Mike L. Barber  
*Vice President, Processing and Maintenance Operations*

Mike Barber was named vice president, Processing and Maintenance Operations, in August 2020. He reports directly to the chief processing and distribution officer and oversees Processing Operations, Maintenance Operations, International Operations and Operations Integration and Support.

Barber began his career in 1990 as a distribution clerk trainee at the North Texas Processing and Distribution Center in Coppell, and has held a variety of supervisory positions at processing and distribution centers in Texas, Oklahoma and New York.

In Texas, he was supervisor, distribution operations, at the North Texas facility; a manager in Austin; and a senior plant manager in Fort Worth. He was manager, distribution operations, in Tulsa, OK, and in New York, he was a manager in Utica and a plant manager in Syracuse.

In 2006, he was selected as manager, Operations Support, for the Southern Area, and in 2011, as controller for the Southern Area.

Barber is a graduate of the Postal Service’s Advanced Leadership Program and is a Lean Six Sigma Green Belt.
