Summary Narrative

Background

The Columbia MO P&DC is a postal owned facility that processes originating and destinating volumes for the service area of SCF 620, 622, 628-631, 633-634, 636-639. The Columbia facility is 102,814 square feet and is located 128 miles from St. Louis MO P&DC.

The Mail Processing Facility Review (MPFR) proposal to move originating mail and packages from Columbia MO P&DC to St. Louis MO P&DC was announced on 10/18/2023 under the Delivering for America plan, which includes strategies for the development of a mail processing network that enables more precise, efficient, and reliable service. By using best-in-class logistics practices, the Postal Service is driving efficiency and service performance improvement to fuel revenue growth and customer

Facility Future

The Columbia MO facility is <u>not</u> closing and will remain open and be modernized as a Local Processing Center (LPC).

Customer Service Impacts

Retail and business mail acceptance services currently provided would not change due to the MPFR implementation. A local postmark is still available at retail locations. There are no changes to collection box times.

Service Standard Impacts

There will be no changes to Service Standards due to this MPFR. There will be an expected 910 Origin/Destinating Pairs that will receive service performance upgrades and no service performance downgrades.

Local Workforce Impact

There will be no career layoffs as part of this initiative. The Postal Service is a responsible employer and will be working closely with the unions and management associations to work through this initiative. The Postal Service will follow requirements of the collective bargaining agreements where they apply and all applicable postal policies.

Financial Summary

The annual baseline for the MPFR study represents the period of October 01, 2022, through Ju30,

The MPFR shows an estimated annual savings between \$1.7M to \$2.2M. There are no one-time costs for this MPFR.

Maintenance

The MPFR is projecting an annual maintenance savings due to supporting different equipment sets The MPFR identified a net reduction of 7 craft positions and 2 management positions. Maintenance staffing packages will be performed after implementation of this MPFR to determine actual impacts.

Transportation

Transportation supporting the Columbia MPFR study contains both PVS and HCR service. The MPFR shows an annual savings due to modifying and eliminating existing HCR routes and PVS trips as necessary. The MPFR has identified no staffing impacts at this time.

Space Impacts and One-Time Costs

There are no one-time costs for this MPFR. Any space in Columbia made available due to the transfer of operations to the St. Louis P&DC would be evaluated for future utilization.

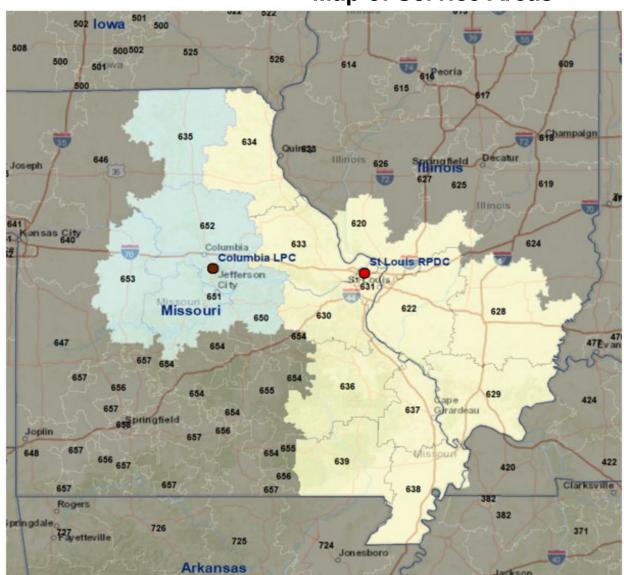

Conclusion

The Columbia facility will remain open and be modernized as a Local Processing Center (LPC). There will be no career layoffs as part of this initiative.

The MPFR identified a total net reduction of positions as being (11) craft positions and (2) management positions.

The Columbia to St. Louis P&DC MPFR projects a first-year savings between \$1.7M to \$2.2M. There will be no one time cost savings. The projected total annual savings is between \$1.7M to \$2.2M.

This go-forward plan for the Columbia facility will help USPS achieve the core goals of our Delivering for America plan: financial sustainability for our organization and improved service reliability for our
