Airmail™ (IPA®) items sent to Mauritius, and for International Surface Air Lift® (ISAL®) items sent to France and Mauritius.

Periodically, the Postal Service receives such requests from foreign posts to facilitate operational needs. In this case, these foreign posts requested that these updates be implemented as soon as possible. However, in order to provide mailers the time needed to make necessary logistic and software changes, we are not requiring this change from mailers until September 3, 2013. Publications

Publication 75, Mover's Guide, News

What's New?

As of July 1, 2013, recycle any old copies of Publication 75, *Mover's Guide*. All Post Offices™ should receive the new July–September 2013 issue of Publication 75 by June 30, 2013. Similar to last quarter's shipment, the total quantity of *Mover's Guide* copies sent to your facility may have been reduced. In an effort to reduce waste and account for more customers submitting change-of-address orders online, fewer *Mover's Guide* copies are needed. There are several things you can do to conserve as well:

- Make sure customers are aware that *USPS.com*® is the most convenient, safe, and secure way for customers to submit a change-of-address order.
- Encourage carriers to take ICOA message cards on their routes instead of *Mover's Guide* copies.
- Give *Mover's Guide* copies out to *moving* customers only.

Important Reminders

- Copies of *Mover's Guide* must be kept behind the counter *ONLY*, not in inner or outer lobbies or on clerk counters.

- Customers unwilling or unable to submit their change of address at www.usps.com should be given a complete, *unopened* copy of *Mover's Guide*.
- Provide *no more than three* copies of *Mover's Guide* to each customer.
- *Mover's Guide* is printed and distributed four times a year.

Shipment Information and Inventory Management

Offices will continue to receive copies of *Mover's Guide* in one or two shipments. The first shipments should arrive by the end of June. The second shipments will arrive 3 to 5 weeks later.

- Boxes with BLUE stickers are the first shipment for this print run.
- Boxes with YELLOW stickers are the second and final shipment for this print run.

To track or find your office's shipment information, go to http://blue.usps.gov/purchase/operations/ops_downloads.htm and click *Mover's Guide (Pub 75) Distribution for July–September 2013*. Use the CTRL+ F Function while the "Fedstrip" Column is highlighted to search for your office.

To request a shipment quantity change, call Imagitas at 800-816-6837.

ICOA Message Card Information

If your Post Office™ has an ICOA message card display, replenishment cards and updated banners will be mailed with your *Mover's Guide* shipments. DO NOT THROW AWAY THE DISPLAY OR ICOA MESSAGE CARDS — THEY DO NOT EXPIRE. The display is REQUIRED to be in

the lobby and expected to have the ICOA message cards in it at all times.

If any Post Office runs out of ICOA message cards between shipments, use the website at <http://imagitas.com/contact/postal-request-form/> or call 800-816-6837 for replenishment.

Forms

PS Form 8230 is Going Away.

Effective October 1, 2013, the Scanning and Imaging Center (SIC) will no longer accept or process PS Form 8230, *Authorization for Payment*, for the local purchase of goods and services. Our preferred payment options are in the following order of priority:

1. eBuy2 catalogs.
2. National or area contracts.
3. Local suppliers that accept credit cards.

In the absence of eBuy2 catalogs or contract options, local buying from suppliers who accept credit cards is required. Current suppliers who do not accept credit cards should be advised to accept credit card payments as soon as possible, if they want to continue providing products and services to the Postal Service™ past the October 1 deadline.

Current suppliers who cannot accommodate the change should be replaced by suppliers who accept credit cards. Local buyers should begin making purchases from suppliers that accept credit cards as soon as possible before the October 1 deadline.

Local buyers who have questions about replacing a supplier or using other credit card payment options should contact the Purchasing Shared Services Center at 877-293-2410.

Also effective October 1, 2013, new PS Form 2551 will replace use of PS Form 8230 for the payment of non-goods and services, such as:

- Tort claims.
- OSHA fines.
- Health Benefits 202 reimbursements.
- Office of Workers' Compensation programs.
- Other private and governmental third-party fees and transactions.

Please do not send any PS Form 8230s to the SIC after September 30, 2013. They will be returned to your office for proper disposition. This may result in additional contract expenses and/or late payments, which will expose local offices to Prompt Payment Act penalty charges.

Mail Service Updates Site Now Called USPS Service Alerts

Mail Service Updates on usps.com now has a new look and a new name — **USPS Service Alerts**.

USPS Service Alerts provides customers with near real-time information about postal facility service disruptions due to weather-related issues and other natural disasters or events. The webpage is organized to provide consumers and business mailers with more complete, timely information

on what matters to them — mail delivery and Post Office™ retail service in an affected area as well as operational planning details for business and international mailers.

"Feedback from residential customers and business mailers following natural disasters like Hurricane Sandy prompted us to take a close look at Mail Service Updates," said Consumer Advocate Krista Finazzo. "We wanted more effective communication with our customers during service interruptions. Now, residential consumers and business mailers have an easy, online location to learn the operating status of Post Office and mail processing facilities."

The upgraded page provides commercial mailers with more detailed information on the operating status of mail processing facilities and delivery units, which allows them to better plan drop shipments and other operational activities. Other improvements include a new section for residential customers who can now learn whether their mail is being delivered or if their Post Offices are open.

USPS Service Alerts can now be found on usps.com or at <http://about.usps.com/news/service-alerts/welcome.htm>.

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in *italics* under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Pollution Prevention Tips

It makes good business sense to be a waste watcher — to reduce waste — to even wage war against waste. You've probably heard the old sayings "Haste makes waste," and "Waste not, want not." But have you ever taken the time to think about what these sayings mean — and if they still apply today? If you rush through a job without taking the time to think about it or do it properly, "Haste makes waste." The same is true when you make purchases. If you take the time to buy just what you need and use up what you buy, you can eliminate waste. Purchase environmentally preferred products, especially those made of recycled content. These are the basic principles of pollution prevention, and your efforts will aid in reducing our impact on the environment.

Did You Know?

- The Postal Service recycled over 253,000 tons of material in 2012.
- Recycling not only helps the environment and reduces waste, it generates revenue for the Postal Service — \$23.8 million in fiscal year 2012.
- Buying recycled products reduces the amount of material going to landfills.
- In a lifetime, the average American will throw away 600 times his or her weight in garbage, which leaves behind a legacy of 90,000 pounds of trash for his or her children. Between 1970 and 2003, one trillion aluminum cans, worth over \$15 billion, were sent to landfills.

What Does Pollution Prevention Mean to the Postal Service?

The time and money spent on waste management, storage, and disposal can be better spent on improving our facility operations, mail delivery performance, customer satisfaction, and employee work environment. A fundamental principle of waste reduction is to avoid creating it! If you can't avoid it, reduce it, reuse it, or recycle it. By following these principles, we all become leaner, greener, and smarter.

What Can You Do?

The easiest way to put pollution prevention into practice at work and at home is to buy only what you need. Jumbo sizes that offer a discounted price for ordering twice the amount you need is not always the best solution.

What Should Employees Know?

Reduce. Common sense can lead to immediate success in pollution prevention as well as cost savings:

- **Say no to leftovers.** Use all products up entirely.

- **Don't use unauthorized products or bring products from home.** The Postal Service is committed to eliminating toxic chemicals from the work place.
- **Prevent spills.** Minimize spills by using drip pans and secondary containment, and never change vehicle oil in the parking lot.
- **Keep dumpsters locked.** An open dumpster can easily become a "community" dumpster and raise USPS waste disposal costs.
- **Buy re-usable coffee cups.** If you switch from paper cups to reusable mugs, you can eliminate 25 pounds of unrecyclable paper waste annually.

Reuse. Waste that can't be reduced should be reused. Reuse of materials which would otherwise become waste is important for pollution prevention:

- **Reuse Mail Transportation Equipment (MTE).** Make sure MTE that cannot be reused, is sent to the local Mail Transportation Equipment Service Center (MTESC).
- **Protect recyclables.** Store recyclable materials such as cardboard in dry areas.
- **Use rechargeable batteries.** Rechargeable batteries can last up to three years with as many as 500 to 800 charge-recharge cycles. It beats "one time use" alkaline batteries.
- **Use reusable shopping bags.** You can get reusable bags for free in many cases. Bringing your bag eliminates all waste disposal issues with paper or plastic bags.
- **Reuse elastic bands.** If every carrier collected and reused our elastic bands, the Postal Service would save a million dollars a year.

Recycle. If you can't reuse it, recycle it. Recycle whatever you can, whenever you can. Do this at home and at work to prevent pollution and create a more sustainable environment.
